Mapping Travel Jordana Dym,2021-08-30 More often than not readers of travel narratives can expect to find at least one map if not several showing as English privateer William Dampier wrote the Course of the Voyage that is where the author traveler went and implicitly a sense of what was seen and experienced Dampier used a now common cartographic strategy to tell the story from beginning to end as well as around significant places on the way by marking the journey with a pricked line Despite the lines popularity and present ubiquity the complex intellectual and material process of considering travel as a continuum rather than as a series of stops along the way and of plotting a journey onto a map have attracted relatively little academic attention Drawing on a thousand years of European travel writing and map making Jordana Dym suggests that after centuries of text based itineraries and on the spot directions guiding travelers and constituting their reports maps in the fifteenth century emerged as tools for Europeans to support and report the results of land and sea travel Called in subsequent centuries route maps itinerary maps and travel maps often interchangeably what Dym defines as journey maps added lines of travel to show where travelers had been Sine their emergence most have taken one of two forms itinerary maps which connected stages as points with a line and route maps which tracked unbroken lines between endpoints In the seventeenth century the conventions of journey mapping were codified and increasingly incorporated into travel writing and other genres that

represented individual travel With each succeeding generation these linear journey maps have become increasingly common and complex responding to changes in forms of transportation such as air and motor car flight and print technology especially the advent of multi color printing This is their story **Picturing the Islamicate World** Nadja

Danilenko,2020-10-26 In Picturing the Islamicate World Nadja Danilenko explores the message of the first preserved maps from the Islamicate world Safeguarded in al I akhr s Book of Routes and Realms 10th century C E the world map and twenty regional maps complement the text to a reference book of the territories under Muslim rule Rather than shaping the Islamicate world according to political or religious concerns al I akhr chose a timeless design intended to outlast upheavals Considering the treatise was transmitted for almost a millennium al I akhr s strategy seems to have paid off By investigating the Persian and Ottoman translations and all extant manuscripts Nadja Danilenko unravels the manuscript tradition of al I akhr s work revealing who took an interest in it and why PopOut Maps - London PopOut Maps Staff,Popout
