Getting to the Core of Literacy for History/Social Studies, Science, and Technical Subjects, Grades 6–12 Vicky Giouroukakis, Maureen Connolly, 2013-05-14 Literacy is not just for English teachers anymore. The new Common Core English Language Arts Standards aren't just for English teachers. Fluent reading and writing are critically important to the study of history, social studies, science, and technical subjects too. What's more, the progress your students make is directly tied to their ability to process information they read and to express their ideas in writing. So how do you make literacy a focus of your teaching without taking time away from essential content? This practical resource, packed with teacher-tested CCSS-based sample lessons, shows you how using the Backward Design approach to set and meet your goals. Each lesson template includes the teaching strategies you'll utilize, ways to incorporate technology and media, variations for differentiation and interdisciplinary connections, links to the work of major educational theorists. Following these models, you'll set the CCSS in your sights and develop lessons that both meet standards and fit your classroom. Before you know it, you'll be infusing reading and writing across your curriculum in purposeful and meaningful ways.

Common Core Mathematics in a PLC at Work™, High School Timothy D. Kanold, 2012-05-09 This teacher guide illustrates how to sustain successful implementation of the Common Core State Standards for mathematics for high school. Literacy and the Common Core Sarah Tantillo, 2014-07-23 Tools and Insights for Meeting and Exceeding the Common Core Standards. Literacy and the Common Core offers K-12 teachers clear guidance on how to design units, lessons, and objectives to meet the Common Core State Standards in English Language Arts. It's filled with practical strategies that teachers can use immediately to target key standards, and it describes how to analyze the standards to support instructional planning and curriculum development. This book aims to make life a little easier for everyone: teachers, school leaders, parents, and students, as we all strive to prepare students for college and the careers they most desire. The book includes practical tools, templates, and rubrics ready to be downloaded and customized to meet your needs. Additional resources may be found on the companion site www.literacycookbook.com. Here are just a few of the essential topics addressed: Which standards to start with and how to tackle them; How to bridge the gap when students are not on grade level; How to engage and support parents; How to teach students to write effectively; How to translate the standards for actual use. Take the recipes in this book, make them your own, and enjoy your new Common Core Master Chef status.

Teaching to Exceed the English Language Arts Common Core State Standards Richard Beach, Amanda Haertling Thein, Allen Webb, 2012-06-25 As the new English Language Arts Common Core State Standards take hold across the United States, the need grows for pre-service and in-service teachers to be ready to develop curriculum and instruction that addresses their requirements. This timely, thoughtful, and comprehensive text directly

meets this need It delineates a literacy practices and critical engagement curriculum framework for 6-12 English language arts education that explains and illustrates how the Standards' highest and best intentions for student success can be implemented from a critical culturally relevant perspective that is firmly grounded in current literacy learning theory and research The first 6-12 English language arts methods text to be aligned with the Standards this book also addresses their limitations formalist assumptions about literacy learning limited attention to media digital literacies lack of attention to critical literacies and questionable assumptions about linking standards and text complexity to specific grade levels Specific examples of teachers using the literacy practices critical engagement curriculum framework in their classrooms shows how these limitations can be surpassed Features Moves the CCSS framework into a view that literacy is a contextualized social practice Challenges simplistic models that homogenize adolescent learners Adds the important element of critical literacy to English language arts classrooms Provides specific examples of teachers in action implementing these practices Interactive Companion Website with student and instructor resources The Website is designed to foster interactivity through participation in an online teaching planning simulation with a text video or case on one side of the screen and a chat box for instructors and students to share their reactions and planning ideas The Companion Website is linked to a wiki that serves as a repository for links activities units and further reading
