### **Issues For Today 4th Edition Reading For Today 3:**

The Scandal of Evangelicals and Homosexuality Mark Vasey-Saunders, 2016-03-09 English evangelicals give the appearance of being a community at war with each other and with the world around them The issue of homosexuality is one of the key battlegrounds How has this issue become so significant to evangelicals Why is it provoking such violent responses How is it changing evangelicals and what might this mean for the future This book examines the history of evangelical responses to the issue of homosexuality setting them in a wider historical and cultural context and drawing on the work of Rene Girard to argue that the issue of homosexuality has come to symbolise deeply held convictions within evangelicalism The conflict over the issue that is now becoming apparent within evangelicalism reveals deep divisions within the evangelical community that will have great significance for the future The Scandal of Evangelicals and Homosexuality offers an alternative perspective seeking not to present an answer to the ethical question but rather to examine the way the debate has become scandalised and consider the cost It offers a window into contemporary English evangelicalism and provides an important contribution to international and ecumenical debate

**One Child at a Time** Pat Johnson, 2023-10-10 Every elementary teacher deals with students who struggle as readers on a daily basis Each struggling child is complex and each has a unique history as a learner In One Child at a Time experienced literacy specialist and consultant Pat Johnson provides a framework she has used in numerous K 6 classrooms to help teachers understand and assist individual children The four step process outlined in the book enables teachers to focus carefully on specific strategies and behaviors analyze them with theoretical and practical lenses design targeted instruction in keeping with current research on reading process and then assess and refine the teaching in conferences with the child The framework is by no means an easy answer to a difficult problem but through its use teachers learn how the reading process works for proficient readers and how to support struggling readers as they construct their own reading process The text is packed with examples of actual conferences with students detailing how and when Pat and her colleagues intervene to instruct and assess The examples of follow up assessment and analysis of struggling readers over days and weeks provide an indispensable model for teachers Pat shows how to use this framework successfully with a range of learners including young children English language learners and students in the upper elementary grades who are stalled in their literacy progress She builds upon her decades of work as a classroom teacher literacy specialist and consultant in schools with high poverty and diversity to demonstrate how this framework can be useful in any setting
