*Girls Gone Skank* Patrice A. Oppliger, 2008-04-15 Instead of advancing women's social and professional empowerment popular culture trends appear to be backsliding into the blatant sexual exploitation of women and girls at younger and younger ages This study investigates the effects of mass marketed sexual images and cultural trends on the behaviors and attitudes of young girls and describes many ways in which young girls are increasingly taught to go to outrageous lengths in seeking male attention Topics include the powerful effects of cultural phenomena such as revealing fashions plastic surgery and beauty pageants in influencing teen and preteen girls to willingly participate in and promote their own sexualization These chapters also explore other cultural factors contributing to this early sexualization of young girls including absentee parenting and material overindulgence Later chapters focus on the sexual representations of females in the mass entertainment media focusing specifically on how popular magazines television programs films and the Internet prey upon promote and reinforce young girls physical and sexual insecurities

*High Maintenance Women* Lisa Portolan, 2023-03-08 A modern day women's manifesto a look at how love romance and the digital domain police women's behaviours Be the cool girl and get the guy Otherwise you're Too fat or too thin too clever or too stupid too free or too restricted You need to be Pretty but relatable not difficult not demanding yes virtually invisible Play down your attributes your wants your needs and most definitely don't be high maintenance The term high maintenance is part of everyday speech and usually refers to a woman who places a high value on her personal image wants or needs Often uttered within the context of dating the implication is the woman in question is too much hard work Rarely if ever do we come across the term high maintenance man On a daily basis women are deliberately portraying themselves as low maintenance chill and cool Hidden behind these seemingly insignificant even innocuous words is something far more sinister They tend to describe the multitude of ways women reign themselves in to appease men The high maintenance woman is too much to handle confirming known stereotypes that women are expected to be quiet subservient opinionless and always amenable That they shouldn't be difficult This rhetoric is dangerous It teaches women around the world and distressingly the next generation that they need to play into a male stereotype of what a woman should be and that's smaller and less than This is a call to arms to women To take up as much space as you like To be as clever as madeup as dull as vibrant as curious or as difficult as you choose To live wildly To occupy and embrace different spaces This is your moment to be yes high maintenance Embrace it
