Saunders, 2023-02-28 Gaining New Insights from Hebrews God's interactions with Israel were a foreshadowing of the perfect reality in the person of Jesus absolutely God and absolutely human Jesus came to earth to establish his kingdom and all that God had initiated in the old covenant There is a continuity of theological understanding as we move from the Old Testament to the letter sent to the Christians in Rome The discussion on the theology of mission in the New Testament usually focuses on Jesus and Paul with minimal attention given to the General Epistles However Reading Hebrews Missiologically tries to fill that gap and focuses on the theology of mission in the book of Hebrews and fleshes out the unique contribution it has to the discussion of a New Testament theology of mission The twelve contributors from various theological geographical and missiological contexts explore the missionary motive the missionary message and the missionary method of the Epistle to the Hebrews All Scripture can be read missiologically and the letter to the Hebrews with its emphasis on the supremacy of Christ is no exception We pray that this book will inspire fresh approaches to practical

Questions relating to immigration are among the most heated topics on both sides of the Atlantic. Western societies have changed dramatically because of large scale immigration in the last decades. Christians are also engaged in the discussion attempting to find direction from the biblical texts. Overwhelmingly persons in leading positions both in the secular world and in churches and faith based organizations support the concept of welcoming the stranger. The Bible is seen by them as urging us to open the borders as wide as we can. In the broader population however reservations remain. This book written by a Bible professor who has witnessed mass migration first hand both in Europe and in the U S and who has been a migrant himself for over twenty years attempts to step back and look at the whole of the complex biblical witness instead of cherry picking passages that further a specific agenda. It also looks at the salient data on the ground in the fields of psychology demography economy and security data that can no longer be ignored when trying to apply the Bible in a responsible way. The book demonstrates the shortcomings of the vast majority of biblical and theological publications on the issue of immigration and presents a comprehensive argument for the use of wisdom and caution and against short sighted and emotionally driven policies supporting open borders. **The Ambivalent Impact of Religion on Human Rights**

Hans-Georg Ziebertz, Francesco Zaccaria, 2021-11-15 This volume presents the most recent joint study of the research group Religion and Human Rights. This text is comprised of studies carried out in twelve countries and divided into three parts according to their respective three continents. Almost 10 000 youths have participated and all chapters deal with the question of whether and to what extent religious or worldview convictions hinder or favor the support of human rights. Studies are comparative on multiple levels because of the many religious groups and countries. The studies take into account personal religious and socio cultural differences showing the ambivalent role of religion in the striving to make the world safer more democratic just and compassionate thru human rights. This text appeals to students and researchers. **Mission in Praise,**

**Word, and Deed** Edward L. Smither, Jessica A. Udall, 2023-09-26 Listening to the Voices of Global Practitioners In Christian mission we cross boundaries between the people of God and the not yet people of God declaring God's glory among the nations. Ps 96:3 Mission begins and ends in worship. In mission we proclaim the death burial and resurrection of Christ. We also care for the whole person. Thus at its core mission intertwines praise word and deed. This book represents the latest in missiological thinking. Though some contributors are scholars and even professors most are field practitioners evangelists church planters Bible translators medical professionals refugee workers and community development specialists. Based on

decades of faithful service they report on what they have learned about mission Mission in Praise Word and Deed addresses a wide range of critical concerns such as informal theological education Bible translation business as mission trauma care and working on multicultural teams As we ponder best mission practices it s wise to hear from global practitioners those who have been at it for a long time This book represents the diversity of the global church They are men and women from Africa Asia Latin America North America and Europe who have served or presently serve in places across the world These contributors share the conviction that the future of missions involves a growing global church and missionary workforce joining hands to complete the Great Commission amid severe opposition and disruption

Boursier, 2019-02-15 Set against an ethical theological philosophical framework of the role of love in the Abrahamic tradition Islam Judaism and Christianity The Ethics of Hospitality highlights the personal witness of refugee families seeking asylum from the Northern Triangle in Central America to the U S Their heart wrenching stories include why they fled their homelands their experiences along the arduous overland journey and their inhospitable reception when they arrived to the U S and requested asylum It includes an overview of the systemic connections between the U S and the violence which catapults these families to seek safety The voices of the families join the witness of interreligious volunteers of greater San Antonio who assist the refugee families in diverse capacities and who testify to the mutual blessing they receive when love of God expressed as love of neighbor becomes central to the immigration conversation Ultimately the proposal is that the interreligious community has the privilege and responsibility to respond in love with refugees seeking asylum while also leading the outcry in the public square for their radical welcome
