O'Brien, 2017-09-17 Excerpt from A Hidden Phase of American History Ireland's Part in America's Struggle for Liberty The work divides itself easily into three parts one devoted to laying bare the heart of the Irish race in Ireland during the War for Independence as beating in sympathy with the revolted Colonies in America and therein refuting the statements of Bancroft founded upon one sided quotation and misread information and involving suppression of important historical facts In its way it is as conclusive as the other parts of the work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Hidden Phase of American History; Ireland's Part in America's Struggle for Liberty** Michael Joseph O'Brien, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *A Hidden Phase of American History* Michael J. Breslin, 2011-10-05 Positing that presidents shape America's foreign policy according to their ethnic heritage this intriguing volume examines two groups that have dominated the

presidency and the distinctly different agendas that have resulted How is American foreign policy determined The Great Anglo Celtic Divide in the History of American Foreign Relations approaches that question from a fascinating perspective arguing that to a large extent the answer lies in the ethnicity of the president To make its point this book examines the key foreign policies of American presidents from George Washington to George W Bush and shows how their most important foreign policy decisions have tended to follow an ethnic pattern The presidency has been dominated by Americans from English or Celtic backgrounds since the nation s founding and as readers will discover the foreign policies of the two groups have been very different To document those differences this book analyzes seven alternating periods of political domination by Anglo Americans and Celtic Americans demonstrating how the cycle of change affected the shape and distinguishing characteristics of U S foreign policy in matters of war and peace and in relations with other countries *Irish-American Trade, 1660-1783* Thomas M.
