## **Hidden Gospels How The Search For Jesus Lost Its Way:**

Hidden Gospels Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity

O'Dowd, 2014-06-04 Craig G Bartholomew and Ryan P O Dowd provide an informed introduction to the Old Testament wisdom books Proverbs Ecclesiastes and Job More than an introduction however this is a thoughtful consideration of the hermeneutical implications of this literature

Jesus Research James H. Charlesworth, Brian Rhea, Petr Pokorny, 2014-01-23 This volume explores nearly every facet of Jesus research from eyewitness criteria to the reliability of memory from archaeology to psychobiography from oral traditions to literary sources and from narrative criticism to Gospel criticism Bringing together a wide variety of topics and perspectives in one volume this ambitious collaborative enterprise casts light on important debates and encourages creative links between ideas new and old This distinguished collection of articles by internationally renowned Jewish and Christian scholars originates with the Princeton Prague Symposium on Jesus Research It summarizes the significant advances in understanding Jesus that scholars have made in recent years chiefly

through the development of diverse methodologies Even readers who are already knowledgeable in the field will discover unique angles from well known New Testament scholars and all will be brought up to speed on the current state of play within Jesus studies

Moo, 2009-05-26 Grasp the message of the New Testament by focusing on the essentials An Introduction to the New Testament focuses on historical questions dealing with authorship date sources purpose destination and so forth ensuring that the New Testament books will be accurately understood within historical settings For each New Testament document the authors also provide a substantial summary of the book s content discuss the book s theological contribution to the overall canon and give an account of current studies on the book including recent literary and social science approaches to interpretation This second edition reflects significant revision and expansion from the original making this highly acclaimed text even more valuable A new chapter provides a historical survey examining Bible study method through the ages The chapter on Paul has been expanded to include an analysis of debates on the new perspective The discussion of New Testament epistles has been expanded to form a new chapter This new edition is an ideal textbook for seminary students and will help a new generation better grasp the message of the New Testament

*The End of Biblical Studies* Hector Avalos, 2010-08-05 In this radical critique of his own academic specialty biblical scholar Hector Avalos urges his colleagues to concentrate on educating the broader society to recognize the irrelevance and even violent effects of the Bible in modern life

The Berlin-Strasbourg Apocryphon Alin Suciu, 2017-01-23 The incomplete state in which many Coptic writings have survived makes them difficult to assess and the text studied in this book is no exception Preserved in two fragmentary manuscripts the Berlin Strasbourg Apocryphon previously known as the Gospel of the Savior has been wrongly identified as a second century gospel which was bypassed in the formation of the Christian canon Alin Suciu demonstrates that this misunderstanding of the text derives from an insufficient knowledge of Coptic literature Rather the Berlin Strasbourg Apocryphon is one of the numerous apostolic memoirs a peculiar genre of Coptic literature which consists of writings allegedly written by the apostles often embedded in sermons attributed to famous church fathers These texts were composed following the Council of Chalcedon as part of the attempt of the emerging Coptic church to mold its identity after the schism

Ancient Gospel or Modern Forgery? Tony Burke, 2013-01-07 In 1958 American historian of religion Morton Smith made an astounding discovery in the Mar Saba monastery in Jerusalem Copied into the back of a seventeenth century book was a lost letter attributed to Clement of Alexandria ca 150 215 CE that contained excerpts from a longer version of the Gospel of Mark written by Mark himself and circulating in Alexandria Egypt More than fifty years after its discovery the origins of this Secret Gospel of Mark remain contentious Some consider it an authentic witness to an early form of Mark perhaps even predating canonical Mark Some claim it is a medieval or premodern forgery created by a monastic scribe And others argue it is a forgery created by Morton Smith himself All these positions are addressed in the papers contained in this volume Nine North American scholars

internationally recognized for their contributions to the study of Secret Mark met at York University in Toronto Canada in April 2011 to examine recent developments in scholarship on the gospel and the letter in which it is found Their results represent a substantial step forward in determining the origins of this mysterious and controversial text List of Contributors Scott G Brown Tony Burke Stephen C Carlson Bruce Chilton Craig A Evans Paul Foster Charles W Hedrick Peter Jeffery Allan J Pantuck Marvin Meyer Hershel Shanks Pierluigi Piovaneli *Dethroning Jesus* Darrell L. Bock, Daniel B.

Wallace, 2010-05-17 New York Times bestselling author Dr Darrell Bock teams up with Dr Daniel Wallace to help you separate fact from fiction among constant attacks on Christianity from popular culture and bogus scholars There is a quest going on to reduce Jesus to a mythic legend or to nothing more than a mere man Scholars such as Elaine Pagels and James Tabor are using recent discoveries like the Gospel of Judas and the Gospel of Thomas to argue that the Christ of Christianity is a contrived figure and that a different Christ one human and not divine is the true Christ Both research professors Bock and Wallace set out a vigorous defense of Christianity against a popular trend that they dub Jesusanity where Christ was simply a human teacher In their trademark easy to understand style the authors take on attempts to redefine Jesus in a convincing way that will help you understand that the orthodox understanding of Christ and his divinity is as trustworthy and sure as it ever was This book Refutes the six main claims that represent a large part of skepticism about Jesus today Provides credible answers to attacks on the traditional texts Defends against the interpretations of bogus scholars and the arguments of biased scholars Constructs a positive case for the Jesus of faith If you re exhausted by the constant attempts to dethrone Jesus renew the security of your knowledge of who Jesus really is the Son of God *Religion, Emotion, Sensation* Karen

O'Collins, 2011-05-27 This book identifies the distinguishing features of fundamental theology as distinct from philosophical theology natural theology apologetics and other similar disciplines Addressing the potential for confusion about basic Christian claims and beliefs Gerald O Collins sets out to relaunch fundamental theology as a discipline by presenting a coherent vision of basic theological questions and positions that lay the ground for work in specific areas of systematic

theology Rethinking Fundamental Theology examines central theological questions about God human experience and specifically religious experience the divine revelation coming through the history of Israel and through the life death and resurrection of Jesus human faith that responds to revelation the nature of tradition that transmits the record and reality of revelation the structure of biblical inspiration and truth as well as basic issues concerned with the formation of the canon the founding of the Church with some leadership structures the relationship between Christ s revelation and the faith of those who follow other religions O Collins concludes with some reflections on theological method Written with the scholarship and accessibility for which O Collins is known and valued this book will relaunch fundamental theology as a distinct and necessary discipline in faculties and departments of theology and religious studies around the world *Developing Social Science and Religion for Liberation and Growth* Chris Adam-Bagley,Mahmoud Abubaker,Alice Sawyerr,2023-11-25 This book integrates humanist approaches in enabling both spiritual growth and social science knowledge in advocating for the emancipation of exploited women children and youth based on critical realism Through an autoethnographic account of the first author s journey from being a secular Jew through Anglicanism to Quakerism and then Islam a pacifist based social science methodology is developed This approach describes attempts to understand and liberate sexually exploited youths in Bangladesh exploited women and girls in Pakistan and struggling women in Gaza Palestine The model attempts to integrate moral goals of Judaism Christianity and Islam in seeking peaceful co operation Secular humanism is added creating a research model which seeks the enhancement of human welfare through the universal ethic of the social contract in which humans and their welfare are both interesting and exciting A review of research on child sexual exploitation elaborates the model of child centred humanism The Gospel Hoax Stephen C. Carlson,2005 Secret Mark first became known to modern scholarship in 1958 when a newly hired assistant professor at Columbia University in New York by the name of Morton Smith visited the monastery of Mar Saba near Jerusalem and photographed its fragments Secret Mark was announced on the heels of many spectacular discoveries of ancient manuscripts in the Near East such as the Dead Sea Scrolls and the Nag Hammadi gnostic corpus in the late 1940s and promised to be just as revolutionary Secret Mark presents what appears to be a valuable albeit fragmentary witness to early Christian traditions traditions that might shed light on Jesus s most intimate behavior In this book Stephen C Carlson uses state of the art science to demonstrate that Secret Mark was an elaborate hoax created by Morton Smith Carlson s discussion places Smith s trick alongside many other hoaxes before probing the reasons why so many scholars have been taken in by it *Finding God in the Questions* Timothy Johnson,2006-02-07 Dr Timothy Johnson medical editor for ABC News discloses his deeply personal journey of faith investigating the plausibility of God s existence and exploring the significance of the person of Jesus Despite all the difficulties of faith he explains what he believes and why *Orthodoxy and Heresy in Early Christian Contexts* Paul A. Hartog,2015-01-30 Eighty years ago Walter Bauer promulgated a bold and provocative thesis about early Christianity He argued that many forms of Christianity started the

race but one competitor pushed aside the others until this powerful orthodox version won the day The victors re wrote history marginalizing all other perspectives and silencing their voices even though the alternatives possessed equal right to the title of normative Christianity Bauer s influence still casts a long shadow on early Christian scholarship Were heretical movements the original forms of Christianity Did the heretics outnumber the orthodox Did orthodox heresiologists accurately portray their opponents And more fundamentally how can one make any objective distinction between heresy and orthodoxy Is such labeling merely the product of socially situated power Did numerous valid forms of Christianity exist without any validating norms of Christianity This collection of essays each written by a relevant authority tackles such questions with scholarly acumen and careful attention to historical cultural geographical and socio rhetorical detail Although recognizing the importance of Bauer s critical insights innovative methodologies and fruitful suggestions the contributors expose numerous claims of the Bauer thesis in both original and recent manifestations that fall short of the historical evidence With contributions from Rodney Decker Carl Smith William Varner Rex Butler Bryan Litfin Brian Shelton David Alexander Edward Smither Glen Thompson

**Orthodoxy, Modernity, and Authenticity** Heather Bailey,2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored While commonplace now the idea that Jesus was merely human was at one time a novelty with significant socio political cultural and religious implications A case study in the Russian encounter with modernity *Orthodoxy Modernity and Authenticity* The Reception of Ernest Renan s *Life of Jesus* in Russia demonstrates that Renan s book has had long lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal Assessments of Renan s alternative belief system whether positive negative or mixed were often simultaneously evaluations of the moral socio political and spiritual condition of European society in general and Russian society in particular The interpretive history of Renan s *Life of Jesus* in Russia reveals a persistent

disillusionment with a strictly materialist interpretation of history and of life      Will Not Return Void John Allen Dearing, 2021-10-28 When one considers the early Christian church one is immediately struck by the exponential growth that the church experienced The inevitable question one must ask when considering the early church's rapid rate of growth is How did it happen While social forces plagues politics and ideology competitions were certainly factors in the growth of Christianity one would be remiss not to consider the methodology behind the considerable evangelistic effort made by the patristic church This dissertation analyzes the use of Scripture in the apologetic and evangelistic writings produced by Christian leaders within the Greek patristic tradition and their belief that Scripture was the primary tool given by God for the conversion of souls      Pro Ecclesia Vol 27-N2 Pro Ecclesia, 2018-04-30 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology      *Status Envy* Anne Hendershott, 2017-09-08 The debate within Catholic educational circles on whether church sponsored colleges and universities perpetuate mediocrity by giving too great a priority to the moral development of students instead of scholarship and intellectual excellence continues in this book by sociologist Anne Hendershott She asserts that part of the reason for the crisis of faith within Catholic colleges is due to status envy the desire to compete with the top colleges in the country Catholic universities are generally not rated as top notch They are viewed as having a lower status than secular institutions which of course creates resentment Catholic universities in turn become more secular as they become consumed with status concerns Detailing how this resentment manifests itself on campuses Hendershott explains faculty and administrative attempts to distance universities from Catholic ideas and curriculum Some have distanced themselves so far from their Catholic origins that the church no longer recognizes them as Catholic institutions The author questions whether even determined Catholic universities will be able to avoid the pressures to become more secular Hendershott who clearly sympathizes with the original mission of Catholic universities leads the reader through the earliest signs that Catholic colleges were beginning to lose their way in the 1960s up through the ongoing issues of feminism and homosexuality and their impact In focusing on these secular issues colleges are denying exposure to the traditional Catholic views on subjects such as homosexuality women's ordination and abortion Like all culture wars the interaction among people defines the situation The campus is a reflection of the greater culture between those who assert that there are no truths only readings and those who believe that the truths have been revealed and require constant rereading and application It is a conflict between those dedicated to the negation of the authority of Scripture and the hierarchy of the church and those proposing a renaissance of the Catholic intellect and a renewed appreciation of the church itself
