Fitzgerald, 2017-09-22 Sooner or later most people want to make a difference Even little things count Sometimes though we get the message that there's more we could be doing Jim is living a good life he doesn't have too much work has time to enjoy the outdoors has a great group of friends terrific parents and a girlfriend in the wings But the year he turns thirty when one friend is killed working for a charity in Afghanistan and another friend joins Doctors Without Borders he starts wanting to do more to give back But what One morning he hears a voice I have work for you Come and find it Following the voice Jim has a series of other worldly experiences that lead him to a simple spiritual practice that he and his friends use to help each other and the planet If you've ever wished you could make a difference but don't quite know how this book is for you This is both an engaging story and a how to guide everything you need to know is inside *I AM CRAZY AND YOU ARE TOO!* David Schecter , 2025-05-06 Let's be real life is messy people are complicated and yes we're all a little crazy That's exactly what David Schecter dives into in I Am Crazy and You Are Too This book isn't just a read it's a wake up call In the first part Schecter turns the mirror on us He asks us to look at our own fears addictions egos and choices no sugarcoating It's raw it's honest and it pushes you to do some serious self reflecting Then he flips the lens outward and takes on the world we live in our systems our culture our institutions like government religion and education But here's the twist instead of just pointing fingers he challenges you to think for yourself Use your common sense Take personal responsibility Cut through the noise This book isn't here to coddle it's here to wake you up If you're ready for truth with a side of sarcasm you're in the right place I have a BSBA in Marketing and an MBA from the University of Denver I also have over five years of experience in corporate roles My work includes market research development and forecasting I've worked in many areas like mining oil lumber shipping and consumer goods I've helped create cookbooks and calendars I've developed both industrial and residential real estate I've also owned businesses like a country bar and several car washes I've been on nonprofit boards and church councils I also stay active in real estate projects worth millions As a single father I

Cruickshank, Mental illness is the default state of every human being on the planet The truth is that we re all crazy If you don't believe me then try telling that to the voices in your head We all know this is true Every one of us lives out our lives with an entire collection of voices in our heads and this is completely normal Some voices are helpful some are empowering and some are even kind to others But then there are the other voices The tyrannical ones who torment and exploit us The ones who tell us that we re stupid that nobody likes us that we re unworthy of love and who constantly remind us that we re on the verge of being exposed as the incompetent imposter that we truly are Why do we do this to ourselves Why as a society do we condemn bullying yet accept the spiteful belittling critical bullies that live in our heads Why won't these voices go away and who put them there in the first place Whether we recognize it or not we re all innately predisposed to mental illness This conversation will help us understand the biological psychological and cultural vulnerabilities that push us toward mental illness It's only once we understand these issues that we can learn how to take the actions necessary to enhance our mental health It's time to face our inner critics It's time to stop posturing and playing the character that we re expected to be It's time to show up to the world as our true authentic selves Together we ll learn how to embrace our inner crazy how to make friends with the voices in our heads and how to redefine the culture of mental health **Smallmouth Bass Flies Top to Bottom**
