Milligan, 2014-09-24 *Hair Headwear and Orthodox Jewish Women* comments on hair covering based on an ethnographic study of the lives of Orthodox Jewish women in a small non metropolitan synagogue It brings the often overlooked stories of these women to the forefront and probes questions as to how their location in a small community affects their behavioral choices particularly regarding the folk practice of hair covering A kallah or bride makes the decision as to whether or not she will cover her hair after marriage In doing so she externally announces her religious affiliation in particular her commitment to maintaining an Orthodox Jewish home Hair covering practices are also unique to women s traditions and point out the importance of examining the women especially because their cultural roles may be marginalized in studies as a result of their lack of a central role in worship This study questions their contribution to Orthodoxy as well as their concept of Jewish identity and the ways in which they negotiate this identity with ritualized and traditional behavior ultimately bringing into question the meaning of tradition in a modern world

Innes, Jr, 2021-04-30 This book explores the fascinating world of religious hair observances within six religious traditions that account for 77% of the world s adherents Judaism Christianity Islam Hinduism Buddhism and Sikhism Symbolic use of hair has been and remains prevalent in all six and carries significant amounts of religious and social meaning Hair is a unique body substance It can be shaped and colored removed from us without pain but still retain an individual s essence signal our age sex and sexual maturity and much much more The book s approach is to situate each practice within its tradition That requires a study of its foundational leaders and their teachings sacred texts where they mention hair its rites and rituals ideas of religious power and subsequent historical development Contemporary practitioners are interviewed for their motivations Even more insight can be gleaned by searching beyond an overt religious purpose Social scientists from anthropology sociology psychology and related fields bring their research to deliver added perceptions The author reveals how hair practices are created from ancient psychological and cultural impulses become modified by time culture and religious intent and are adopted by adherents for reasons ranging from personal religious expression to group identity This book is written for the interested observer of our increasingly diverse society and for the student of comparative religion and sociology It will change forever how you see hair

**The Veil** Jennifer Heath, 2008-07-02 Veiling is a globally polarizing issue a locus for the struggle between Islam and the West and between contemporary and traditional interpretations of Islam This book examines the vastly misunderstood and multi layered world of the veil It explores and analyzes the cultures politics and histories of veiling     *A Cultural History of Jewish Dress* Eric Silverman, 2013-01-01 A Cultural History of Jewish Dress is the first comprehensive account of Jewish clothing both profane and sacred from its origins through to the present day Fascinating and accessibly written it will appeal to anybody with an interest in the central role of clothing in defining Jewish identity     Expanding the Palace of Torah

Tamar Ross, 2021-07-30 *Expanding the Palace of Torah* offers a broad philosophical overview of the challenges the women's revolution poses to Orthodox Judaism as well as Orthodox Judaism's response to those challenges. Writing as an insider herself an Orthodox Jew Tamar Ross confronts the radical feminist critique of Judaism as a religion deeply entrenched in patriarchy. Surprisingly very little work has been done in this area beyond exploring the leeway for ad hoc solutions to practical problems as they arise on the halakhic plane. In exposing the largely male focused thrust of the rabbinic tradition and its biblical grounding she sees this critique as posing a potential threat to the theological heart of traditional Judaism the belief in divine revelation. This new edition brings this acclaimed and classic text back into print with a new essay by Tamar Ross which examines new developments in feminist thought since the book was first published in 2004. [Women Framing Hair](#)

Heather Hanna, 2015-05-13 This book explores the complex and enigmatic motif of hair in the work of five contemporary women artists: Chrystl Rijkeboer, Alice Maher, Annegret Soltau, Kathy Prendergast and Ellen Gallagher from the late 1970s to the present. It investigates why hair is such a productive and resonant site of meaning, how it is suggestive of and responds to serial strategies and why it appears to be of particular significance to women who are artists. It explores the implications of hair as an embodied material, its role as a haptic metaphor of the life cycle and what might be seen as a darker, more liminal side of hair as a site of excess and body waste and its ability to represent trauma and wounding. It also discusses some of the divergent histories of hair as a rich marker of identity in cultural discourses of beauty, myth and femininity and as a symbol of status and power. Informed by a range of theoretical approaches, this book draws on Julia Kristeva's theorizations of the abject, Hélène Cixous's notion of *écriture féminine* and a Deleuzian consideration of difference. *Encyclopedia of Jewish Folklore and Traditions*

Raphael Patai, 2015-03-26 This multicultural reference work on Jewish folklore, legends, customs and other elements of folk life is the first of its kind. **The Qur'an, Morality and Critical Reason**

Muhammad Shahrur, 2009-03-15 This book presents the work and ideas of the Syrian writer Muhammad Shahrur to the English speaking world. Shahrur is at the moment the most innovative intellectual thinker in the Arab Middle East. Often described as the Martin Luther of Islam, he offers a liberal progressive reading of Islam that aims to counter the influences of religious fundamentalism and radical politics. Shahrur's innovative interpretation of the Qur'an offers groundbreaking new ideas based on his conviction that centuries of historical Islam, including scholarship in the traditional Islamic religious sciences, have obscured or even obliterated the Qur'an's progressive and revolutionary message. That message is one that has endured through each period of human history in which Islam has existed, encouraging Muslims to apply the most contemporary perspective available to interpret the Qur'an's meaning. **Minhagim**

Joseph Isaac Lifshitz, Naomi Feuchtwanger-Sarig, Simha Goldin, Jean Baumgarten, Hasia Diner, 2019-12-16 Parallel to the Halakhic laws, the minhagim customs are dependent on local practices and the regional schools of sages and rabbis. The minhagim played a decisive role in the history of the Jewish communities and in the formation of traditions of religious rulings. They gave stability, continuity

and authority to the local institutions The impact of Jewish custom on daily life cannot be overestimated Evolving spontaneously as an ascending process it presents undercurrents that emanate from the folk gradually bringing about changes that eventually become part of the legislative code It further reflects influences of social cultural and mythological tendencies and local historical elements of every day life of the period The aim of this volume is to examine the concept of minhag in the broadest sense of the word Focusing on the relationship between various types of customs and their impact on every aspect of Jewish life the volume studies the historical anthropological religious and cultural development and function of rites and rituals in establishing the Jewish self definition and the identity of the local communities that adhered to them The volume s articles cover the subject of custom from three perspectives an analysis of the theoretical and legal definition of custom an analysis of the social and historical aspects of custom and an anecdotal study of several particular customs Customs are a wonderful historical prism by which to examine fluctuations and changes in Jewish life *Becoming Frum* Sarah Bunin Benor,2012-11-15 When non Orthodox Jews become frum religious they encounter much more than dietary laws and Sabbath prohibitions They find themselves in the midst of a whole new culture involving matchmakers homemade gefilte fish and Yiddish influenced grammar *Becoming Frum* explains how these newcomers learn Orthodox language and culture through their interactions with community veterans and other newcomers Some take on as much as they can as quickly as they can going beyond the norms of those raised in the community Others maintain aspects of their pre Orthodox selves yielding unique combinations like Matisyahu s reggae music or Hebrew words and sing song intonation used with American slang as in mamish really keepin it real Sarah Bunin Benor brings insight into the phenomenon of adopting a new identity based on ethnographic and sociolinguistic research among men and women in an American Orthodox community Her analysis is applicable to other situations of adult language socialization such as students learning medical jargon or Canadians moving to Australia *Becoming Frum* offers a scholarly and accessible look at the linguistic and cultural process of becoming **Whiskerology** Sarah Gold McBride,2025-06-03 Whiskerology traces how hair became a significant marker of identity and belonging in nineteenth century America Viewed during the colonial period as disposable to be donned or removed like clothing hair later became an external sign of internal truths about the self especially one s gender race and nationality **Making the Northwest London Eruv, 1988-2003** Jennifer Ann Cousineau,2006 *Living in Both Worlds* Lawrence Grossman,2025-09-30 Modern Orthodoxy is a form of American Judaism that affirms the traditional tenets and practices of Orthodox Judaism while at the same time maintaining an openness to contemporary cultural and intellectual developments Beginning in the post World War II era *Living in Both Worlds* shows how a fledgling Modern Orthodoxy carved out an identity separate and apart from unacculturated ultra Orthodoxy to its right and Conservative Judaism to its left and follows its development through the first quarter of the twenty first century as new divisive issues such as feminism LGBTQ rights and the spread of academic biblical scholarship challenged its coherence and a rejuvenated ultra Orthodoxy contested

its religious legitimacy      Gender, Orientalism and the Jewish Nation Lynne M. Swarts, 2020-01-23 Ephraim Moses Lilien 1874-1925 was one of the most important Jewish artists of modern times. As a successful illustrator, photographer, painter, and printer, he became the first major Zionist artist. Surprisingly, there has been little in-depth scholarly research and analysis of Lilien's work available in English, making this book an important contribution to historical and art historical scholarship. Concentrating mainly on his illustrations for journals and books, Lynne Swarts acknowledges the importance of Lilien's groundbreaking male iconography in Zionist art but is the first to examine Lilien's complex and nuanced depiction of women, which comprised a major dimension of his work. Lilien's female images offer a compelling glimpse of an alternate independent and often sexually liberated modern Jewish woman, a portrayal that often eluded the Zionist imagination. Using an interdisciplinary approach to integrate intellectual and cultural history with issues of gender, Jewish history, and visual culture, Swarts also explores the important fin de siècle tensions between European and Oriental expressions of Jewish femininity. The work demonstrates that Lilien was not a minor figure in the European art scene but a major figure whose work needs re-reading in light of his cosmopolitan and national artistic genius.

**Women in Fundamentalism** Maxine L. Margolis, 2019-10-10. *Women in Fundamentalism* examines the striking similarities in three extreme fundamentalist religious communities in their views about and treatment of women. Whether Christian, Jewish, or Muslim, the fundamentalist offshoots of these religions subject women to myriad restrictions in their daily lives. All three seek to maintain male control over women's bodies, women's activities, and the people with whom women associate. The three also share common ideologies about women's true nature and proper place. The specific cases covered in this text are: 1. Mormon polygamists, specifically the Fundamentalist Church of Jesus Christ of Latter Day Saints (FLDS) who live in Utah, Arizona, Texas, and isolated enclaves in Canada and Mexico; 2. the Satmar Hasidim of Williamsburg, Brooklyn; Kiryas Joel, a town in Orange County, New York, and several settlements in Israel; and 3. an extreme brand of Islam practiced by the Pashtun ethnic group of Afghanistan and neighboring areas of Pakistan. This book effectively bridges the disciplines of women's studies, religion, and anthropology, making it a valuable resource for professors and students seeking new qualitative and quantitative material on women's positions in various religious traditions.
