**Essay on the Historical Failure of Democracy in the 21st Century** Jesús G. Maestro, 2024-01-06 The democracy of the late 20th century has been more beneficial to the friends of commerce than to the democrats Its advantages and successes have turned it into a political regime that is now anachronistic and untimely Democracy is the name inherited from a past imperfect and recent which used to manage our way of life Today that life of ours is managed by commerce and the friends of commerce If politics is the organization of power that is to say the administration of freedom the rights of the democratic citizen are moving away from the legal framework of the States With the historical failure of democracy in the 21st century three realities with which humans have lived since the Renaissance also fail the modern State political freedom and civil laws A post democratic society is one in which the State fades away political freedom disintegrates and civil laws fit onto a complaint form because the rights of the citizen are the rights of the consumer in the hands of the friends of commerce which is to say nothing People have not yet internalized the failure of democracy The market does not want democrats it wants consumers

Jodra,2022-11-17 This first of a two volume work provides a new understanding of Western subjectivity as theorized in the Augustinian Rule A theopolitical synthesis of Antiquity the Rule is a humble yet extremely influential example of subjectivity production In these volumes Jodra argues that the Classical and Late Ancient communitarian practices along the Mediterranean provide historical proof of a worldview in which the self and the other are not disjunctive components but mutually inclusive forces The Augustinian Rule is a culmination of this process and also the beginning of something new the paradigm of the monastic self as protagonist of the new medieval worldview In this volume Jodra takes one of the most influential and pervasive common experiments Augustine's Rule and gives us its Mediterranean backstory with an eye to solving at last the riddle of socialism In volume two he will present his solution in full as a kind of Augustinian communitarianism for today These volumes therefore restore the unity of the Hellenistic and Judaic world as found by the first Christians proving that the self and the other are two essential pieces in the construction of our world Los enemigos del comercio III , **The Rest Write Back: Discourse and Decolonization** ,2019-06-17 In The Rest Write Back Discourse and Decolonization Esmaeil Zeiny brings together a collection of essays that interrogate the colonial legacies the contemporary power structure and the geopolitics of knowledge production The scholars in this collection illustrate how the writing back paradigm engages in a conversation and paves the way for a dialogical and plural world where the Rest is no longer excluded Among the important features of this book is that it presents ways for decoloniality and epistemic disobedience This book will be of interest to scholars and students of all Social Science and Humanities disciplines but it is particularly important for those in the disciplines of sociology postcolonial studies cultural studies literature and theory and philosophy of Social Sciences and Humanities Contributors include Dustin J Byrd Ciarunji Chesaina Hiba Ghanem Mladjo Ivanovic Masumi Hashimoto Odari Arjuna Parakrama JM Persch Andrew Ridgeway Rudolf J Siebert and Esmaeil Zeiny **The Red River Expedition** George Lightfoot Huyshe,1858 **Exámen crítico del libelo publicado en la Imprenta del Comercio en Lima, por el reo profugo José Maria Obando** Tomás Cipriano Mosquera,1843
