Christian Beginnings Revisited William Mennie, 2008-11-21 Although none of the author editors of the four canonical gospels walked with Jesus embedded clues point to written source materials emanating from disciples who did particularly the found Gospel of Thomas the lost Gospel of Q1 and an inferred lost Gospel of Early John While used and changed radically by the later evangelists especially Mark and John embedded source elements permit a surprising new reconstruction of the life of Jesus After his crucifixion by the Romans three divergent streams of belief represented by Judas Thomas the Twin James brother of Jesus and Paul of Tarsus progressed and collided culminating in the scriptural ascendancy of the Pauline viewpoint following the Roman Jewish War For more information and a detailed summary of the book visit www.christianbeginningsrevisited.com

Following Christ and Confucius Christopher Payk, 2024-03-15 The first full length critical biography and theological analysis of Wang Mingdao the spiritual father of China s House Church Movement One of the most influential figures in Chinese Christianity church leader and evangelist Wang Mingdao rejected state control of religion in favor of the religious freedom of the unregistered House Churches a choice that made him a frequent target of government persecution In this thorough new biography scholar Christopher Payk traces Wang s life and Christian development through the sociopolitical tumult of twentieth century China Drawing on unpublished sermons journals and additional sources in English and Chinese Payk argues persuasively that Wang s theology while largely based on Christian scripture was shaped by Confucian tradition reason and personal experience *Following Christ and Confucius* brings new clarity to Wang s uncompromising faith and lasting impact

The Christology of John Macquarrie Vernon L. Purdy, 2009 The Christology of John Macquarrie comprehensively scrutinizes the life and writings of Scottish born systematic theologian and philosopher John Macquarrie 1919 2007 in an attempt to comprehend and evaluate his Christology The author examines the people e g Heidegger Schleiermacher the philosophical and theological positions and the writings that formed Macquarrie s thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie s theology especially his Christology The book also discusses Macquarrie s evaluation and criticisms of the Christology of other theologians e g Kierkegaard Moltmann Pannenberg and others concluding that Macquarrie s understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo Catholicism This idea furthers the argument that Macquarrie s reluctance to accept traditional incarnational categories suggests that his Christology is a modern form of

Adoptionism The Cambridge Companion to Joseph Ratzinger Daniel Cardó, Uwe Michael Lang, 2023-12-21 Among the most important modern Catholic thinkers Joseph Ratzinger later Pope Benedict XVI fundamentally shaped Christian theology in the 20th and early 21st centuries His collaborations and debates with figures such as Henri de Lubac Karl Rahner Jean Daniélou Hans Küng Hans Urs von Balthasar and Jürgen Habermas reflect the key role he has played in the development of Christian life and doctrine The Cambridge Companion to Joseph Ratzinger conveys the depth and breadth of his significant legacy to contemporary Catholic theology and culture With contributions from an international team of scholars the volume assesses Ratzinger's theological synthesis in response to contemporary challenges that Christianity faces It surveys the major themes and topics that Ratzinger explored and highlights aspects of the ideas that he developed in his engagement with a wide variety of intellectual and religious currents Collectively the essays in this volume demonstrate how Ratzinger's epochal contributions to Christian thought will reverberate for generations to come **The Historical Christ** Fred. C. Conybeare, This little volume was written in the spring of the year 1913 and is intended as a plea for moderation and good sense in dealing with the writings of early Christianity just as my earlier volumes entitled *Myth Magic and Morals* and *A History of New Testament Criticism* were pleas for the free use in regard to the origins of that religion of those methods of historical research to which we have learned to subject all records of the past It provides a middle way between traditionalism on the one hand and absurdity on the other and as doing so will certainly be resented by the partisans of each form of excess The comparative method achieved its first great triumph in the field of Indo-European philology its second in that of mythology and folk lore It is desirable to allow to it its full rights in the matter of Christian origins But we must be doubly careful in this new and almost unworked region to use it with the same scrupulous care for evidence with the same absence of prejudice and economy of hypothesis to which it owes its conquests in other fields The untrained explorers whom I here criticize discover on almost every page connections in their subject matter where there are and can be none and as regularly miss connections where they exist Parallelisms and analogies of rite conduct and belief between religious systems and cults are often due to other causes than actual contact inter communication and borrowing They may be no more than sporadic and independent manifestations of a common humanity It is not enough therefore for one agent or institution or belief merely to remind us of another Before we assert literary or traditional connection between similar elements in story and myth we must satisfy ourselves that such communication was possible The tale of Sancho Panza and his visions of a happy isle over which he shall hold sway when his romantic lord and master Don Quixote has overcome with his good sword the world and all its evil reminds us of the naïf demand of the sons of Zebedee to be allowed to sit on the right hand and the left of their Lord so soon as he is glorified With equal simplicity Jesus promises that in the day of the regeneration of Israel when the Son of Man takes his seat on his throne of glory Peter and his companions shall also take their seats on twelve thrones to judge the twelve tribes of Israel The projected *mise en scène* is exactly that of a Persian great king with his magnates on their several

cushions of state around him There is again a close analogy psychologically between Dante s devout adoration of Beatrice in heaven and Paul s of the risen Jesus These two parallels are closer than most that Mr Robertson discovers between Christian story and Pagan myth yet no one in his senses would ever suggest that Cervantes drew his inspiration from the Gospels or Dante from the Pauline Epistles In criticizing the Gospels it is all the more necessary to proceed cautiously because the obscurantists are incessantly on the watch for solecisms or howlers as a schoolboy would call them and only too anxious to point to them as of the essence of all free criticism of Christian literature and history *Living Word* 2021-2022 Jesse Bezan,Andrew Mountin,Jena Thurow-Mountin,2021-02-03 **The Gospel of John** Charles C. Comey,2024-06-07 This book is a devotional translation from the Greek text of the Gospel of John appearing in Barbara Aland et al s The Greek New Testament 5th rev ed 2014 Throughout Charles Comey s journey with cancer he found comfort strength and inspiration from being able to return to John s Gospel each day and read devotionally in the original Greek and Hebrew while preparing this translation The author hopes this book will serve as a reference for fellow Christians seekers of the truth and fellow travelers on life s long and sometimes lonely road British Paperbacks in Print ,1985 *Christ and Theology* Scott Stine,2025-02-17 Tracing the relationship between Christ centered biblical theology and the so called Great Tradition this book seeks to remedy often self diagnosed weaknesses in evangelical gospel centered hermeneutics Meeting charges first that redemptive historical approaches to Scripture tend to de theologize the Bible and second that theological approaches tend to de historicize the Bible Scott Stine appropriates Calvin s famous spectacles metaphor to propose a hermeneutical method that orients the Scripture reader both upward theologically and forward redemptive historically The outcome is a unique approach called typological realism emphasizing that God reveals his good purposes along a typological trajectory inviting believers to participate in the journey This book does not seek to offer anything new to Christian interpretation of Scripture but to join together features from oft used approaches that not only fit together thematically but also remedy reductive tendencies The goal is to help those listening to Scripture as God s shepherding voice to hear the fullness of his revelation the purposeful process that culminates in the Beatific Vision **Continent** ,1923 *The Spectator* ,1914 A weekly review of politics literature theology and art
