

# Losing Our Way

AN INTIMATE PORTRAIT OF  
A TROUBLED AMERICA

Bob Herbert

"A brave call to action. . . .  
With steady resolve . . . Herbert  
remains willing to state,  
very clearly, what he sees."

—Adrian Nicole LeBlanc,  
*The New York Times Book Review*

# Losing Our Way An Intimate Portrait Of A Troubled America

**L Darling-Hammond**

## **Losing Our Way An Intimate Portrait Of A Troubled America:**

*Losing Our Way* Bob Herbert, 2014-10-07 From longtime New York Times columnist Bob Herbert comes a wrenching portrayal of ordinary Americans struggling for survival in a nation that has lost its way In his eighteen years as an opinion columnist for The New York Times Herbert championed the working poor and the middle class After filing his last column in 2011 he set off on a journey across the country to report on Americans who were being left behind in an economy that has never fully recovered from the Great Recession The portraits of those he encountered fuel his new book *Losing Our Way* Herbert's combination of heartrending reporting and keen political analysis is the purest expression since the Occupy movement of the plight of the 99 percent The individuals and families who are paying the price of America's bad choices in recent decades form the book's emotional center an exhausted high school student in Brooklyn who works the overnight shift in a factory at minimum wage to help pay her family's rent a twenty four year old soldier from Peachtree City Georgia who loses both legs in a misguided mismanaged seemingly endless war a young woman only recently engaged who suffers devastating injuries in a tragic bridge collapse in Minneapolis and a group of parents in Pittsburgh who courageously fight back against the politicians who decimated funding for their children's schools Herbert reminds us of a time in America when unemployment was low wages and profits were high and the nation's wealth by current standards was distributed much more equitably Today the gap between the wealthy and everyone else has widened dramatically the nation's physical plant is crumbling and the inability to find decent work is a plague on a generation Herbert traces where we went wrong and spotlights the drastic and dangerous shift of political power from ordinary Americans to the corporate and financial elite Hope for America he argues lies in a concerted push to redress that political imbalance Searing and unforgettable *Losing Our Way* ultimately inspires with its faith in ordinary citizens to take back their true political power and reclaim the American dream

*Losing Our Way* Bob Herbert, 2015-07-07 From longtime New York Times columnist Bob Herbert comes a wrenching portrayal of ordinary Americans struggling for survival in a nation that has lost its way In his eighteen years as an opinion columnist for The New York Times Herbert championed the working poor and the middle class After filing his last column in 2011 he set off on a journey across the country to report on Americans who were being left behind in an economy that has never fully recovered from the Great Recession The portraits of those he encountered fuel his new book *Losing Our Way* Herbert's combination of heartrending reporting and keen political analysis is the purest expression since the Occupy movement of the plight of the 99 percent The individuals and families who are paying the price of America's bad choices in recent decades form the book's emotional center an exhausted high school student in Brooklyn who works the overnight shift in a factory at minimum wage to help pay her family's rent a twenty four year old soldier from Peachtree City Georgia who loses both legs in a misguided mismanaged seemingly endless war a young woman only recently engaged who suffers devastating injuries in a tragic bridge collapse in Minneapolis and a group of parents in Pittsburgh who courageously fight

back against the politicians who decimated funding for their children's schools Herbert reminds us of a time in America when unemployment was low wages and profits were high and the nation's wealth by current standards was distributed much more equitably Today the gap between the wealthy and everyone else has widened dramatically the nation's physical plant is crumbling and the inability to find decent work is a plague on a generation Herbert traces where we went wrong and spotlights the drastic and dangerous shift of political power from ordinary Americans to the corporate and financial elite Hope for America he argues lies in a concerted push to redress that political imbalance Searing and unforgettable *Losing Our Way* ultimately inspires with its faith in ordinary citizens to take back their true political power and reclaim the American dream

**The ^Importance of Work in an Age of Uncertainty** David L. Blustein, 2019-06-03 Drawing from extensive interviews with working people across the US as well as insights from psychological research on work and careers *The Importance of Work in an Age of Uncertainty* provides compelling evidence that the nature of work in the US is eroding and with powerful psychological and social consequences

*People Get Ready* Robert W. McChesney, John Nichols, 2016-03-08 Humanity is on the verge of its darkest hour or its greatest moment The consequences of the technological revolution are about to hit hard unemployment will spike as new technologies replace labor in the manufacturing service and professional sectors of an economy that is already struggling The end of work as we know it will hit at the worst moment imaginable as capitalism fosters permanent stagnation when the labor market is in decrepit shape with declining wages expanding poverty and scorching inequality Only the dramatic democratization of our economy can address the existential challenges we now face Yet the US political process is so dominated by billionaires and corporate special interests by corruption and monopoly that it stymies not just democracy but progress The great challenge of these times is to ensure that the tremendous benefits of technological progress are employed to serve the whole of humanity rather than to enrich the wealthy few Robert W McChesney and John Nichols argue that the United States needs a new economy in which revolutionary technologies are applied to effectively address environmental and social problems and used to rejuvenate and extend democratic institutions Based on intense reporting rich historical analysis and deep understanding of the technological and social changes that are unfolding they propose a bold strategy for democratizing our digital destiny before it's too late and unleashing the real power of the Internet and of humanity

***Libraries and the Global Retreat of Democracy*** Natalie Greene Taylor, Karen Kettlich, Ursula Gorham, Paul T. Jaeger, 2021-11-04 *Libraries and the Global Retreat of Democracy* focuses on how libraries coordinate their work in political and information literacy and how these efforts can be improved the recommendations and examples within which will serve as inspiration and motivation to its readers

*Economic Injustice and the Rhetoric of the American Dream* Luke Winslow, 2017-07-24 Our economic arrangements require a persuasive story that can explain who is rich who is poor and why This story shapes our attitudes toward what is just and unjust this story dispenses power to some and withholds it from others and the deeply political and paradoxical nature of this story presents a valuable site of rhetorical

inquiry Economic Injustice and the Rhetoric of the American Dream fills an important scholarly gap by connecting the need to make sense of economic arrangements with the rhetoric of the American Dream Luke Winslow examines how the rhetoric of the American Dream has emerged as a dominant cultural touchstone in oscillation with a widespread shift to individualistic explanations for economic arrangements the arrival of neoliberalism growing levels on inequality and dismal rates of economic mobility By developing the tools of rhetorical and ideological criticism this book explores the American Dream in relation to religious economic educational and political institutions ranging from Prosperity Theology to the candidacy and election of Donald Trump Recommended for scholars in Communication Economics Political Science and Religious Studies

**The Fate of Liberal Arts in Today's Schools and Colleges** William Hayes,2015-12-11 It is the purpose of this book to examine the ever changing meaning of the term liberal arts and to trace its development from antiquity to the present In doing so the text will compare and contrast the values of such an education with the other important objective of schools and colleges which is to prepare students with appropriate occupational training The book will highlight the arguments of both points of view In doing so attention will be paid to the contributions to society of those who have been exposed to a variety of educational curricula As part of the study the impact of the community college will be considered along with the impact of recent initiatives such as the Nation at Risk Report No Child Left Behind Race to the Top and the Common Core Finally the text will conclude with an attempt to suggest the direction that will determine the fate of liberal arts in schools and colleges

**Immeasurable Outcomes** Gayle Greene,2023-01-17 What is the purpose of education The answer might be found in a Shakespeare class at a small liberal arts college In this engaging account of teaching a Shakespeare class at a small liberal arts college Gayle Greene illustrates what is so vital and urgent about the humanities Follow along with Greene as she introduces us to her students and showcases their strengths needs and vulnerabilities so we can experience the magic of her classroom In Immeasurable Outcomes Greene s class builds a complex human ecosystem that pushes students to think more deeply and discover their own interests and potential all while recognizing the inherent dignity in other people s views and values Grounding her analyses in half a century of teaching Greene pushes back against the demand for measurable student learning outcomes and the standardization imposed on K 12 schools in the name of reform Instead she draws her conclusions about education directly from the students themselves Alumni testimonials describe the transformative power of a liberal arts education recounting how their experience of community and engagement has provided them the tools to navigate the uncertainties of a rapidly changing world while also inspiring the social awareness our democracy depends on Immeasurable Outcomes rejects claims that the liberal arts are impractical exposing the political agendas of technocrats and ideologues who would transform higher education into vocational training and programs focused only on profitability Greene reminds us that the liberal arts have been the basis for the most successful educational system in the world and provides a powerful demonstration that education at a human scale that is relationship rich and humanities based should be the model for

education in the future      **The Four Pillars of Politics** James T. Kitchens, Larry Powell, 2015-06-03 The Four Pillars of Politics provides a uniform foundation for evaluating political campaign strategies The four pillars identified in this book fear national narcissism consumerism and religion serve as attitudinal anchors that American voters use in making their voting decisions The dominant pillar may change from election to election leading to situations in which a candidate who wins in one election may be defeated four years later Kitchens and Powell examine how political communication is understood by combining these four pillars with the related matrix of attitudes beliefs and values that are integral components of the American culture The Four Pillars of Politics will appeal to scholars of political science communication studies and journalism

*Leveraging the Education-Health Connection* David A. Birch, 2023-07-25 The author provides a resource for everyone at the intersection of public health and education students and professionals in public health and education as well as other stakeholders such as PTAs and school boards He provides the evidence base on the reciprocal relationship between education and health the social determinants of education and health characteristics of quality schools and strategies for navigating the culture and advocating for quality schools and specific organizational and individual actions for mobilization

*Prologue*, 2014      Exploring the Complexities of Human Action Catherine Raeff, 2020-05-19 Exploring the Complexities of Human Action offers a bold theoretical framework for thinking systematically and integratively about what people do as they go about their lives Raeff sets the stage for conceptualizing human action by first constructively questioning some conventional practices and assumptions in psychology such as fragmenting aggregating and objectifying She then articulates an alternative systems conceptualization of action that emphasizes multiple and interrelated processes and characterizes human action in terms of the complexities of holism dynamics variability and multi causality The book also applies this theoretical framework to varied human issues including mind body connections art diversity extremism and freedom This approach provides a vision of humanity that promotes complex and empathic understanding of human beings that can bring people together to pursue common goals

Christianity'S Relevance for Today Russell C. Block, 2016-11-07 Christianity's Relevance for Today A Personal Perspective arises from a pastors six decades of scholarship and experience serving congregations and the wider culture Russell C Block drawing upon his study and personal insights offers readers a guide to digging up the Bibles hidden treasures Then he uses the Bibles witness to Gods desire for people to live together in loving peace as the foundation for encouraging both individual Christians and their churches to embrace Gods mission to join with authentically religious people from all traditions to discover and speak the truth Christianity's Relevance for Today shows ways to foster awareness of a common humanity discard mutual fear and suspicion and engage in real dialogue that uncovers the barriers that impede shared action to seek peace By exploring the authors journey of faith the Bibles riches the life of the church and the relations between Gods world and its religions Christianity's Relevance for Today presents the personal and corporate local and global and traditional and novel elements that come together to show how the Christian faith reveals its

essential relevance to modern life Christianity's Relevance for Today A Personal Perspective encourages ordinary Christians to discover God's gifts in relationships and to work with people of all faiths to carry out God's mission to promote reconciliation justice and peace

**Curious Proviso** Robert C. Cox, 2019-01-11 Curious Proviso is a book about a common American experience of attending high school As you read the combined vignettes in this book think of a generalist's and journalistic approach Digging deeper became the modus operandi for the author Asking hard questions and describing the good the bad and the ugly are necessary in understanding the complex journey and condition of Proviso Observations made lead to changing perspectives on public education public education policy and lifelong learning Other reflections in politics economics race and gender relations popular culture personal identity and community development also come into play In totality it's a people story Told in a story form author Robert Cox informs readers about his experiences at Proviso East High School and the overarching negative perception that haunted its reputation The three part narrative covers Proviso change over four decades 1968 to today and bridging the 20th and 21st centuries Part One is part memoir and a part cultural history lesson that includes through interviews two additional perspectives from a classmate and a teacher who were both there in 1968 1972 Part Two discusses the ramifications of public education under attack public apathy hostile media punitive politics elections and political machines interference to student focused policies and practices Cox as a candidate and an elected Board of Education Member describes with candor his 2007 2011 experience with take aways Part Three informs about the present condition of Proviso East including the chronicles of a 21st Century 2008 graduate Proviso student and the school's planned reinvention and transformation from a failed system to a valued progressive education institution Curious Proviso is the closest thing to a Proviso Primer the informed general public could then use it to breakdown the barriers find common ground get supportive become an advocate for all students and then navigate the new Proviso East High School A sustainable model of hope for other American High Schools to learn from and ask questions about

Child Welfare in the United States Sylvia I. Mignon, 2016-11-28 Provides a balanced critical analysis of the child welfare system along with promising innovations Distinguished by its critical perspective this book delivers a balanced and comprehensive examination of the child welfare system in the United States today In a clear and accessible style it outlines key issues reviews the history of the child welfare system and explores the challenges to developing appropriate federal state and local policies that address child welfare concerns A chapter devoted to innovative and effective child welfare and prevention practices showcases examples of successful programs Additionally the book underscores the importance of coordination among human service professionals and organizations The text addresses issues related to the educational system homelessness poverty the juvenile justice system foster care and adoption It incorporates the perspectives of parents and children involved in the system who cite both positive experiences and bureaucratic challenges Child welfare workers themselves describe the professional and personal realities of their experiences working within the system Illustrative case examples of abused and neglected children add to

the text s value for BSW and MSW students studying child welfare Key Features Provides a comprehensive overview of child welfare issues in the United States today Offers case examples of abused neglected children and their families Includes the perspectives of parents and children involved with the child welfare system Incorporates the views of child welfare workers Provides examples of innovative practices in child welfare      *Talking Book Topics* ,2015      **Religious Telescope** ,1904
