School was a difficult upsetting place and he was always at the bottom of the class. His battle with dyslexia meant that he felt stigmatised by a society that didn't understand him. Yet his determination to not be defined by his dyslexia created an ambition that has been matched by his business acumen. Now in his mid fifties John's optimism is still flowing. It is a measure of his character that on being diagnosed with non Hodgkin lymphoma the first thing he did was to buy a very run down Dromquinna Manor on 46 acres of overgrown grounds. Ten years later in the midst of a world pandemic that saw hotels closed all over the world John again bought a new hotel. This is a fascinating account of a man with the vision to create his own life against the odds that will inspire people everywhere to find their own way too.
