It asserts that Jesus was not an actual person but was a creation largely based on earlier stories of deities or god men saviours who had been crucified and descended to and ascended from the underworld. It has been noted that Graves derived many of the most important facts collated in this work from the comprehensive 1833 work *The Anacalypsis* by Sir Godfrey Higgins. These works thus present an early variant of what would come to be known as the Jesus myth hypothesis *A Skeptic's Investigation Into Jesus* J. P.

Hannah, 2020-04-27 Does human life have any significance? The statements below have become widely accepted in the Western world: life is the accidental product of random events; the laws of physics are totally deterministic; science does not accept a connection between physical matter and human consciousness; theism is a conclusion from evidence while faith is speculation; science and faith are incompatible; offering contradicts the existence of a loving omnipotent God; Jesus was a compilation of pagan mythologies or a human teacher who was deified. But do these statements represent eternal truths? Are they logical conclusions based on established facts or merely opinions? What is the evidence? To investigate these and other questions of existence and faith, a skeptical academic objectively explored relevant aspects of philosophy, mythology, history, archaeology, cosmology, quantum physics, biochemistry, and various faiths that finally led to investigation of the Judeo-Christian Scriptures including the Dead Sea Scrolls and the gnostic gospels. The findings of this research not only challenge many modern assumptions but also have significant implications for our understanding of reality. Written with minimum technicality for general readership, this book presents a wide range of interesting and carefully confirmed facts relevant to the above questions. Whether you are an atheist or an agnostic, a Christian or a follower of another faith or have simply not been interested, this investigation provides valuable and surprising insights into the nature of the universe and our place in it.

people feel that they have been misguided by the church that promised to take care of them no matter what you believe it is all about believing and treating others well In the Name of Humanity Joseph Lewis,2003-04 How and why did circumcision begin Does every male child that comes into the world have a birth defect What outdated beliefs have also caused women to suffer for centuries If we were created in the image of God as the Bible tells us then why are we mutilating our children These questions and more and being asked by the author Joseph Lewis In this book he shares extensive research showing why he believes circumcision to be cruel brutal and unnecessary in addition to being completely unnatural Jesus : God, Man, Or Myth? Herbert Cutner,2000 Did pagan mythologies represent Christs miracles in order to convince them to accept the Christian faith Beyond these miracles is there enough evidence to prove there was a Jesus Cutner says no He also says that the Apostle Paul never portrayed Jesus as a man but as a spiritual being To Paul Christ is found in a spiritual sense within oneself as opposed to being an actual historical personage When the Church accepted Paul this inner reflection was outwardly projected by the Church into an actual man a saviour according to Cutner This might be why Paul was almost rejected by the Church his views posed a danger to those who might rely on their own spiritual knowledge rather than the authority of the Church Whether Jesus lived or not we still have a lot to learn about ourselves and our true place in the universe This book although critical may be useful in that respect Atrahasis Albert T. Clay,2003 The word Atrahasis means extra wise and refers to the earliest known name of Noah who built an ark and saved mankind from destruction This is that story from ancient Sumeria which many scholars believe was the original from which all known flood stories came from This was the most popular story in the ancient world and has survived for over five thousand years It is the only one that all cultures worldwide seem to share Why Was there really a great flood And why do we not explore the oldest known version carefully for clues That is the purpose of this book which also includes a number of other interesting flood story fragments and documents **Highlights of Templar History** William Moseley Brown,Simeon B. Chase,2003-04 The Knights Templar is a secret society that has existed for many centuries Few books have been written about them from an insiders point of view This book was originally released by the Grand Encampment of Knights Templar United States of America after seven years of historical research by an assigned committee The author Brown was a member of that committee and their purpose was to provide Templars with an accurate history of their organization It was for members only and much of the information is not found elsewhere We've also added from another source their Constitution and Abbreviated By Laws out of print for over 100 years as a service for potential members or for those who desire a better knowledge of the inner workings of the Templars These two works combined together will hopefully shed new light on an interesting and sometimes mysterious organization **Was Jesus Influenced by Buddhism?** Dwight Goddard,2000 Buddhism began and flourished half a millennium before Jesus was ever born Five hundred years is a long time for a religion to grow so Jesus could have easily been influenced by Buddhist teachings as proposed by this book There were many years in the life of Jesus that remain

unaccounted for Goddard reveals evidence that the Essenes of whom Jesus had contact with and may have been a member himself had strong Buddhist influences Reveals that the parallels between Jesus and the Buddha are more than just a coincidence **The Great Secret** Maurice Maeterlinck,2003-04 This book written by Nobel Prize winner Maurice Maeterlinck should be the essential text for those seeking the hidden origin of religion and the meaning of life itself The author explored the world s hidden mysteries for many years until stumbling upon a startling insight This spiritual insight from long ago is revealed early in the book He then follows it with a complete history of what arose on that foundation how the secret was carried to other ancient cultures around the world then up into modern times **Mushrooms and Mankind** James Arthur,2000 For thousands of years on our planet humanity has been involved in a symbiotic relationship with plants Not only have plants supplied mankind with a never ending food source the necessary nourishment for our bodies and life itself but they have also served us in another way an extremely important and intricate one yet an often overlooked one This book uncovers the natural link between man consciousness and God *Matrix of Power* Jordan Maxwell,2000-05 Who really runs the world Who controls the money the politics and almost every facet of life without you knowing a thing about it Is such a thing possible Maxwell grew up in a family that had high ranking insiders in international politics and religion so had access to information that few people could imagine He continued with a lifetime of investigation and is now considered the worlds foremost authority on ancient religions and modern conspiracies He has appeared on three CBS television specials and countless radio shows His work on the true meaning of symbols in politics religion and major corporations is also covered in this highly illustrated book Explore this fascinating subject with a man who has devoted a lifetime of study to uncovering our hidden masters **The Publishers Weekly** ,1912
