Persian Royal-Judaean Elite Engagements in the Early Teispid and Achaemenid Empire Jason M. Silverman, 2019-11-14 Jason Silverman presents a timely and necessary study advancing the understanding of Achaemenid ideology and Persian Period Judaism While the Achaemenid Persian Empire c 550-330 BCE dwarfed all previous empires of the Ancient Near East in both size and longevity the royal system that forged and preserved this civilisation remains only rudimentarily understood as is the imperial and religious legacy bequeathed to future generations In response to this deficit Silverman provides a critically sophisticated and interdisciplinary model for comparative studies While the Achaemenids rebuilt the Jerusalem temple Judaean literature of the period reflects tensions over its Persian re-establishment demonstrating colliding religious perspectives Although both First Zechariah 1:8 and Second Isaiah 40:55 are controversial the greater imperial context is rarely dealt with in depth both books deal directly with the temple's legitimacy and this ties them intimately to kings' engagements with cults Silverman explores how the Achaemenid kings portrayed their rule to subject minorities the ways in which minority elites reshaped this ideology and how long this impact lasted as revealed through the Judaean reactions to the restoration of the Jerusalem temple

The Handbook of Lithium-Ion Battery Pack Design John T. Warner, 2024-05-14 The Handbook of Lithium Ion Battery Pack Design Chemistry Components Types and Terminology Second Edition provides a clear and concise explanation of EV and Li-ion batteries for readers that are new to the field The second edition expands and updates all topics covered in the original book adding more details to all existing chapters and including major updates to align with all of the rapid changes the industry has experienced over the past few years This handbook offers a layman's explanation of the history of vehicle electrification and battery technology describing the various terminology and acronyms and explaining how to do simple calculations that can be used in determining basic battery sizing capacity voltage and energy By the end of this book the reader will have a solid understanding of the terminology around Li-ion batteries and be able to undertake simple battery calculations The book is immensely useful to beginning and experienced engineers alike who are moving into the battery field Li-ion batteries are one

of the most unique systems in automobiles today in that they combine multiple engineering disciplines yet most engineering programs focus on only a single engineering field This book provides the reader with a reference to the history terminology and design criteria needed to understand the Li ion battery and to successfully lay out a new battery concept Whether you are an electrical engineer a mechanical engineer or a chemist this book will help you better appreciate the inter relationships between the various battery engineering fields that are required to understand the battery as an Energy Storage System It gives great insights for readers ranging from engineers to sales marketing management leadership investors and government officials Adds a brief history of battery technology and its evolution to current technologies Expands and updates the chemistry to include the latest types Discusses thermal runaway and cascading failure mitigation technologies Expands and updates the descriptions of the battery module and pack components and systems Adds description of the manufacturing processes for cells modules and packs Introduces and discusses new topics such as battery as a service cell to pack and cell to chassis designs and wireless BMS

Iconographic Exegesis of the Hebrew Bible / Old Testament Izaak Jozias de Hulster, Brent A. Strawn, Ryan P. Bonfiglio, 2015-10-28 Iconographic exegesis combines the study of biblical texts exegesis with the study of ancient expressions of visual art iconography Studying ancient visual art that is contemporary with the documents of the Old Testament gives remarkable insight not only on the meaning and historical context of the biblical text but also because it facilitates greater understanding of how the ancient authors and audiences saw thought and made sense of the world Iconography thus merits close attention as another avenue that can lead to a more nuanced and more complete understanding of the biblical text Each chapter of this book provides an exegesis of a particular biblical text or theme The book is organized around the tripartite structure of the Hebrew Bible and demonstrates that iconographical exegesis is pertinent to every nook and cranny of the Bible Within the three parts there is special emphasis on Genesis Isaiah and the Psalms in order to make the book attractive for classes that deal with one or more of these books and might therefore include an iconographic perspective In addition to connecting with a major issue in biblical interpretation theology or visual studies each chapter will end with one or two exercises directing the reader student to comparable texts and images enabling them to apply what was described in the chapter for themselves This approach enables beginners as well as advanced readers to integrate iconography into their toolbox of exegetical skills

Affect, Emotion, and Subjectivity in Early Modern Muslim Empires: New Studies in Ottoman, Safavid, and Mughal Art and Culture Kishwar Rizvi, 2017-11-06 Affect Emotion and Subjectivity in Early Modern Muslim Empires presents new approaches to Ottoman Safavid and Mughal art and culture Taking artistic agency as a starting point the authors consider the rise in status of architects the self fashioning of artists the development of public spaces as well as new literary genres that focus on the individual subject and his or her place in the world They

consider the issue of affect as performative and responsive to certain emotions and actions thus allowing insights into the motivations behind the making and in some cases the destruction of works of art The interconnected histories of Iran Turkey and India thus highlight the urban and intellectual changes that defined the early modern period Contributors are Sussan Babaie Chanchal Dadlani Jamal Elias Emine Fetvacı Christiane Gruber Sylvia Houtgeling Kishwar Rizvi Sunil Sharma and Marianna Shreve Simpson

Robert Rauschenberg and Surrealism Gavin Parkinson, 2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959 69 In the face of Rauschenberg's avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist's oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg's key works on that basis By viewing Rauschenberg's art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist's work was turned towards political interpretation By analysing Rauschenberg's art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history

Interpreting Herodotus Thomas Harrison, Elizabeth K. Irwin, 2018 Charles W. Fornara's Herodotus An Interpretative Essay Oxford 1971 was a landmark publication in the study of the great Greek historian Well known in particular for its main thesis that the Histories should be read against the background of the Atheno-Peloponnesian Wars during which it was written its insight and penetrating discussion extend to a range of other issues from the relative unity of Herodotus' work and the relationship between his ethnographies and historical narrative to the themes and motifs that criss-cross the Histories how history became moral and Herodotus didactic Interpreting Herodotus brings together a team of leading Herodotean scholars to look afresh at the themes of Fornara's seminal Essay in the light of the explosion of scholarship on the Histories in the intervening years focusing particularly on how we can interpret Herodotus' work in terms of the context in which he wrote What does it mean to talk of the unity of the Histories or Herodotus' moral purpose How can we reconstruct the context in which the Histories were written and published And in what sense might the Histories constitute a warning for his own or for subsequent generations In developing and interrogating Fornara's influential ideas for a new generation of scholars the volume also offers a wealth of insights and new perspectives on the Father of History that attests to the vibrancy and diversity of contemporary engagement with Herodotus

The Automobile and American Life, 2d ed. John Heitmann, 2018-08-14 Now revised and updated this book tells the story of how the automobile transformed American life and how automotive design and technology have changed over time It details cars' inception as a mechanical curiosity and

later a plaything for the wealthy racing and the promotion of the industry Henry Ford and the advent of mass production market competition during the 1920s the development of roads and accompanying highway culture the effects of the Great Depression and World War II the automotive Golden Age of the 1950s oil crises and the turbulent 1970s the decline and then resurgence of the Big Three and how American car culture has been represented in film music and literature Updated notes and a select bibliography serve as valuable resources to those interested in automotive history

The Limits of Universal Rule Yuri Pines, Michal Biran, Jörg Rüpke, 2021-01-21 The first comparative study to explore the dynamics of expansion and contraction of major continental empires in Eurasia

Supplanting Empires Kendall Stiles, 2024-12-15 What happens when one empire or hegemon cedes the global stage to a rising power Supplanting Empires Power Transitions Across Human History argues that historically such power transitions tend to be relatively smooth resulting in the preservation of the status quo with respect to the global order and institutions This stems from the tendency of rising powers to be closely associated with declining powers to the point that they generally support and perpetuate the old ways of governing They maintain similar governing institutions retain ties to the former empire's allies and generally endorse the declining empire's ideology and norms The violence involved in such transitions tends to be limited and societies and economies are typically left undisturbed To test this proposition Kendall Stiles and his students undertake a systematic study of numerous power transitions across millennia of human history The implications of these findings have considerable relevance with respect to the contemporary power struggle between the United States and China

The Grand Strategy of Classical Sparta Paul Anthony Rahe, 2015-01-01 A fresh appreciation of the pivotal role of Spartan strategy and tactics in the defeat of the mightiest empire of the ancient world More than 2500 years ago a confederation of small Greek city states defeated the invading armies of Persia the most powerful empire in the world In this meticulously researched study historian Paul Rahe argues that Sparta was responsible for the initial establishment of the Hellenic defensive coalition and was in fact the most essential player in its ultimate victory Drawing from an impressive range of ancient sources including Herodotus and Plutarch the author veers from the traditional Atheno-centric view of the Greco-Persian Wars to examine from a Spartan perspective the grand strategy that halted the Persian juggernaut Rahe provides a fascinating detailed picture of life in Sparta circa 480 B.C. revealing how the Spartans form of government and the regimen to which they subjected themselves instilled within them the pride confidence discipline and discernment necessary to forge an alliance that would stand firm against a great empire driven by religious fervor that held sway over two fifths of the human race

Dance with Me Solomon Quaynor, 2015-08-27 Dance With Me takes its name from one of the poems in this collection The title serves as a metaphor for the interaction of the different characters and the diverse ways they relate to each other It also portrays my continuing growth and development as a poet The most efficient method I have to describe the way the characters interact is by looking at how the manuscript is divided thematically I will address this issue first and subsequently look at how the work

as a whole depicts my development as a writer in general and specifically as a poet
