J Dillas Donuts 33 1 Or 3:

J Dilla's Donuts Jordan Ferguson, 2014-04-24 From a Los Angeles hospital bed equipped with little more than a laptop and a stack of records James J Dilla Yancey crafted a set of tracks that would forever change the way beatmakers viewed their artform The songs on Donuts are not hip hop music as hip hop music is typically defined they careen and crash into each other in one moment noisy and abrasive gorgeous and heartbreaking the next The samples and melodies tell the story of a man coming to terms with his declining health a final love letter to the family and friends he was leaving behind As a prolific producer with a voracious appetite for the history and mechanics of the music he loved J Dilla knew the records that went into constructing Donuts inside and out He could have taken them all and made a much different more accessible album If the widely accepted view is that his final work is a record about dying the question becomes why did he make this record about dying Drawing from philosophy critical theory and musicology as well as Dilla's own musical catalogue Jordan Ferguson shows that the contradictory irascible and confrontational music found on Donuts is as much a result of an artist's declining health as it is an example of what scholars call late style placing the album in a musical tradition that stretches back centuries
