,1939 **On Hiking** Arnold Marsden,2025-09-03 Let the trail be your guide What may seem like a simple walk through the woods to a glimmering alpine lake is actually a journey to a more fulfilling life Some hikers buy trail guides before they hike but the trail itself is a guide a life coach However its lessons are not as obvious as those scribbled on a chalkboard or recited during a lecture They are earned through blood sweat and tears but also wonder joy and pride Part memoir and part motivational how to guide On Hiking describes the life lessons awaiting those who venture beyond the roadside pullouts and trailheads The author reflects on his own epic hikes in the Grand Canyon to Angels Landing and The Wave on the John Muir Trail and the Teton Crest Trail and to the summits of Mt Whitney and Mt St Helens to explore themes such as paying it forward making the most of second chances the journey makes the destination special making your own luck and so much more Whether you are a roadtripper wondering what lies beyond the horizon or an experienced hiker seeking more from your adventures this book will show you how the trail is a path to becoming a more complete person and getting more out of life As you travel farther from the trailhead your experiences will instill pride build confidence increase resilience spark curiosity and give you perspective The benefits will long outlast memories of your sore feet and smelly clothes The author s adventures inspired him to write this book slow down life and focus on what matters most What will yours inspire you to do Let s hit the trail

The Story of Brutus Casey Anderson,2011-08-31 The heart warming story of the incredible friendship between National Geographic star Casey Anderson and an 800 pound grizzly bear named Brutus Casey Anderson the host of National Geographic s Expedition Grizzly met a month old bear cub in a wildlife preserve in 2002 whom he affectionately named Brutus Little Brutus was destined to remain in captivity or more likely even euthanized due to overpopulation at the preserve Anderson already an expert in animal rescue and rehabilitation just could not let that happen to Brutus who looked like a fuzzy Twinkie From the beginning it was clear something special existed between the two And so Anderson built the Montana grizzly encounter in Bozeman Montana especially for Brutus so that he and others like him could grow up being a bear And so the love story began When together Anderson and Brutus will wrestle swim play and continue to act as advocates for grizzly protection and education be it through documentaries like Expedition Grizzly appearances on Oprah or Good Morning America or in this inspiring book which promises to be an intimate look into Anderson s relationship with Brutus and a call to action to protect these glorious animals and the natural world they live in The Story of Brutus proves that

love and friendship knows no bounds and that every care must be taken to protect one of nature's noblest creatures
