It Takes A Family Conservatism And The Common Good:

It Takes a Family Rick Santorum, 2023-10-03 Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum In *It Takes a Family Conservatism and the Common Good* Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism Moreover Santorum demonstrates how such an approach to political social and economic problems offers the most promise for those on the margin of life the poor the vulnerable and minorities who have often been excluded from opportunity in America Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance But what do we inherit as Americans And how can we be good stewards of that inheritance Building on Robert Putnam s discussion of social capital the habits of association and trust that are the preconditions of any decent society Santorum assesses how well in the past generation Americans have cared for the fabric of society He explores in detail various dimensions of social and cultural connection that are the foundation of the common good And he presents innovative policy proposals for the renewal of American society at all levels Throughout his book Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good With a sustained argument touching on first principles throughout this ambitious and original book is a major contribution to contemporary political debate *It Takes a Family* further establishes Santorum as the leader of reform minded civic conservatives in America

contemporary political debate It Takes a Family further establishes Santorum as the leader of reform minded civic conservatives in America After Homosexual Carolyn D'Cruz, Mark Pendleton (Lecturer), 2014 Forty years after the publication of Dennis Altman's classic Homosexual Oppression and Liberation this collection of memoir political reflection and creative non fiction brings together an exemplary line up of writers spanning generations that have both shaped and inherited the legacy of gay liberation and its intersections with other social movements Page 4 of cover Schools in Transition Pauli Siljander, Kimmo Kontio, Eetu Pikkarainen, 2016-12-27 School is one of the most focal institutions in modern society It is largely through the institutionalized forms of education that modern society attempts to secure and maintain its social and economic well being and its valuable cultural life forms In addition to this school is the essential institution through which the future of a society is defined Thus at least when understood traditionally as a pedagogical institution the school stands at the center of historically and socially constructed cultural life forms and at the brink of an unknown future the determination of that future characterizes the pedagogical task of the school It naturally ensues then that modern discourses of the school have always been intertwined with the critical question of how past present and future can be linked in educational practices so that schools can foster in ever better ways the well being of individuals societies and humanity The chapters in this volume despite the variety of viewpoints share this critical view The purpose of the volume is not to offer definite answers rather it is to stress that to understand the role and functions of school in contemporary society and to orientate its transition a well founded critical evaluation of prevailing pedagogical practices and policy trends is required This evaluation is vital for the future of school and society *Democrats for Life* Kristen Day, 2006-08-01 WHY IS THE PRO LIFE MOVEMENT LINKED EXCLUSIVELY WITH THE REPUBLICAN PARTY IS IT POSSIBLE THAT PEOPLE OUTSIDE THE GOP ARE NOT ENAMORED WITH THE AGGRESSIVE AGENDA OF THE ABORTION LOBBY In a shocking expose Kristen Day reveals the agenda of the modern Democratic Party leadership which hijacked the grassroots movement to push through Roe vs Wade Drawing from historical background and her own experience in Washington Day provides strong evidence that abortion on demand is not the mindset of real America Discover the truth behind the abortion wars in Washington Democratic leaders have blocked pro life voices within the Party such as the late Gov Bob Casey Early leaders like Margaret Sanger pushed radical agendas that impact our culture today See how the history of the Democratic Party has led to today's high abortion rate Discover the bipartisan strategy needed to overturn Roe vs Wade *What Happened to the Republican Party?* John Kenneth White, 2015-08-14 As the 2016 election campaign attests the Grand Old Party once moderate and even magnanimous has fallen into a prison of its own making when it comes to presidential politics After the debacle of the George W Bush presidency and the rout of the Romney candidacy Republicans said they must broaden their base become more inclusive and return to the warmth of Reagan idealism Instead what we have is a bitter backbiting and race and gender baiting campaign with a candidate more exclusive than any before him How did we get here and how do we get out This book

tracks the modern history of the Republican Party and shows its decline even while shining a light on its high points and urging it back in a positive direction Every reader interested in the US presidential election the primary process and the clash of politics and culture will find something enlightening in John White's exposition Above all he puts the Age of Trump into perspective looking back as well as forward in his analysis Who is this book for Students of American government political parties campaigns elections Scholars in political science and political history General readers interested in the current presidential campaign and the health of American democracy Features 1 Current Anticipates the current state of the Republican Party at odds with itself as much as with the American public Includes 2014 midterm election data with an eye toward the 2016 presidential contest 2 A broad historical sweep Covers a broad historical period from the 1950s Eisenhower era to the present with a strong emphasis on the Reagan years which represent the GOP at its zenith 3 Efficient use of polling and demographic data Takes a broad swath of historical data including polling data and presents it in a condensed readable format At the same time the reader is not inundated by polling and demographic data 4 Bold Any reader will come away from this book understanding that the GOP predicament is likely to last for some time to come The problems Republicans face are both intellectual and political They are not likely to be solved by any one candidate or election and will be compounded and confounded by the events of 2016

Barack Obama's America John White, 2018-03-22 Research and reflections on the American demographic shift that led to the election of President Barack Obama *Onward, Christian Soldiers* Deal W. Hudson, 2008-03-11 Like a mighty army moves the church of God Brothers we are treading where the saints have trod We are not divided all one body we One in hope and doctrine one in charity From the nineteenth century hymn *Onward Christian Soldiers* What keeps America a country of religious practice and traditional values How has the U S avoided succumbing to total secularism The answer to these provocative questions is found in the religious communities of America today In the past thirty years the religiously active voter has migrated to the Republican Party and the story behind this shift evidenced in the emergence of Evangelical dominance over mainstream Protestantism and the defeat of liberal Catholicism is at the heart of this fascinating cultural history In *Onward Christian Soldiers* the Washington insider who was at the vanguard of the sea change in religious and political history that propelled George W Bush into the White House offers an intimate perspective on those remarkable years and their influence over the ones to come Deal W Hudson analyzes how steadily overcoming age old misjudgments and misunderstandings that separated them conservative Catholics and Evangelical Christians drew together because of what they viewed as profound assaults on shared core beliefs They became allies to battle the forces of secularization relativism and atheism And together they forged a grassroots movement across America that astonished political activists and surprised commentators as well as members of traditional religious organizations How exactly was this coalition achieved and who were its movers and shakers What enabled them to deepen enrich and activate the resurgence of traditional values in society to make America radically different from the secularized

Europe that was so widely believed to be on the verge of becoming the model for the United States Deal W Hudson details this phenomenon by examining the leading figures and institutions on both sides of the debate exposing the dramatic encounters between those espousing fundamental Judeo Christian beliefs and those heralding the death of God and the new age of secular humanism Dealing with today s hot button issues Onward Christian Soldiers provides an unprecedented look at the confrontation of the religious right with secularists in America a confrontation that is not only timely but also timeless in its impact

The Neo-Catholics Betty Clermont,2010-12-02 Volumes have been written about the role the Religious Right played in achieving its ultimate goal the presidency of George W Bush But few know the primary and essential role played by Catholics in instituting and directing the Religious Right as the means for the neoconservative takeover of the U S government a group the author calls neo Catholics The first neoconservatives Irving Kristol Allan Bloom and Francis Fukuyama were proponents of the philosopher Leo Strauss who considered the ideal state as one ruled by an intellectual elite with religion used to mollify and intimidate the masses into obedience Not only did Catholic leaders have a millennium of experience in propping up monarchs and dictators but also Catholics were the largest denomination in the U S Neoconservative Catholics were ready willing and able to implement the American brand of church state unification Christian Nationalism This book examines how hawks and neo conservatives in the Republican Party forged a nexus with powerful right wing Catholics that would change the face of American Catholicism the structuring of social policy in the United States and the American agenda in the world At the start of the 1980s the Church s social justice agenda had been committed to alleviating poverty to demilitarization to affirmative action and to ending capital punishment an agenda antipathetic to the Republican platform By the end of the nineties its justice agenda was marginalized and political action was mobilized around concern for the dying and the unborn Clermont s rigorous and extensively documented research examines how it was done

Great Myths of Intimate Relationships Matthew D. Johnson,2016-05-31 Great Myths of Intimate Relationships provides a captivating pithy introduction to the subject that challenges and demystifies the many fabrications and stereotypes surrounding relationships attraction sex love internet dating and heartbreak The book thoroughly interrogates the current research on topics such as

attraction sex love internet dating and heartbreak Takes an argument driven approach to the study of intimate relationships encouraging critical engagement with the subject Part of The Great Myths series it s written in a style that is compelling and succinct making it ideal for general readers and undergraduates **Ringmaster** Abraham Josephine Riesman,2024-04-16 Even if you ve never watched a minute of professional wrestling you are living in Vince McMahon s world In his four decades as the defining figure of American pro wrestling McMahon was the man behind Dwayne The Rock Johnson Stone Cold Steve Austin John Cena Dave Bautista Bret The Hitman Hart and Hulk Hogan to name just a few of the mega stars who owe him their careers For more than twenty five years he has also been a performer in his own show acting as the diabolical Mr McMahon a figure who may have more in common with the real Vince than he would care to admit Just as importantly McMahon is one of Donald Trump s closest friends and Trump s experiences as a performer in McMahon s programming were in many ways a dress rehearsal for the 45th President s campaigns and presidency McMahon and his wife Linda are major Republican donors Linda was in Trump s cabinet McMahon makes deals with the Saudi government worth hundreds of millions of dollars And for generations of people who have watched wrestling he has been a defining cultural force Accessible to anyone regardless of wrestling knowledge Ringmaster is an unauthorized independent investigative chronicle of Vince McMahon s origins and rise to supreme power It is built on exclusive interviews with more than 150 people from McMahon s childhood friends to those who accuse him of destroying their lives Far more than just an athletics or entertainment biography Ringmaster uses Vince s story as a new lens for understanding the contemporary American apocalypse Author s website **Politics without Stories** David Ricci,2016-08-19 Liberal candidates scholars and activists mainly promote pragmatism rather than large and powerful narratives which may be called alpha stories for their commanding presence over time Alternatively conservative counterparts to such liberals tend to promote their policy preferences in alpha stories praising effective markets excellent traditions and limited government In this face off liberals represent a post Enlightenment world where many modern people following Max Weber are disenchanted while many conservatives echoing Edmund Burke cherish stories borrowed from the past Politics without Stories describes this storytelling gap as an electoral disadvantage for liberals because their campaigning lacks and will continue to lack the inspiration and shared commitments that great long term stories can provide Therefore Ricci argues that for tactical purposes liberals should concede their post Enlightenment skepticism and rally around short term stories designed to frame in political campaigns immediate situations which they regard as intolerable These may help liberals win elections and influence the course of modern life *The Little Quiz Book of Big Political Sex Scandals* Paul Slansky,2009-05-19 Politics and sex Nothing captures the attention of the media and satisfies the public s thirst for schadenfreude quite like our elected officials getting caught with their pants down In The Little Quiz Book of Big Political Sex Scandals renowned satirist and New York Times bestselling author Paul Slansky provides a guided tour of this torrid realm of public life Through a comprehensive compendium of quizzes incorporating his trademark

Q A format Slansky chronicles the political sex scapades of the past half century Bill s cigar and Monica s stained dress Gary Hart s cruise on the good ship Monkey Business Larry Craig s restroom romancing and scores of other career ending shenanigans Devastatingly funny yet also meticulously researched and historically relevant this irreplaceable guide to the headline grabbing events the reluctant apologies and the inevitable consequences and of course the anguished spouses standing by their men offers an endlessly entertaining peek under the covers of our political establishment Culture Wars Roger Chapman,2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today **The Routledge Companion to Contemporary Anthropology** Simon Coleman,Susan B. Hyatt,Ann Kingsolver,2016-11-25 The Routledge Companion to Contemporary Anthropology is an invaluable guide and major reference source for students and scholars alike introducing its readers to key contemporary perspectives and approaches within the field Written by an experienced international team of contributors with an interdisciplinary range of essays this collection provides a powerful overview of the transformations currently affecting anthropology The volume both addresses the concerns of the discipline and comments on its construction through texts classroom interactions engagements with various publics and changing relations with other academic subjects Persuasively demonstrating that a number of key contemporary issues can be usefully analyzed through an anthropological lens the contributors cover important topics such as globalization law and politics collaborative archaeology economics religion citizenship and community health and the environment The Routledge Companion to Contemporary Anthropology is a fascinating examination of this lively and constantly evolving discipline **Sin No More** John Dombrink,Daniel Hillyard,2007-11 Sin No More offers a vivid examination of some of the most morally and politically disputed issues of our time abortion gay rights assisted suicide stem cell research and legalized gambling These are moral values issues all of which are hotly sometimes violently contested in America The authors cover these issues in depth looking at the nature of efforts to initiate reforms to define constituencies to mobilize resources to frame debates and to shape public opinion all in an effort to achieve social change create or re write legislation Of the issues under scrutiny only legalized gambling has managed to achieve widespread acceptance despite moral qualms from some Publisher description *Republican Theology* Benjamin T. Lynerd,2014 White evangelicals occupy strange property on the ideological map in America exhibiting a pronounced commitment to the principle of limited government and yet making a significant exception for issues relating to personal

morality an exception many observers take to be paradoxical at best Explanations of this phenomenon usually point to the knotty political alliance evangelicals built with free market types in the late twentieth century but sermonic evidence suggests a deeper and longer intellectual thread one that has pervaded evangelical thought all the way back to the American founding In Republican Theology Benjamin Lynerd offers an historical and theological account of the hybrid position evangelicals have long affected to hold in American culture as champions of individual liberty and as guardians of American morality Lynerd documents the development of a resilient if problematic tradition in American political thought one that sees a free republic a virtuous people and an assertive Christianity as mutually dependent Situating the recent rise of the New Right within this larger framework Republican Theology traces the contentious political journey of evangelicals from its earliest moments laying bare the conceptual tensions built into their civil religion

Free Market Revolution Yaron Brook, Don Watkins, 2012-09-18 NATIONAL BESTSELLER A look at how our current crises are caused by too much government and how Ayn Rand's bold defense of free markets can help us change course The rise of the Tea Party and the 2010 election results revealed that tens of millions of Americans are alarmed by Big Government but skeptical that anything can or will be done to stop the growth of the state In Free Market Revolution the keepers of Ayn Rand's legacy argue that the answer lies in her pioneering philosophy of capitalism and self interest a philosophy that more and more people are turning to for answers In the past few years Rand's works have surged to new peaks of popularity as politicians like Paul Ryan media figures like John Stossel and businessmen like John Mackey routinely name her as one of their chief influences Here Brook and Watkins explain how her ideas can solve a host of political and economic ills including the debt crisis inflation overregulation and the swelling welfare state And most important they show how Rand's philosophy can enable defenders of the free market to seize the moral high ground in the fight to limit government This is a fresh and urgent look at the ideas of one of the most controversial figures in modern history ideas that may prove the only hope for the future

Whose Freedom? George Lakoff, 2024-03-26 Since September 11 2001 the Bush administration has relentlessly invoked the word freedom The United States can strike preemptively because freedom is on the march Social security should be privatized in order to protect individual freedoms In the 2005 presidential inaugural speech the words freedom free and liberty were used forty nine times Freedom is one of the most contested words in American political discourse the keystone to the domestic and foreign policy battles that are racking this polarized nation For many Democrats it seems that President Bush's use of the word is meaningless and contradictory deployed opportunistically to justify American military action abroad and the curtailing of civil liberties at home But in *Whose Freedom* George Lakoff an adviser to the Democratic party shows that in fact the right has effected a devastatingly coherent and ideological redefinition of freedom The conservative revolution has remade freedom in its own image and deployed it as a central weapon on the front lines of everything from the war on terror to the battles over religion in the classroom and abortion In a deep and alarming analysis Lakoff explains the mechanisms

behind this hijacking of our most cherished political idea and shows how progressives have not only failed to counter the right wing attack on freedom but have failed to recognize its nature Whose Freedom argues forcefully what progressives must do to take back ground in this high stakes war over the most central idea in American life
