undertaking a research project Christopher Lamont is Dean of E Track s International Relations program and Vice Dean of the Graduate School of International Relations at Tokyo International University in Japan Mieczyslaw P Boduszynski is Associate Professor of Politics and International Relations at Pomona College in California USA **The Concept, the Meaning and the Phenomenon New World Order** Casian Anton,2024-11-01 In this research paper I have explored and deepened the concept meaning and phenomenon of New World Order NWO through a structured approach inspired mainly by the logical order used by Ludwig Wittgenstein but also by the ideas of Thomas Hobbes My aim is to achieve five key objectives i to present an innovative method to build a concept starting from etymological bases ii to explore the meanings attached to each individual term new world order followed by their reunification in a single concept iii to examine the process of forming a concept based on three specific terms and to analyse how they combine to create a central idea iv to explore the NWO phenomenon by exposing its stages to discover key concepts theories and other theoretical main lines of research that contribute to its development and understanding v to review the existent literature and to extract key points and lines from existing theoretical debates and identifying real examples from world politics that reflect the concept and phenomenon of NWO By using Ludwig Wittgenstein s method I aimed to show not only the content and meaning of NWO as a concept but also the process and form of its construction The method used has the ability to offer an atomistic understanding of how complex ideas are built from their fundamental elements revealing how they intertwine to create a solid theoretical conceptual framework It is time to discover the concept meaning and phenomenon of New World Order in its truest form

Politics: The Key Concepts Lisa Harrison,Adrian Little,Ed Lock,2015-02-11 Politics The Key Concepts is an up to date and broad ranging introduction to the terms that lie at the heart of political discourse Entries are drawn from areas such as political theory international politics political science and methodology As well as explaining core established principles this informative guide explores some of the more complex topical and contested concepts from the world of politics Concepts covered include Capitalism Class Identity Institutionalism Referendum Marxism Pluralism Postmodernism Socialism Social Constructivism In an accessible A Z format with helpful cross referencing and suggestions for further reading Politics The Key Concepts is an invaluable reference for all students of politics international relations and related courses **Concept, Meaning and Phenomenon: I(i)nternational R(r)elations and New World Order** Casian Anton,2024-11-15 This volume brings together two pivotal research papers that delve into distinct yet interconnected themes The Concept and the Meaning of I i nternational R r elations and The Concept the Meaning and the Phenomenon New World Order These research papers unified in one volume share a common method of inquiry drawing more inspiration from Ludwig Wittgenstein s Tractatus Logico Philosophicus than from Thomas Hobbes s Elements of Natural and Political Law The rigorous clarity precision and structured thought processes employed in both papers offer the ideal lens for examining complex and multidimensional concepts Through an atomistic approach we can dissect the meanings of terms and their interrelations to uncover deeper

insights into these well known ideas A special chapter What is Phenomenon exclusive to The Concept the Meaning and the Phenomenon New World Order appears separately offering further depth into this particular theme The volume also concludes with a comparative chapter on the differences and similarities between I i nternational R r elations and New World Order This volume not only achieves its objectives of providing fresh perspectives on I i nternational R r elations and the New World Order but also completes a research journey that began in 2009 during my university studies I am thrilled to present these ideas in a cohesive thoughtful form the culmination of years of passion and dedication I trust that this volume will be valuable to both those embarking on their research in International Relations and seasoned scholars I believe these research papers have the potential to inspire new ways of understanding the world and its evolving dynamics

The Concept and the Meaning of I(i)nternational R(r)elations Casian Anton, 2024-10-25 In this research paper I have explored the concept of I i nternational R r elations with a focus on three key goals i presenting two distinct methods of writing and their representations ii examining the meaning associated with each method and iii uncovering the process of concept creation based on the interaction between two terms This research sets out to achieve the following objectives i to resume the attempt to theorise the concept of international relations from the etymological bases ii international relations is based on a wide range of concepts and I want to show the sources of the creation of a concept iii to supplement and contribute to the existing literature that discusses this concept iv to contribute to the historical development of the International Relations interdiscipline v to offer an answer to the crisis of ideas that haunts the science of IR By achieving these objectives this research paper makes a significant contribution to both the theoretical and practical understanding of I i nternational R r elations The insights generated here provide a strong foundation for future research while addressing ongoing theoretical challenges It is time to explore and understand the concept of I i nternational R r elations in its most authentic form Third Edition October 2024
