Key Questions In Cardiac Surgery:

Key Questions in Cardiac Surgery Narain Moorjani,,Nicola Viola,,Sunil K Ohri,2011-03-01 Winner of a HIGHLY COMMENDED AWARD in the Surgical specialties category of the 2011 BMA Medical Book Competition Key Questions in Cardiac Surgery will systematically cover all the main topics involved in the current practice of a cardiac surgeon It will incorporate current guidelines for practice such as from the American Heart Association and European Society of Cardiology and up to date information based on current literature The data and body of knowledge presented in this book are strictly evidence based which makes it ideal as a revision aid for residents registrars undertaking their Cardiothoracic Surgery Board examinations around the world Although these examinations vary in format in different countries this book is applicable to all cardiothoracic surgical trainees Its concise yet complete coverage of the important topics make it the ideal guide to answer the key questions in cardiac surgery that are asked within the confines of an examination Cardiologists cardiothoracic intensive care unit specialists nursing staff physiotherapists and other professions allied to medicine both surgical and cardiological will also find the book useful in terms of the indications and surgical management of these patients as they are integral to the cardiac surgical process

Key Questions in Cardiac Surgery, 2nd edition Narain Moorjani,Nicola Viola,Christopher Caldarone,2024-01-01 This is the 2nd edition of Key Questions in Cardiac Surgery which has become the must read book for all cardiac surgical practitioners and is part of the revolutionary Key Questions series of cardiothoracic surgical textbooks including Key Questions in Thoracic Surgery and Key Questions in Congenital Cardiac Surgery The 1st edition was an international bestselling cardiac surgical textbook for many years being the most popular cardiac surgical book on amazon with amazing feedback and reviews It also received a Highly Commended Award at the British Medical Association BMA Medical Book Awards and has been placed on the US Thoracic Surgery Directors Association TSDA recommended reading list for American cardiothoracic surgery residents and fellows Key Questions in Cardiac Surgery provides a systematic overview of the important topics in contemporary adult cardiac surgical practice The text is evidence based incorporating current literature and has been updated from the 1st edition with the most recent American Heart Association and European Society of Cardiology guidelines This illustrated concise text is a practical and clinically focused book that covers all the key questions in cardiac surgery Additional chapters on statistics and pulmonary embolism have been included with the main chapters having been updated describing contemporary surgical techniques and management philosophies Whilst being an ideal reference for cardiac surgical trainees and residents especially when undertaking their cardiothoracic surgery board examinations this book is also of great value to other specialties involved in the care of cardiac surgical patients including cardiologists cardiothoracic intensivists nurses and physiotherapists Here are just a few of the reviews on the 1st edition Although this book is aimed at cardiac surgical trainees and residents the authors refreshing approach of posing questions and answers as a teaching tool makes this a joy to read for someone who has been practising

cardiac surgery for over 30 years It is beautifully presented with exceptionally clear diagrams interposed with photographs a combination which works well Overall this is an exceptionally well produced book which is a delight to read and is likely to run to several more editions Professor of Cardiac Surgery Royal Brompton Hospital London UK on behalf of the British Journal of Cardiology I recommend this book for cardiac surgery trainees full fledged surgeons and also for other medical practitioners wanting a brief and precise overview into our speciality without having to pick up heavy textbooks and spend precious time searching for information Professor of Cardiac Surgery University Hospital Zurich Switzerland on behalf of the European Society of Cardiology The title of this book Key Questions in Cardiac Surgery is appropriate since it covers systematically all questions asked in examinations or during the ward round It is written in a question answer format which makes it interesting to read The illustrations are very good The diagrams have been made in such a way that they provide a surgeon s view This book is based on the guidelines issued by the American Heart Association and European Society of Cardiology and incorporates facts based on current scientific literature Each chapter has a list of key scientific references for further reading We would recommend this book as a companion for all cardiac surgery and cardiology trainees perfusionists and cardiac anaesthesiologists Overall this book provides a practical and new approach to understand adult cardiac surgery Professor of Cardiac Surgery Editor in Chief on behalf of the Indian Journal of Thoracic and Cardiovascular Surgery A wonderful book I have been looking for such a book for a very long time It gives a global view on all aspects of adult cardiac surgery with emphasis on the important points It is written in a very smooth and easy way Its size is perfect so it can be carried everywhere In my opinion it is a must have book if one is preparing for the speciality exam Junior and senior trainees will also find it helpful during their career Waterstones review it is a definite must have for all cardiac surgery trainees It not only covers practical issues but also those areas that are favourites of examiners It will also be of use to those experienced cardiac surgeons who have to take recertification exams in the US or for those who are simply looking for questions and the answers to throw out on ward rounds Amazon review What a fantastic book that covers all the important topics for everyday practice in cardiac surgery It answers all the questions asked on a ward round and also the exams and is perfect to read between cases or whilst on call The book is written in a concise structured and easy to read manner The best part of the book is its colour illustrations and the text They seem to have been drawn from a surgical perspective and beautifully illustrate the important features when operating On top of that the book has hundreds of cardiac investigations images that demonstrate all the different pathologies Amazon review Covering all aspects of cardiothoracic surgery by highlighting the most important details for sure it can be the guide for every cardiothoracic trainee Easy to read and understand perfect illustrations and full of secrets and details that only experienced surgeons would be aware off Amazon review This is an amazing book It is the only text I came across that puts all the important information in one place without having to dig around the internet or several textbooks The book is very well written with a simple question and answer style that also lends itself to reading in

small segments as well as concentrated revision It comprehensively covers the basic sciences cardiac investigations cardiopulmonary bypass cardiac surgical diseases and the post operative management of these patients It answers all the questions that are asked in the operating room on rounds or in an oral examination Unlike other revision texts this book has an amazing array of colour images both illustrations and real radiology cardiology investigations which help to explain the key concepts Surgical anatomy and technique is clearly demonstrated The book also has a fantastic collection of all the seminal publications important for contemporary cardiac practice especially in the coronary artery disease and heart failure chapters It also includes all the up to date American and European guidelines including the recently published ESC coronary revascularisation recommendations Amazon review

Key Questions in Congenital Cardiac Surgery Narain

Moorjani,Nicola Viola,Christopher A. Caldarone,2022
