Highlights In Space 2006 Highlights In Space 2006:

Highlights in Space, 2002 The Space Economy at a Glance 2007 OECD, 2007-10-16 This book paints a richly detailed picture of the space industry its downstream services activities and its wider economic and social impacts **Highlights of Astronomy: Volume 14** Karel van der Hucht, 2008-01-21 Recording the proceedings of the IAU XXVI General Assembly this volume of the IAU Highlights of Astronomy covers virtually all aspects of modern astrophysics as discussed by 2400 participants from 73 countries Notably the common aspects of astrophysical phenomena known to exist in widely differing interstellar environments is thoroughly examined providing fertile cross correlation from one specialisation to another This text highlights the importance of the triennial IAU General Assemblies in bringing together the work of observers and theoreticians in widely different fields but working towards a common goal understanding the physics of the Universe Together with the Proceedings of the IAU Symposia 235 240 this volume examines all of the astrophysics presented at the General Assembly **Highlights in Space**, 2005 **Scale Relativity and Fractal Space-time** Laurent Nottale, 2011 This book provides a comprehensive survey of the state of the art in the development of the theory of scale relativity and fractal space time It suggests an original solution to the disunified nature of the classical quantum transition in physical systems enabling quantum mechanics to be based on the principle of relativity provided this principle is extended to scale transformations of the reference system In the framework of such a newly generalized relativity theory including position orientation motion and now scale transformations the fundamental laws of physics may be given a general form that goes beyond and integrates the classical and the quantum regimes A related concern of this book is the geometry of space time which is described as being fractal and nondifferentiable It collects and organizes theoretical developments and applications in many fields including physics mathematics astrophysics cosmology and life sciences *Implementing the Vision for Space Exploration : development of the Crew Exploration Vehicle : hearing*, **Guide to Natural Ventilation in High Rise Office Buildings** Antony Wood, Ruba Salib, 2013 This guide sets out recommendations for every phase of the planning construction and operation of natural ventilation systems in these buildings including local climatic factors that need to be taken into account how to plan for seasonal variations in weather and the risks in adopting different implementation strategies All of the recommendations are based on analysis of the research findings from richly illustrated international case studies This is the first technical guide from the Council on Tall Buildings and Urban Habitat s Tall Buildings Sustainability Working Group looking in depth at a key element in the creation of tall buildings with a much reduced environmental impact while taking the industry closer to an appreciation of what constitutes a sustainable tall building and what factors affect the sustainability threshold for tall **Cine-scapes** Richard Koeck, 2013 Cine scapes ignites new ways of seeing thinking and debating the nature of architecture and urban spaces Drawing on the author s extensive knowledge it offers insight into architecture and urban debates through the eyes of a practitioner working in the fields of film and architectural design

emphasizes how filmic cinematic tendencies take place or find their way into urban practices can be used as a tool for educators students and practitioners in architecture and urban design to communicate and discuss design issues with regard to contemporary architecture and cities

Touching Space, Placing Touch Mark Paterson, Martin Dodge, 2016-02-24

Given that touch and touching is so central to everyday embodied existence why has it been largely ignored by social scientists for so long What is the place of touch in our mixed spaces of sociality work domesticity recreation creativity or care What conceptual resources and academic languages can we reach towards when approaching tactile activities and somatic experiences through the body How is this tactile landscape gendered How is touch becoming revisited and revalidated in late capitalism through animal encounters tourism massage beauty treatments professional medicine everyday spiritualities or the aseptic touch free spaces of automated toilets How is touch placed and valued within scholarly fieldwork and research itself integral as it is to the production of embodied epistemologies How is touch involved in such aesthetic experiences as shaping objects in sand or encountering fleshly bodies within a painting The goal of this edited collection *Touching Space Placing Touch* is twofold 1 To further advance theoretical and empirical understanding of touch in social science scholarship by focussing on the differential social and cultural meanings of touching and the places of touch 2 To develop a multi faceted and interdisciplinary explanations of touch in terms of individual and social life personal experiences and tasks and their related cultural contexts The twelve essays in this volume provide a rich combination of theoretical resources methodological approaches and empirical investigation Each chapter takes a distinct aspect of touch within a particular spatial context exploring this through a mixture of sustained empirical work critical theories of embodiment philosophical and psychoanalytic approaches to gendered touch and touching or the relationship between visual and non visual culture to articulate something of the variety and variability of touching experiences The contributors are a mixture of established and emerging researchers within a growing interdisciplinary field of scholarship yet the volume has a strong thematic identity and therefore represents the formative collection concerning the multiple senses of touch within social science scholarship at this time

Posthumanism and the Massive Open Online Course Jeremy Knox, 2016-01-29

Posthumanism and the Massive Open Online Course critiques the problematic reliance on humanism that pervades online education and the MOOC and explores theoretical frameworks that look beyond these limitations While MOOCs massive open online courses have attracted significant academic and media attention critical analyses of their development have been rare Following an overview of MOOCs and their corporate means of promotion this book unravels the tendencies in research and theory that continue to adopt normative views of user access participation and educational space in order to offer alternatives to the dominant understandings of community and authenticity in education

Space Exploration 2008 David M. Harland, Brian Harvey, 2007-12-18

The Space Exploration annuals provide a yearly update on recent space launches missions and results to be published every September The annual covers space exploration from a variety of angles looking back at past missions

reviewing those currently under way and detailing those planned for the future and encompassing both manned and unmanned spaceflight The annual is written at an accessible level for both young and older space enthusiasts to provide a regular balanced review of all the world's major space programmes past present and future There is a special additional section in this year's annual entitled Return to the Moon [Pathways to Adulthood for Disconnected Young Men in Low-Income Communities](#) Kevin Roy,Nikki Jones,2014-03-26 As the chapters in this volume demonstrate young disadvantaged men from urban neighborhoods face a unique set of challenges and constraints as they transition to adulthood Yet these challenges are not always contained by place Research among Latino and White disadvantaged men in nonurban settings highlights the pressures that come along with fatherhood for disadvantaged men In contrast to popular understandings of absent or disengaged fathers findings reveal how fatherhood and increasing levels of interdependence during early adulthood can buffer men as they make the difficult transition to adulthood The innovative field based research featured in this volume illuminates the contexts processes and meanings in life pathways for disadvantaged men as they move from adolescence into adulthood and should help to inform policies and practices directed at minimizing their marginalization from mainstream society This is the 143rd volume in this series Its mission is to provide scientific and scholarly presentations on cutting edge issues and concepts in child and adolescent development Each volume focuses on a specific new direction or research topic and is edited by experts in that field **Mobile Computing and Wireless Networks: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources,2015-09-30 We live in a wireless society one where convenience and accessibility determine the efficacy of the latest electronic gadgets and mobile devices Making the most of these technologies and ensuring their security against potential attackers requires increased diligence in mobile technology research and development Mobile Computing and Wireless Networks Concepts Methodologies Tools and Applications brings together a comprehensive range of voices and research in the area of mobile and wireless technologies exploring the successes and failures advantages and drawbacks and benefits and limitations of the technology With applications in a plethora of different research and topic areas this multi volume reference work benefits researchers service providers end users and information technology professionals This four volume reference work includes a diverse array of chapters and authors covering topics such as m commerce network ethics mobile agent systems mobile learning communications infrastructure and applications in fields such as business healthcare government tourism and more *The Legal Empowerment Agenda* Dan Banik,2016-12-05 Despite providing society with a set of crucial services large groups of workers in the informal economy are subject to exclusion and discrimination and their lives are characterised by various types of vulnerabilities and deprivations that result from the denial of social economic political and legal protection Although not new to the development vocabulary the informal economy has received renewed attention in recent years largely due to the ILO's decent work agenda and various efforts to promote legal empowerment of

the poor With an explicit focus on labour rights the book focuses on a nuanced understanding of the regulatory and operational challenges and dilemmas related to implementing the two approaches in selected countries in sub Saharan Africa In addition to analyzing structures and relations of power between the formal and the informal economies the book critically discusses the work of governments civil society organizations and the poor themselves to address the daily challenges of living in the informal economy *Muslim Mobilities*, 2024-12-30 A translocal ethnography about Tajik migrants engagement in projects of reform Islamic life in Dubai the book maps Gulf migration onto larger geographies of Muslim mobility piety and belonging across places in Eurasia the Gulf and wider Middle East Spatializing the intersection of migration work and Muslim piety the book examines how formations of ethical subjectivity are closely tied to the multiple places that shape migrants travel itineraries and related experiences of dwelling there and crossing them Situating these spatial biographies in broader transregional fields of Muslim mobility connectedness and placemaking the book explores why in the early 2000s young Tajik Muslims pursued spiritual social and moral progress in the booming religious economy of Dubai s fur coat business sector The book s spatial approach works threefold With a focus on abroad it interrogates the interplay of spatial perceptions of the good elsewhere with migrants placemaking there A second focus is on how multiplicity and flexibility of migrant situatedness spatially temporally socially in Persianate Russophone and Arab culturescapes shape mobile pious subjectivities and cosmopolitan belongings The book also develops a situated Tajik perspective on Gulf migration that grounds in circulating spatial imaginaries Muslim knowledge repertoires as well as in individual travel modes paths and migrant experiences resulting from precarious livelihoods and discriminating migrant regimes Linking anthropology with new area studies approaches this book seeks to enhance multidisciplinary scholarship about the complex relation between religion migration and mobile subjectivity in both Central Asian and Gulf studies and in the anthropology of Islam *Wang Bing's Filmmaking of the China Dream* Elena Pollacchi, 2025-10-01 This volume offers an organic discussion of Wang Bing s filmmaking across China s marginal spaces and against the backdrop of the state sanctioned China Dream Wang Bing s cinema gives voice to the subaltern Focusing on contemporary China his work testifies to a set of issues dealing with inequality labour and migration His internationally awarded documentaries are considered masterpieces with unique aesthetics that bear reference to global film masters Therefore this investigation goes beyond the divides between Western and non Western film traditions and between fiction and documentary cinema Each chapter takes a different articulation of space spaces of labour history and memory as its entry point bringing together film and documentary studies Chinese studies and globalization studies This volume benefits from the author s extensive conversations with Wang Bing and insider observations of film production and the film festival circuit *Efforts to Transfer America's Leading Edge Science to China* United States.
