Nessan,2016-05-23 For religious communities to have integrity and credibility they must flourish as places of love and respect Every aspect of church life is defined and protected by essential boundaries boundaries around space time thought speech will emotion and behavior both for clergy and church members Lack of awareness and attention to boundary keeping diminishes the integrity of the church and harms its mission whereas insight and vigilance about best practices lend freedom and energy to the calling of the church to care for others and to reach out to the world In a flourishing Christian community a wide array of boundaries must be recognized celebrated and navigated from the boundaries that define and protect us as individual persons to role boundaries and the boundaries that define essential communal functions such as worship This book is no conventional account of boundaries It takes a comprehensive approach to the challenge of understanding and creating healthy boundaries It applies the lessons from the emerging field of behavioral ethics to the rich and rewarding complexity of boundaries in church life helping us to be more loving and responsible in how we think speak and act so that the church can be true to its identity and mission **New Feminist Christianity** Mary E. The Spirituality of Sex J. Harold Ellens, 2009-03-20 This book describes the psychospiritual facts of life about the pervasiveness of sexuality in all aspects of human life The energy developed by our libido is the dynamic source of all the forces that shape our experience life motives thought feelings desires and spiritual longings No facet of life is untouched or unshaped by this dynamo Whether we are sitting in church at worship in a meeting for business in a party for pleasure we are always aware of the gender of those who are around us and of their level of sensuality as it impacts us If we are not aware of that some wounding has produced an impairment in us that has forced us to repress the awareness inappropriately This work is not a how to manual so much as a description of the deep meaningfulness that can be found in the spirituality of sex It is designed to enlighten us about ourselves to give names to what we all feel all the time and do not know quite how to describe It is about savoring the spiritual flavor of sexual play and sexual union This is a book for everyone from the inquiring adolescent to the mature adult looking for what is missing in sex and relationships This is not a book mainly for Christians or Jews It is about the generic human spirituality in every one of us true believer and atheist alike It is about being human more fully and with greater satisfaction Human spirituality is best defined as our irrepressible hunger and quest for meaning in all aspects of life Human sexuality is best defined as our irrepressible hunger and quest for union with other persons and the meaning of life found in the wholeness that such union brings Sexuality and spirituality are not two different things They are two names for the same thing the irrepressible human quest for meaning fulfillment union and wholeness They are not two different forces nor are they in any way at odds with one another as they have been made to seem in the polarizing attitudes about sexuality and spirituality popular in human society thanks to the excessive and negative moralization of sex Here Ellens sheds new light on the interplay of sexuality and spirituality through the use of anecdotes observation and thoughtful analysis

Erotic Attunement Cristina L. H. Pastoral Care Dr. Karen D. Scheib, 2016-02-16 Christian pastoral care is a narrative ecclesial theological practice NET As a narrative practice pastoral care attends to the inseparable interconnection between our own lifestories others stories the larger cultural stories and God

s story As a ministry of the church pastoral care is an ecclesial practice that derives its motivation purpose and identity from the larger mission of the church to bear witness to and embody God s mission of love that extends beyond the church for the transformation of the world As a theological practice pastoral care is grounded in God s love story God s profound love for humankind heals our brokenness when human love fails and invites us into an ongoing process of growth in love of God self and neighbor Intended for those who provide care with and on behalf of religious communities author Karen Scheib focuses on listening and restorying practices occurring in the context and setting of congregations By coauthoring narratives that promote healing and growth in love pastoral caregivers become cocreators and companions who help others revise and construct life stories reshaped by the grace of God What Karen Scheib has done in this book is to reposition pastoral care as a theological activity performed in the context of the church She draws deeply upon her Wesleyan theological heritage upon an understanding of life in its fullness as growth in love and grace and upon a communion ecclesiology undergirded by a communal understanding of the Trinitarian life of God Thus grounded she envisions pastoral care first as a rhythm of the life of the whole church and secondarily as a work of trained pastors In her vision pastoral care is rescued from a narrow understanding of it as exceptional acts of intervention performed only in moments of dire crisis Instead it becomes a daily practice of pastoral care an attending in love to the stories of others and a listening for ways God is already present in a life story Solidly theological grounded in the life of the church and eminently teachable Karen Scheib has given us a great gift in this book from the Foreword Thomas G Long Bandy Professor of Preaching Emeritus Candler School of Theology Emory University Atlanta GA In a wonderfully engaging reflective and useful way Karen Scheib captures something absolutely essential to pastoral care and yet often overlooked the utter centrality of storytelling listening the power of stories to heal and their vital connection to bigger stories told within religious communities This book is a real milestone reclaiming the importance of narrative knowing and grounding care not only in community but also within a comprehensive theological framework Bonnie J Miller McLemore E Rhodes and Leona B Carpenter Professor of Religion Psychology and Culture The Divinity School and Graduate Department of Religion Vanderbilt University Divinity School Nashville TN Implementing narrative personality and therapy theories and anchored in ecclesiology and Wesleyan theology NET Karen Scheib s book advances a long awaited and holistic approach to pastoral care Her NET approach presents the embodiment of pastoral care by emphasizing both narrative and paradigmatic knowing proposes the subjectivity of our stories in pastoral care by pointing out the interchangeability between us and our stories as subject and object and underscores the dynamic process of pastoral care through the interconnection of the storyteller listener and context Scheib s image of story companion contributes to the field as a new paradigm of pastoral care and promises to be a significant resource in generating hope and growth in love for both pastoral caregiver and receiver Angella Son Associate Professor Drew University Madison NJ Pastoral theologian Scheib describes a narrative ecclesial and theological approach for listening to people s life stories in such a way as to engender

spiritual formation and growth in love Scheib clarifies the connections between caring conversations and Christian theology Clear and accessible prose as well as helpful exercises and discussion starters make this a fine teaching text The Christian Century Sept 29 2016
