**It's Your Choice** Dan Harsh, 2019-08-29 Every day we make choices These choices impact our lives our careers our families our health our successes and our failures Often we make choices without considering the impact or consequences that may result We make choices every day in the workplace and in our personal lives that mold and craft our future and we are not even aware of it Where we are today is a direct result of the choices we have made Where we will be tomorrow is directly related to the choices we are going to make Each of us has been dealt a hand of cards The cards we have been dealt may have been outside our control However how we respond to these cards is 100 percent within our control The best poker players don't win because they always have the best cards they win because they know how to play the cards they are dealt They know when to fold when to stay in the game how to read the other players at the table and when to bluff They win because of choices they make with the cards they were dealt It s Your Choice will help bring clarity and perspective to the choices you are faced with each day in the workplace and in your personal life It will bring reason and logic to things that you may not have considered before It s Your Choice is designed to challenge you to think differently more clearly and with a larger perspective of the choices you make each day There will be things in It s Your Choice you don't want to hear There will be things shared that will challenge you to think deeper than you have in the past What you do with what you read in It s Your Choice is indeed your choice

**Traditional High School Dropouts** Daniel James Kaczynski,1988 This qualitative research study was conducted at one alternative high school to examine why traditional high school dropouts attend alternative schools Data were gathered over three stages of research during a 2 year period Sources of data included 105 hours of site observations student interviews and the review of site documents The data revealed that the students at the alternative high school had established a significant level of informal control Four major assertions were supported by the data 1 students experienced greater freedom than they had previously experienced at a traditional high school 2 student choice had a positive impact on the effectiveness of the alternative school 3 students monitored and adjusted individual student behavior in relation to acceptable group behavior and 4 students enjoyed the experiences of success while attending the alternative school Based on findings of the study it is recommended that alternative schools be supported while traditional schools are being reformed that the effectiveness of alternative and traditional schools be improved by listening to the needs of dropouts that alternative school advisory committees be trained in listening to such needs that efforts by alternative school faculty in advocating for the needs of dropouts be supported that traditional school faculty and administrators be trained in listening to and understanding the needs of potential dropouts and that community social policymakers be involved in understanding the issues surrounding the high school dropout problem NB      **The Summer That Shaped Us** Lori Wilde,2025-04-22 From New York Times bestselling author Lori Wilde comes her newest story about three generations of women an island with an air of mystery and magic and one summer that changes everything perfect for fans of Jill Shalvis and Susan Mallery In the Gulf of Mexico near South Padre sits a private island with a bit of a magic about it the colors are brighter the food tastes better and turtles and cranes find sanctuary there The billionaire heiress who built the thriving resort on Hobby Island
