Anne de France and Her Family (1325-1522) Zita Eva Rohr, 2025-08-24 This book demonstrates that premodern elite and royal women were critical to the geopolitical success of late medieval territorial monarchies the progenitors of early modern states It aims to communicate the un exceptionality of female political influence in medieval and early modern Europe Manifesting sophisticated and informed leadership in times of challenge and transformation women such as Anne de France her matrilineal line and the elite women and girls in her orbit were key to early modern government politics and diplomacy Through a longue dur e case study this book examines generations of a premodern matriline culminating in Anne beginning with Elisabetta di Carinzia and her daughter Elionor de Sic lia continuing with Elionor s daughters in law moving into the territories of the insular and peninsular kingdoms of Naples into France with Elionor s granddaughter Yolande d Aragon and into England with Yolande s granddaughter Marguerite d Anjou to influence and underwrite powerful and influential territorial monarchies Together these women and the others discussed in this study form an important part of Anne de France s matrilineal heritage providing her with a historical template of lived political experience on which to construct her own gendered political theory and practice

Cathedrals and Cloisters of Northern France: Northern France. Alsace-Lorraine. Champagne. The Nivernais. Maine. Anjou Laval Elise Whitlock Rose, 1914

The Good King Margaret L. Kekewich, 2008-10-31 King Ren is little known beyond France yet through his controversial daughter Margaret of Anjou he affected events in England during the Wars of the Roses Ren s court rivalled Burgundy in its rich artistic culture and his claim to the kingdom of Naples started a process that led to enormous changes in the power structure of Southern Europe

Monsieur. Second Sons in the Monarchy of France, 1550-1800 Jonathan Spangler, 2021-11-28 For the first time this volume brings together the history of the royal spare in the monarchy of early modern France those younger brothers of kings known simply as Monsieur Ranging from the Wars of Religion to the French Revolution this comparative study examines the frustrations of four royal princes whose proximity to their older brothers gave them vast privileges and great prestige but also placed severe limitations on their activities and aspirations Each chapter analyses a different aspect of the lives of François duke of Alençon Gaston duke of Orléans Philippe duke of Orléans and Louis Stanislas count of Provence starting with their birth and education their marriages and political careers and their search for alternative expressions of power through the patronage of the arts architecture and learning By comparing these four lives a powerful image emerges of a key development in the institution of modern monarchy the transformation of the rebellious politically ambitious prince into the loyal defender even in disagreement of the Crown and of the older brother who wore it This volume is the perfect resource for all students and scholars interested in the history of France monarchy early modern state building and court studies
