Nietzsche and Jewish Political Theology David Ohana, 2018-10-04 Nietzsche and Jewish Political Theology is the first book to explore the impact of Friedrich Nietzsche's work on the formation of Jewish political theology during the first half of the twentieth century It maps the many ways in which early Jewish thinkers grappled with Nietzsche's powerful ideas about politics morality and religion in the process of forging a new and modern Jewish culture The book explores the stories of some of the most important Jewish thinkers who utilized Nietzsche's writings in crafting the intellectual foundations of Jewish modern political theology These figures' political convictions ranged from orthodox conservatism to pacifist anarchism and their attitude towards Nietzsche's ideas varied from enthusiastic embrace to ambivalence and outright rejection By bringing these diverse figures together the book makes a convincing argument about Nietzsche's importance for key figures of early Zionism and modern Jewish political thought The present study offers a new interpretation of a particular theological position which is called heretical religiosity Only with modernity and paradoxically with rapid secularization did one find heretical religiosity at full strength Nietzsche enabled intellectual Jews to transform the foundation of their political existence It provides a new perspective on the adaptation of Nietzsche's philosophy in the age of Jewish national politics and at the same time is a case study in the intellectual history of the modern Jewry This new reading on Nietzsche's work is a valuable resource for students and researchers interested in philosophy Jewish history and political theology

Is ET Here? Robert C. Trundle, 2005 Astronomer Carl Sagan believed that modern physics was not discovered centuries earlier because it was deterred by religious superstition suggesting that ET's advanced civilization would be due to an unbiased pursuit of science Human pride and an imposition of politics on science are the best explanations for impeded scientific progress and a closed mindedness to the most astonishing possibility in history that ET is here The first philosopher to have written both a professional article and book in support of ET's probable presence Dr Trundle combines his expertise in Ethics Politics and Theology with an impressive array of material from UFOlogists and military experts to argue that ET has in fact been around for quite some time Illustrated throughout b/w Includes a momentous admission from C McClelland former ScO Space

Shuttle Fleet Kennedy Space Center 1958 1992 **Science, Ethics, and Politics** Kristen Renwick Monroe, 2015-11-17 The relationship between science and ethics has been subject to much debate This volume demonstrates the mutually beneficial relationship that can take place between ethics and science It presents work that utilises the tools of science broadly conceptualised to elucidate ethical issues showing that careful scientific analysis of ethical issues can reveal new insights This is supplemented by conversations with the authors some of them pre eminent scientists addressing issues of ethics including two Nobel laureates to learn how they came to the study of ethics and ask how they conceptualise and think about ethical issues Science Ethics and Politics provides substantive insight into particular ethical issues ranging from issues of torture during war to parents obligations to children This book is designed as a complement to traditional texts on ethics and should appeal to students of ethics as well as to the general public **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1862 *Canadian Magazine of Politics, Science, Art & Literature* ,1894 Collected Works of Theodore Parker, Containing His Theological, Polemical, and Critical Writings, Sermons, Speeches, and Addresses, and Literary Miscellanies Frances Power Cobbe, Theodore Parker, 2024-05-31 Association Men ,1925 *The London Review of Politics, Society, Literature, Art, & Science* ,1863 The Canadian Magazine of Politics, Science, Art & Literature ,1910 *The Canadian Magazine of Politics, Science, Art, and Literature* J.
