bestseller Above Top Secret called Sauder's book brilliant fascinating and revealing a must for all those interested in and concerned about the clandestine underground and undersea world beneath us Hidden In Plain Sight Timothy Allan Smith, 2024-06-13 Hidden In Plain Sight is a work that is almost twenty five years in the making The goal was to construct a guide for the fifty two witnesses that testified publicly before the House Select Committee on Assassinations But it doesn't stop there Through analyzation of witness testimony at the original hearings and comparing statements given before and after HSCA testimony author Tim Smith has brought the evidence into the year 2022 Based on fact testimony and independent inquiry Hidden In Plain Sight is a refreshing take on the HSCA and the Kennedy Assassination When you have eliminated the impossible whatever is left however improbable has to be the truth Sherlock Holmes Despite the hundreds of books that have been written on the Kennedy Assassination it is the only one to address the HSCA public testimony This is important because at the time we had the Warren Commission testimony The Clark Panel The Garrison Trial The Church Committee etc so the HSCA was the current evaluation of the case at that time in 1978 The HSCA is the next wave of evidence to analyze the Kennedy assassination so this book kind of resurrects a lot of names and data from that time period but as I've said if that is all it does it becomes one of the many dinosaurs in this case But it isn't because the updating of that evidence often juxtaposed with the evidence in 1978 gives it a fresh and current approach that is much needed in this case People will learn a lot from the book and while the book is not overly dogmatic it respects the reader to draw their own conclusions Let the evidence take them where it will and if they do there is a payoff in the end that was there all along hidden in plain sight For the first time in print you can follow the evidence presented to the House Select Committee on Assassinations by the 52 witnesses that testified in their fields of expertise during public congressional hearings Chief Counsel professor G Robert Blakey t **Project Disclosure** Bryce Zabel, Richard M. After Disclosure Richard Dolan,Bryce Zabel,2025-09-12 What if the UFO cover up is real and what if it ended After Disclosure poses this fascinating question and looks at the societal consequences of such a revelation Richard Dolan and Bryce Zabel have produced a thoughtful and provocative analysis that goes well beyond the usual scope of books on UFOs and alien life Nick Pope Former Chief of UK Ministry of Defence UFO DeskWhat if UFO secrecy ended tomorrow The transition from B C Before Confirmation to A D After Disclosure is the ultimate what if scenario in which the calendar is reset and history begins again This work of speculative non fiction combines meticulous fact finding from historian researcher Richard M Dolan and forward leaning scenarios from journalist screenwriter Bryce Zabel on the world s most mind bending subject The authors predict radical changes after official acknowledgment that at least some UFOs are intelligently controlled craft from somewhere other than Earth A D After Disclosure isn t afraid to make mind blowing specific predictions such as Congress will hold Watergate style hearings and ask secret keepers What did you know and when did you know it The first decade A D After Disclosure will be like a high tech 1960s spawning massive cultural and societal change Abductees will file a class action suit against the government for withholding critical information All the textbooks on planet Earth from history to science will need an immediate review Whether disclosure leads to social panic or

The Tantric Alchemist Peter Levenda,2015-09-01 The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists It uncovers works by Thomas Vaughan and suggests how he and his wife a 17th century Welsh couple unique in the history of western alchemy met their fate when dealing with forces they knew only too well but which were stronger than their ability to control them Using the works of Vaughan as his text Levenda applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements lead by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis
