Engendering Transformation Heike Kahlert,Sabine Schäfer,2011-12-09 Gender relations in post socialist countries Even more than 20 years after turning away from socialism Eastern European and Central Asian states are still characterized by the regime change in the fields of work politics and culture What are the effects and implications that this change has produced for gender relations in post socialist countries And what does this mean for the situation of women and men living there today In this context gender relations are especially interesting since gender equality was perceived as a political goal and moreover a given reality in socialism The articles in this volume show the changes as well as the stability of gender relations and power structures during the transformation process and in post socialist times They shed light on topics like labour market policies fertility political representation of women or male artists concerned with gender issues covering the geographical space from Hungary and Poland over Bulgaria and Romania to Ukraine and Uzbekistan Beyond that some of the descriptions and

analyses challenge understood certainties about how to create gender equality and about the women and men living in post soviet regions today
