Duped Jeffrey Kottler, Jon Carlson, 2011-01-19 In this book Jeffrey Kottler and Jon Carlson turn their well polished therapy microscopes onto the subjects of lying falsehood deceit and the loss of trust in the counseling room What do clients lie about and why When do therapists mislead or withhold information from their clients What does it all mean In their exploration of this taboo material the authors interview and share stories from dozens of their peers from all practice areas and modalities and ranging from neophytes to established master practitioners Their stories and reflections cast some light on this fascinating topic and will help to start a more honest dialogue about difficult subject matter **Canadian Journal of**

Psychiatry, 1986 Comprehensive Handbook of Psychotherapy, Integrative / Eclectic Florence W. Kaslow, Jeffrey J. Magnavita, Terence Patterson, Robert F. Massey, Sharon Davis Massey, Jay Lebow, 2002-04-24 This is the first comprehensive reference to integrate and cover the most widely used psychotherapy approaches Each of the four volumes covers theoretical underpinnings of the therapeutic modality for the major populations children adults couples and families Each volume addresses the major psychological and emotional disturbances that the psychotherapy model is most effective in treating Midwest The Pathological Liar Debbie Welsch, 2015-10-14 We've all lied one point or another in our life Perhaps it was to avoid embarrassment to avoid hurting a person's feelings out of sheer convenience or for another reason with generally innocent intent However there are people out there who lie habitually intentionally deceiving others without remorse These people are known as Pathological Liars Oftentimes the tendency to lie is so deeply entrenched in a pathological liar's personality that the lies become interwoven with reality such that even he himself believes them If you know a person like this or worse if you're stuck in a familial or romantic relationship with one it's only normal for your frustration level to skyrocket on a regular basis when you feel like you're constantly being lied to In fact living with a pathological liar can be emotionally dangerous You can't trust or rely on them and with such a lack of trust it's impossible to forge a meaningful honest and fruitful relationship I'm sure you're wondering by now So can anything be done about this Fortunately the answer is Yes Although it can seem like a gargantuan task with a little bit of understanding and a lot of effort it is possible to turn the habitual liar in your life into an honest individual that you can finally trust This book is designed to help you understand exactly what compulsive lying disorder is all about including how pathological liars think in their own minds And most importantly it will also provide you with a framework within which you can learn to cope and help force them to stop lying to you altogether So if this sounds appealing then grab this book now and let's get started **The Liar's Redemption** Karl Walsh, 2003-10 This book is a developmental guide created to help those who have trouble lying overcome their mental illnesses Why they lie why they can't stop lying and why they wish they could If you are a liar or if you have a friend or a family member who is one there is hope Now find out how to help Offer what most of these people are looking for a chance for redemption **How To Stop Being a Compulsive Liar** Jamie Williams, The only book you'll ever need to completely

Compulsive Lying Mastery David Whitehead, 2021-04-13 Regain Trust in Your life not just for your loved ones but for yourself All of us lie from time to time however telling lies tends to be a daily routine for a compulsive liar Dealing

with a person who is a compulsive liar might be a very hard thing to do A person suffering from compulsive lying disorder will always try to resort to lies no matter what the situation is For compulsive liars lying just becomes a habit In simple terms lying tends to be second nature Not only do compulsive liars try their best to bend the actual truth with any kind of issue small or large they also tend to take comfort in this Lying is the only thing that feels right to a person who is suffering from compulsive lying disorder Well compulsive lying can easily make things more complicated it is often regarded as the symptom of some larger personality disorder which just makes the problem even more difficult to resolve Within these pages you will find An in depth dive into compulsive lying and certain disorders Signs and symptoms of a compulsive liar Reasons why one needs to stop lying Treatment options Knowledge about the consequences of lying Preventing lying in relationships The road to recovery There are various therapy options available for compulsive lying disorder However admitting to yourself that you are having compulsive lying problems is a considerably frightening thing to address When lying turns out to be a habit and you find your lies hurting others it is time to change Lying is not always bad but if things have gotten out of hand it is time to address this problem now
