D'Costa,Faydra Shapiro,H. B. Pierbattista Pizzaballa,2022-02-18 After Vatican II the Roman Catholic Church began a process of stripping away anti Jewish sentiments within its theological culture One question that has arisen and received very scant attention regards the theological significance of the founding of the state of Israel in 1948 and the attendant nakba the plight of the Palestinian people Some American evangelical Christians have developed a theology around the state of Israel associating themselves with Zionism Some Christian groups have developed a theology around the suffering of the Palestinian people and demand resistance to Zionism This unique collection of essays from leading Catholic theologians from the United States Germany France Italy Switzerland England and the Middle East reflect on the theological status of the land of Israel These essays represent an exhaustive range of views None avoid the new Catholic theology regarding the Jewish people Some contributors see this as leading towards a positive theological affirmation of the state of Israel while distancing themselves from Christian Zionists All contributors are committed to rights of the Palestinian people Some affirm the need for strong diplomatic and political support for Israel along with equal support for Palestinians arguing that this is as far as the Church can go Others argue that the Church s emerging theology represents the guilt conscience of Europe at the cost of

the Palestinian people None deny the right of Jews to live in the land Two Jewish scholars respond to the essays creating an atmosphere of genuine interfaith dialogue which serves Catholics to think further through these issues **Nigeria** Anne Rosenberg, Anne Rosenberrg, 2001 Nigeria's tropical forests lagoons swamps and grassy lands of the Savannah are featured in this book along with text on the African nation's weather farming industry exotic wildlife and how the endangered rainforests are being protected Full color photos and illustrations *Indigenous Land Rights in Israel* Morad Elsana, 2020-11-29 Introducing the Negev Bedouin land issue from the international indigenous land rights perspective this comparative study suggests options for the recognition of their land The book demonstrates that the Bedouin land dispossession like many indigenous peoples progressed through several phases that included eviction and displacement legislation and judicial decisions that support acts of dispossession and deny the Bedouin's traditional land rights Examining the Mawat legal doctrine on which the State and the Court rely on to deny Bedouin land rights this volume introduces the relevant international law protecting indigenous land rights and shows how the limitations of this law prevent any meaningful protection of Bedouin land rights In the second part of the work the Aborigines land in Australia is introduced as an example of indigenous peoples successful struggle for their traditional land rights The final chapter analyzes the basic elements of judicial recognition of the land and shows that the basic elements needed for Bedouin land recognition exist in the Israeli legal system Proposing practical recommendations for the recognition of Bedouin land this volume is a key resource to scholars and students interested in land rights international law comparative studies and the Middle East **Canadian Books in Print 2002** Marian Butler, 2002-02 **We Visit Israel** Laya Saul, 2011-09-15 For thousands of years great empires and armies fought to conquer a small portion of land Stories and ruins Roman glass and Byzantine stone are all that is left of them Then there are the Jews less than one percent of the world population Expelled 2 000 years ago by the Romans the Jews managed to survive persecution and threats of annihilation With the vision of Jerusalem in their hearts they rose from the ashes of the Holocaust They returned to the land of their fathers They made the desert bloom and changed the face of technology for the whole world Meet the people of Israel and explore their vibrant country *Zionism and Jewish Culture* Yitzhak Conforti, 2024-12-10 Zionism and Jewish Culture examines the history of Zionism from a new perspective arguing that Zionism was not only a political project but also a major cultural force in modern Jewish life To understand the growth of this movement and its success in establishing a modern Jewish state the book examines the cultural world of pre state Zionist activists offering an understanding of the basic ideological challenges they faced challenges that Israel is still grappling with today It asks how did the early Zionists define the relationship between Israel and Jewish tradition How did they envision the ideal balance between the Jewish people's welfare and the Land of Israel What was their view on Western versus Eastern principles in defining the state And what was their vision for the future of the Jewish state In exploring these topics this book enables a deeper understanding of the forces that continue to shape Zionism and Israel today **THE SECRETS OF THE**

Reimagining Israel and Palestine in Contemporary British and German Culture Isabelle Hesse, 2024-03-05 Isabelle Hesse identifies an important relational turn in British and German literature TV drama and film published and produced since the First Palestinian Intifada 1987 1993 This turn manifests itself on two levels one in representing Israeli and Palestinian histories and narratives as connected rather than separate and two by emphasising the links between the current situation in Israel and the Occupied Palestinian Territories and the roles that the United Kingdom and Germany have played historically

and continue to play in the region This relational turn constitutes a significant shift in representations of Israel and Palestine in British and German culture as these depictions move beyond an engagement with the Holocaust and Jewish suffering at the expense of Palestinian suffering and indicate a willingness to represent and acknowledge British and German involvement in Israeli and Palestinian politics This book offers new ways of thinking about how Israel and Palestine are imagined and reimagined as topics of cultural and political interest in two countries that have had complicated histories with both Israel and Palestine histories which are marked by each country s memories of the Holocaust and colonialism The Posen Library of Jewish Culture and Civilization, Volume 5 Posen Library of Jewish culture and civilization (Lucerne, Switzerland),2023-03-21 The fifth volume of the Posen Library demonstrates through a rich array of texts and images the extraordinary diversity of Jewish life during the early modern period A rich and varied gateway into the primary source material of early modern Jewish history that is very strong on geographical diversity A magnificent achievement Adam Sutcliffe King s College London The Posen Library of Jewish Culture and Civilization Volume 5 covering the early modern period 1500 1750 presents a variety of Jewish texts to demonstrate the diversity of Jewish culture and life These texts originate from Eastern and Western Europe the Americas the Ottoman Empire North Africa Kurdistan Persia Yemen India in short a worldwide diaspora They embrace historical writing and religious scholarship liturgical expression and economic records ethics and personal devotion correspondence and communal regulations art and music architecture and poetry The simultaneous centrifugal and centripetal character of Jewish communities during this era illustrates the distinctiveness of the early modern period in Jewish history and informs developments in world history at large Including texts written by women a robust collection of images and extensive material not previously accessible to English language readers this volume is rich deep and enlightening
