## **Isilon Onefs Administrator Guide:**

Solaris 8 Administrator's Guide Paul A. Watters, 2002-01-22 Solaris 8 Administrator's Guide covers all aspects of deploying Solaris as a network server including both basic and advanced network services. The book shows many examples of configuration files and third party software installations and delves more deeply into difficult conceptual material than do the Solaris reference manuals. **Inside Active Directory** Sakari Kouti, Mika Seitsonen, 2002 Inequality in Education Comparative and International Perspectives is a compilation of conceptual chapters and national case studies that includes a series of methods for measuring education inequalities. The book provides up to date scholarly research on global trends in the distribution of formal schooling in national populations. It also offers a strategic comparative and international education policy statement on recent shifts in education inequality and new approaches to explore, develop and improve comparative education and policy research globally. Contributing authors examine how education as a process interacts with government finance policy to form patterns of access to education services. In addition to case perspectives from 18 countries across six geographic regions, the volume includes six conceptual chapters on topics that influence education inequality such as gender, disability, language and economics, and a summary chapter that presents new evidence on the pernicious consequences of inequality in the distribution of education. The book offers 1. a better and more holistic understanding of ways to measure education inequalities and 2. strategies for facing the challenge of inequality in education in the processes of policy formation, planning and implementation at the local, regional, national and global levels. *Solaris System Administrator's Guide* Janice Winsor, 1997 Introducing Solaris system administrator's Using basic OS commands Administering devices Administering file systems Administering network services Administering printing Administering user accounts and groups Understanding shells Administering systems Recognizing file access problems Major differences SunOS 4.x versus SunOS 5.x operating systems Solaris Operating Environment System Administrator's Guide Janice Winsor, 2003 Solaris Operating Environment System Administrator's Guide Fourth Edition by Janice Winsor The definitive quick answer resource for every Solaris 9 sysadmin Fully updated Covers Solaris 9 new Flash Install and Live Upgrade installation features Secure Shell network commands and much more Administering users devices systems networks and printing Maximizing efficiency productivity and system availability Fast solutions for every Solaris 9 system administration challenge direct from Sun Solaris Operating Environment System Administrator's Guide Fourth Edition is the definitive quick start tutorial for every new Solaris system administrator and the ideal fast access reference for every Solaris administrator regardless of experience Fully updated to reflect Solaris 9's newest features and management tools it covers day to day administration tools and demonstrates how to maximize efficiency, reliability and availability in any Solaris environment Coverage includes all this and much more NEW Secure Shell network commands NEW Flash Install and Live Upgrade installation features NEW Allocate deallocate list devices commands `cd` `rw` `rm` `format` `ssh` commands and more Basic administration superuser status boot processes monitoring
