Nevada City s dry hills from tens of miles away But what if all the water in every ravine creek and valley around Nevada City was controlled by just three men Well for three decades every miner farmer or business could only buy water from the powerful South Yuba Canal Company What would happen if you got into an argument with them Or couldn't afford to pay their water bill Or even dared to compete with them The book traces the ingenuity and hard work of the town s miners and ditch builders highlighting in detail the history and origins of various local neighborhoods including Nevada City itself Hirschman's Pond Sugar Loaf Mountain Deer Creek Scotts Flat Manzanita Diggings Gold Flat and various mining camps along Washington Ridge This vivid portrayal follows the area's evolution from the chaos of thousands of miners scratching out a living in clusters of muddy tents to a genteel town with hotels stores banks theaters and libraries What began as a search to uncover a sprawling network of old ditches turned into a collection of never before told stories of the gold miners the ruthless and greedy ditch company and the rivals that it crushed The domineering ditch company later enabled the next generation of monopoly to provide electrical power The story of PG E also started in Nevada City This in turn led to the now more forward looking stewardship of the Nevada Irrigation District The unique format of this book blends beautiful archival images with more than 35 in depth biographies of key figures in Nevada City This 884 page hardcover book includes over 600 photos and illustrations including 200 historic photographs and 75 hand crafted maps based on modern lidar technology that reveal the locations of the old mining ditches flumes mines and tunnels The Sunday at Home ,1894 Days for Boys and Girls ,1893 The Golden Book Magazine ,1925 **The Review of Reviews** William Thomas Stead,1907
