that there is no better present than the gift of time This is another volume of musings thoughts opinions and silly comments accumulated over time appreciating life and loving the blessing of that appreciation Hiding in Plain Sight Theresa Miles, 2021-09-21 A refreshingly honest and authentic description of a courageous and often lonely life journey Theresa Miles is a technical writer by trade but now offers a completely unabashed chronicle about fighting for her own truth amidst a world of hidden disparities From each carefully crafted chapter comes a host of windows tools and graceful insights into an experience for anyone who has felt lost or alone giving a framework of self acceptance love courage resiliency Her rediscovery of purpose includes critical situational messages that touch on bias and bigotry when living in a self inspired role opposite and hidden from almost everyone Consider this book as a great gift for starting or continuing a conversation So goes the truism people don't know what they don't know Equally true is that to fully listen hear someone else's story you often follow a transformation of thought and replacement of preconceptions While every story is uniquely one's own the story of Hiding in Plain Sight speaks to the plight of so many marginalized communities and demonstrates how one spent nearly a lifetime working to put it all into perspective This work is a fantastic guide for folks navigating how to be a loving ally or advocate or simply those just wanting to understand more dynamically Asking self directed questions is often a great first step What began as a faith inspired gratitude journal served as the very foundation framework that Teri worked to keep before after her transition The book's key premise is that readers will learn from Teri's experience providing a prompt for LGBTQ youth and adults to begin their self analysis facing their challenge spelling out their thoughts wrestling with them as she has so masterfully done Hiding in Plain Sight isn't just a Testimony for Living it is a vital and unique life long account of perseverance Rediscovery is one of the most valuable genuine parts of our individual journeys on this Earth We live in a world of break neck speed with many who fall behind often living only within other's agendas and expectations serving a lifetime of unanswered questions about who they really are who they identify as and who can they turn to with unconditional support and love The proceeds from this insightful memoir pieced together during Covid 19 that will go to fuel the Miles in Front Foundation established to continue ensuring that Trans Non Binary Genderqueer persons no longer have to wait for the world to catch up These individuals deserve to live authentically and on the same level as everyone else Enough of the violence and baseless motives behind those who refuse to acknowledge their loving presence a true testimony to the diversity we all share on this planet This paper is one way I find gives me some self therapy by probing my past to help resurface pain points that have been left dormant to deal with them and dust them off to put all things into perspective Although like many there are many elements of my youth and past I would never want to repeat but also that I would never trade they make me who I am today Preface Hiding in Plain Sight Sometimes there aren't names or labels for things you know are true Sometimes your truth may be much more complicated than others can understand what you do with that knowledge makes all the difference Theresa Miles has chosen to take a stand forge a path where there hasn't always been one during her life

She has taken what some might label as years of turmoil and concentrated on pulling out key opportunities on which we can all be inspired This entire window into Teri s journey is just one way she is reaching out from the inside and will continue helping others find ways to write their story This can be one way for you to learn how to touch a part of your own heart that s been hiding
