Food and World Culture Linda S. Watts, Keltie Clark-Mahoney, 2022-08-23 This book uses food as a lens through which to explore important matters of society and culture. In exploring why and how people eat around the globe, the text focuses on issues of health, conflict, struggle, contest, inequality, and power. Whether because of its necessity, pleasure, or ubiquity, the world of food and its lore proves endlessly fascinating to most people. The story of food is a narrative filled with both human striving and human suffering. However, many of today's diners are only dimly aware of the human price exacted for that comforting distance from the lived world realities of food justice struggles. With attention to food issues ranging from local farming practices to global supply chains, this book examines how food's history and geography remain inextricably linked to sociopolitical experiences of trauma connected with globalization, such as colonization, conquest, enslavement, and oppression. The main text is structured alphabetically around a set of 70 ingredients, from almonds to yeast. Each ingredient's story is accompanied by recipes. Along with the food profiles, the encyclopedia features sidebars. These are short discussions of topics of interest related to food, including automats, diners, victory gardens, and food at world's fairs. This project also brings a social justice perspective to its content, weighing debates concerning food access, equity, insecurity, and politics. World Food

Gastronomica Reader Darra Goldstein, 2010-02-21 Described in the 2008 Saveur 100 as "At the top of our bedside reading pile since its inception in 2001, the award-winning *Gastronomica*, The Journal of Food and Culture, is a quarterly feast of truly exceptional writing on food. Designed both to entertain and to provoke, *The Gastronomica Reader* now offers a sumptuous sampling from the journal's pages, including essays, poetry, interviews, memoirs, and an outstanding selection of the artwork that has made *Gastronomica* so distinctive. In words and images, it takes us around the globe through time and into a dazzling array of cultures, investigating topics from early hominid cooking to Third Reich caterers, to the Shiite clergy under Ayatollah Khomeini, who deemed Iranian caviar fit for consumption under Islamic law. Informed throughout by a keen sense of the pleasures of eating, tasting, and sharing food, *The Gastronomica Reader* will inspire readers to think seriously, widely, and deeply about what goes onto their plates. *Gastronomica* is a winner of the Utne Reader's Independent Press Award for Social

Cultural Coverage *Pesach for the Rest of Us* Marge Piercy, 2009-04-02 Every year poet and novelist Marge Piercy creates her own Passover seder with a group of family and friends Babies have been born and grown up friends have moved or divorced but the principals continue to gather in her rustic Cape Cod home to participate in a seder that Piercy takes joy in tweaking each spring to make it more meaningful In this journey through the ritual Piercy coaxes us toward a significant contemporary interpretation rather than an emphasis on what is strictly correct or traditional She reminisces about her grandmother who thought herself unworthy to lead a seder because of her limited Hebrew but presided morally at the table she urges adding an orange to the seder plate she even describes her heroic efforts to make her own gefilte fish an experiment not to be repeated Piercy offers her distinct slant on each element of the feast and provides dozens of her own wonderful recipes which she delivers in the same warm commanding voice as is heard in her poems and prose When I told Ira that I was going to explain how to cook matzoh brei he thought I was crazy Everybody knows how to make matzoh brei he said But I am of the opinion that there is no longer anything that everybody knows how to cook It is in that spirit no question too simple that Piercy welcomes readers to her kind of seder a homemade and personal affair the kind we all wish we could attend This charming and instructive book of Passover wisdom brimming with favorite dishes and Marge Piercy's own moving Passover poems and blessings invites us to look at an important Jewish ritual in a whole new way *In the Devil's Garden* Stewart Lee Allen, 2007-12-18 Deliciously organized by the Seven Deadly Sins here is a scintillating history of forbidden foods through the ages and how these mouth watering taboos have defined cultures around the world From the lusciously tempting fruit in the Garden of Eden to the divine foie gras Stewart Lee Allen engagingly illustrates that when a pleasure as primal as eating is criminalized there is often an astonishing tale to tell Among the foods thought to encourage Lust the love apple now known as the tomato was thought to possess demonic spirits until the nineteenth century The Gluttony course invites the reader to an ancient Roman dinner party where nearly every dish served from poppy crusted rodents to Trojan Pork was considered a crime against the state While the vice known as Sloth introduces the sad story of The Lazy Root the potato whose popularity in Ireland led British moralists to claim that the Great Famine was God's way of punishing the Irish for eating a food that bred degeneracy and idleness Filled with incredible food history and the author's travels to many of these exotic locales In the Devil's Garden also features recipes like the matzo ball stews outlawed by the Spanish Inquisition and the forbidden chocolate champagnes of the Aztecs This is truly a delectable book that will be consumed by food lovers culinary historians amateur anthropologists and armchair travelers alike Bon app tit *The Shabbat Elevator and other Sabbath Subterfuges* Alan Dundes, 2002-01-21 There are literally hundreds if not thousands of books written about Judaism and Jews but this book is unlike any previously published It focuses on the topic of circumventing custom with special emphasis on the ingenious ways Orthodox and other Jews have devised to avoid breaking the extensive list of activities forbidden on the Sabbath After examining the sources of Sabbath observance as set forth in the

Old Testament the New Testament and rabbinical writings some of the most salient forms of circumvention are described These include riding a special Shabbat elevator unscrewing the lightbulb in the refrigerator constructing an eruv a space extending one's domicile so that objects may be carried outside the home and relying on the services of the so called Shabbos Goy among others Dundes respectfully analyzes such facets of Jewish characteristics as an undue concern with purity and a long established tradition of indulging in nit picking and argumentation The resultant picture of Jewish character is drawn from an unusual mixture of religious written texts and oral tradition jokes and proverbs The sources range from ancient Israel to works from the twenty first century In many ways it is an authentic and striking Jewish self portrait that is painted for the very first time in this fascinating volume
