share space with restored historic hotels and converted 19th century textile mills Maps Photos **The Complete Story of the Grail** Chrétien (de Troyes), 2015 The mysterious and haunting Grail makes its first appearance in literature in Chr tien de Troyes Perceval at the end of the twelfth century But Chr tien never finished his poem leaving an unresolved story and an incomplete picture of the Grail It was however far too attractive an idea to leave Not only did it inspire quite separate works his own unfinished poem was continued and finally completed by no fewer than four other writers The Complete Story of the Grail is the first ever translation of the whole of the rich and compelling body of tales contained in Chr tien s poem and its four Continuations which are finally attracting the scholarly attention they deserve Besides Chr tien s original text there are the anonymous First Continuation translated here in its fullest version the Second Continuation attributed to Wauchier de Denain and the intriguing Third and Fourth Continuations probably written simultaneously with no knowledge of each other s work by Manessier and Gerbert de Montreuil Two other poets were drawn to create preludes explaining the background to Chr tien s story and translated here also are their works The Elucidation Prologue and Bliocadran Only in this The Story of the Grail s complete form can the reader appreciate the narrative skill and invention of the medieval poets and their surprising responses to Chr tien s theme not least their crucial focus on the knight as a crusader Equally Chr tien s original poem was almost always copied in conjunction with one or more of the Continuations so this translation represents how most medieval readers would have encountered it Nigel Bryant s previous translations from Medieval French include Perlesvaus the High Book of the Grail Robert de Boron s trilogy Merlin and the Grail the Medieval Romance of Alexander The True Chronicles of Jean le Bel and Perceforest *The Insiders' Guide to Charlotte* Bea Quirk, Robin Smith, M. Van Hecke, Van Hecke Smith, 1991-11 *Images of the Past* Jana Esther Fries, Doris Gutmiedl-Schumann, Jo Zalea Matias, Ulrike Rambuscheck, 2017 Pictures are an essential feature of archaeological discourse The way they are used and their unconsciously made assertions demonstrate important things about ourselves our theories our methods and the way we think They subtly convey our convictions and view of the world especially with regards to gender issues The papers united in this volume highlight the relationship between words and images thinking and showing knowledge and assumptions scholarly thinking and popular images in archaeology They cover two main issues pictorial representations of archaeology in academic and popular media and pictures in museums The authors examine the use of gender in academic publications TV documentaries video games non fiction books for children and adolescents and in archaeological museums in Spain and Germany The volume is the result of two sessions of gender study in archaeology Images of the Past Gender and its Representations during the 20th Annual Meeting of the European Association of Archaeologists in September 2014 in Istanbul and Gender in Museums the symposium of the Nordwestdeutscher Verband für Altertumskunde Northwest German Association for Antiquarian Studies in September 2013 in Lbeck This book includes articles in English and in German **German Imperial Knights** Richard J. Ninness, 2020-12-01 The German imperial knights were branded disobedient

criminal or treasonous but instead of finding themselves on the wrong side of history they resisted marginalization and adapted through a combination of conservative and progressive strategies The knights tried to turn the elite world on its head through their constant challenges to the princes in the realms of both culture and governance They held their own chivalric tournaments from 1479 1487 and defied the emperor and powerful princes in refusing to obey laws that violated custom But their resistance led to a series of disasters in the 1520s their leaders were hunted down and their castles destroyed Having failed on their own they turned to Emperor Charles V in the 1540s and the imperial knighthood was formed This new status stabilized their position and provided them with important rights including the choice between Lutheranism and Catholicism During the Reformation era 1517 1648 no other German group embraced diversity in religion like the imperial knights Despite the popularity of Protestantism in the group they stood up to their princely adversaries now Protestant becoming champions of the Catholic Church and proved themselves just as staunch defenders of the Church as the Habsburg and Wittelsbach dynasties

[Making the Medieval Relevant](#) Chris Jones, Conor Kostick, Klaus Oschema, 2019-12-02 When scholars discuss the medieval past the temptation is to become immersed there to deepen our appreciation of the nuances of the medieval sources through debate about their meaning But the past informs the present in a myriad of ways and medievalists can and should use their research to address the concerns and interests of contemporary society This volume presents a number of carefully commissioned essays that demonstrate the fertility and originality of recent work in Medieval Studies Above all they have been selected for relevance Most contributors are in the earlier stages of their careers and their approaches clearly reflect how interdisciplinary methodologies applied to Medieval Studies have potential repercussions and value far beyond the boundaries of the Middle Ages These chapters are powerful demonstrations of the value of medieval research to our own times both in terms of providing answers to some of the specific questions facing humanity today and in terms of much broader considerations Taken together the research presented here also provides readers with confidence in the fact that Medieval Studies cannot be neglected without a great loss to the understanding of what it means to be human
