Lloyd Morgan,2017-10-14 Excerpt from Habit and Instinct I wish that dedications were still in vogue so that these pages could be inscribed to all those many friends whose unfailing kindness and courtesy made my visit to the United States so pleasant when the substance of this volume was delivered as a Lowell Course at Boston and as lectures in New York Chicago and other university centres during the early part of this year The reader will doubtless be glad to learn that further observations and they are much needed on habit and instinct will probably form part of Prof Whitman's work at an experimental station in connection with the Biological Department of Chicago University Similar observations might also be prosecuted with advantage in some of our own zoological gardens as was the earnest wish of George Romanes to whose influence and encouragement I am like many others so deeply indebted About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works     *Guide to Reprints* Albert James Diaz,2008     Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1910     *National Union Catalog* ,1978     **Pure and Applied Science Books, 1876-1982** ,1982 Over 220 000 entries representing some 56 000 Library of Congress subject headings Covers all disciplines of science and technology e g engineering agriculture and domestic arts Also contains at least 5000 titles published before 1876 Has many applications in libraries information centers and other organizations concerned with scientific and technological literature Subject index contains main listing of entries Each entry gives cataloging as prepared by the Library of Congress Author title indexes     **Bookseller and the Stationery Trades' Journal** ,1874     *Foundations of Animal Behavior* Lynne D.
