Higher Education And The Palestinian Arab Minority In Israel:

Higher Education and the Palestinian Arab Minority in Israel Khalid Arar, Kussai Haj-Yehia, 2016-04-08 Higher Education and the Palestinian Minority in Israel examines perceptions concerning the characteristics of higher education acquisition in the indigenous Palestinian Arab minority in Israel Arar and Haj Yehia show that Palestinian Arabs in Israel clearly understand the benefit of an academic degree as a lever for social status and integration within the state of Israel The authors discuss difficulties met by Palestinian high school graduates when they attempt to enter Israel's higher education institutes and the alternative phenomenon of studying abroad The cultural difference between Palestinian traditional communities and Western Israeli campuses exposes Arab students to a mix of ethnicities and nationalities which proves to be a difficult transformative experience The book analyzes patterns of higher education acquisition among the indigenous Palestinian minority describing the disciplines they choose the challenges they encounter particularly for Palestinian women students and explore the implications for the Palestinian minority and Israeli society *Education among Indigenous Palestinians in Israel* Majid Al-Haj, 2024-07-01 Unparalleled in its scope this book provides a detailed longitudinal analysis of indigenous Palestinian education in Israel since the establishment of the state Taking a comparative approach Majid Al Haj juxtaposes the Arab and Hebrew education systems in Israel from early childhood through higher education looking at their administration resources curriculum content and outcomes Significantly the book represents the first systematic examination of an authentic model for social change and educational empowerment initiated by Palestinian Arabs in Israel through a civil society organization Blending quantitative and qualitative methods Al Haj addresses widely debated theoretical questions about the role of education among indigenous minorities and disadvantaged groups in the context of cultural hegemony and inequalities on the one hand and self empowerment and social change on the other Lastly Al Haj offers a review of the pre state period and considers the impact of the ongoing Israel Palestinian conflict on the goals substance and narratives of Arab and Hebrew education Towers of Ivory and Steel Maya Wind, 2024-02-13 How Israeli universities collaborate in Israeli state violence against Palestinians Israeli universities have long enjoyed a reputation as liberal bastions of freedom and democracy Drawing on extensive research and making Hebrew sources accessible to the international community Maya Wind shatters this myth and documents how Israeli universities are directly complicit in the violation of Palestinian rights As this book shows Israeli universities serve as pillars of Israel's system of oppression against Palestinians Academic disciplines degree programs campus infrastructure and research laboratories all service Israeli occupation and apartheid while universities violate the rights of Palestinians to education stifle critical scholarship and violently repress student dissent Towers of Ivory and Steel is a powerful expose of Israeli academia's ongoing and active complicity in Israel's settler colonial project **Mental Health and Palestinian Citizens in Israel** Itzhak Levav, Muhammad M. Haj-Yahia, Ora Nakash, 2019-10-01 Minorities face particular social strains and these are often manifested in their overall mental health In

Israel just under a quarter of the citizens are Arab Palestinians yet very little has been published exploring the spectrum of mental health issues prevalent in this population The work collected here draws on the first hand experience of experts working with Israeli Palestinians to highlight the problems faced by service users their families and their communities Palestinians in Israel face unique social gender and family related conditions that also need reliable research and assessment Mental Health and Palestinian Citizens in Israel offers research and observation on three central topics socio cultural determinants of mental health mental health needs and mental health service utilization From suicidal behaviors and addiction to generational trauma and the particular concerns of children and the elderly this broad and careful collection of research opens new dialogues on treatment prevention and methods for providing the best possible care to those in need

Contexts for Diversity and Gender Identities in Higher Education Jaimie Hoffman, Patrick Blessinger, Mandla Makhanya, 2018-09-17 This volume provides educators with a global understanding of the challenges associated with equity and inclusion in higher education and it provides evidence based strategies for addressing the challenges associated with implementing equity and inclusion at higher education institutions around the world Handbook of Research on Study Abroad Programs and Outbound Mobility Velliaris, Donna M., Coleman-George, Deb, 2016-08-24 Millions of students seek short and long term study abroad options every year and this trend is a key illustration of the internationalization of higher education Because a global perspective has become mandatory in the largely globalized workforce many institutions look to study abroad programs to prepare their students This outbound mobility has the potential to contribute to greater understanding between cultures countries and individuals The Handbook of Research on Study Abroad Programs and Outbound Mobility offers a comprehensive look into motivations for and opportunities through all forms of outbound mobility programs By providing empirically based research this publication establishes the benefits difficulties and rewards of building a framework to support international students and programs It is an invaluable resource for academics students policy makers course developers counselors and cross cultural student advisors *The Palestinian-Arab Citizens of Israel: Towards the Internationalisation of National Aspirations* Ilham Shahbari, 2021-01-28 The relations between the Israeli state and its Arab citizens have been distorted by the perception that national security concerns require the full rights of citizenship to be restricted for members of the Arab community However the national security of the state can also be affected by a poor reputation in the international community which plays a vital role in sustaining the existence of the state This created a space for Arab intelligentsia to use internationalisation as a means to promote their cause This study is designed to explore and analyse the internationalisation process and its impact regarding the Arab community in Israel It is a beneficial source to academics experts policymakers journalists and other experts and interested members of the public

Arabic in Israel Muhammad Amara, 2017-09-27 In Arabic in Israel Muhammad Amara analyses the status of Arabic following the creation of the State of Israel and documents its impact on the individual and collective identity of Israel s

Palestinian Arab citizens The interplay of language and identity in conflict situations is also examined This work represents the culmination of many years of research on Arabic linguistic repertoire and educational policy regarding the language of the Palestinian citizens of Israel It draws all of these factors together while linking them to local regional and global developments Its perspective is interdisciplinary and as such examines the topic from a number of angles including linguistic social cultural and political

Higher Education , 2023-11-02 COVID wrought havoc on the world's economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on Perils and Promises The State of Online Education Goals and Challenges of Online Learning and Innovations in the Age of COVID It presents various perspectives from educators around the world to illustrate

the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process. These discussions shed light on the impact of the pandemic and the future of higher education post COVID. Higher education has been forever changed and higher education as it once was may never return. While many questions arise, the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic.

Enhancing Values of Dignity, Democracy, and Diversity in Higher Education Tamar Ketko, Hana Bor, Khalid Arar, 2022-09-30. Contesting a gradual disregard for the values of Dignity, Democracy, and Diversity in higher education, this volume explores best practices from universities and colleges in Israel and the USA to illustrate how these values can offer a holistic values framework for higher education globally. Presenting a range of interdisciplinary chapters from fields including history, philosophy, memorial studies, cultural, political, gender, and religious studies, the text considers how these values can be reflected in policy and practice across all areas of the university, including teaching and learning, admissions, students' affairs, staff well-being, and institutional identity. The volume highlights constructive theories, experimental models, and case studies that collectively inform a holistic framework for moral, ethical, and equitable higher education worldwide. Offering key insights into the relevant discourse regarding local and global events that have impacted both Israelis and Americans, this volume will appeal to researchers in the fields of higher education, sociology of education, and philosophy of education, as well as postgraduates and scholars with interests in the transformation of higher education in light of contemporary times and challenges.

Women in Israel Doctor Nahla Abdo, 2011-07-07. Women in Israel provides a fresh, gendered analysis of citizenship in Israel. Working from a framework of Israel as a settler colonial regime, this important, insightful book presents historical and contemporary comparative approaches to the lives and experiences of Ashkenazi, Mizrahi, and Palestinian Arab women citizens. Nahla Abdo shows that no solution to the problems of the region can be found without changing existing racial and gender boundaries to citizenship.

American Higher Education in a Global Context Cristina González, 2022-02-14. American Higher Education in a Global Context: Historical Perspectives describes the current state of universities on each continent, providing a comprehensive analysis of the numerous factors that have affected higher education systems around the world. This book studies higher education from its emergence in antiquity to the establishment of the American research university model and its adoption around the globe through the current COVID-19 pandemic and concomitant economic and political crisis. The author pays special attention to the shortcomings of the neoliberal trend of the last four decades, which increased social stratification at institutions of higher learning. Calling for an expansion of access to tertiary education and, in particular, to research universities, this book examines the competition between China and the United States in the field of higher education, stressing the importance of academic freedom without which there can be no true academic excellence.
