Knowledge Of The Gods:

The Knowledge of the Gods Amun The God of Peace and Love, 2015-01-26 Is Humanity Ready for the Passage into the Golden Age From Material Masonry to Spiritual Masonry The Knowledge of the Gods describes the spiritual growth of a woman who managed to awaken as a result of the hardships she experienced in her life Because of her experiences she decided to make a sacrifice to sacrifice herself for the benefit of the people around her as well as for the benefit of humanity Her willingness to make the sacrifice came from her aspiration to see all the people of the world live in peace love and harmony Because of her belief that sacrifice can assist in the fulfillment of her aspirations she turned to God and asked him to accept her sacrifice She asked to give up her life for the benefit of others Not long after that the author of this book developed the ability to conduct channeling Gradually the level of her spiritual guides rose according to the level of knowledge and spiritual awareness she accumulated Her continued sacrifice and progression in knowledge caused the angels and higher gods to connect with her The high gods of light began to offer her their knowledge They wanted to assist her in achieving her spiritual destiny Through her they wished to pass on their knowledge and science The gods asked her to write a book and through that book to offer their knowledge to all the people of Earth With the aid of channeling a connection was established with the gods of light from the Egyptian era especially with the Gods Amun Ra and Michael who reached the spiritual level of the creator thanks to their knowledge The high gods of light as you will read in the book passed their knowledge and information during numerous channeling sessions through journeys and fascinating experiences from different eras of life on Earth and other planets Meetings were held in all those places with people who had lived in various eras Those people and the gods themselves passed on their information through personal stories taken from their own lives The God Amun taught about the masonry and architecture of his time as well as about how the universe itself is constructed Also he explained what needs to be done in order to change current material masonry into spiritual masonry The God Amun taught the knowledge of masonry with the aid of diagrams symbols numeric calculations and more during many different journeys

 Larson,2016-03-10 *Understanding Greek Religion* is one of the first attempts to fully examine any religion from a cognitivist
 perspective applying methods and findings from the cognitive science of religion to the ancient Greek world In this book
 Jennifer Larson shows that many of the fundamentals of Greek religion such as anthropomorphic gods divinatory procedures
 purity beliefs reciprocity and sympathetic magic arise naturally as by products of normal human cognition Drawing on
 evidence from across the ancient Greek world Larson provides detailed coverage of Greek theology and local pantheons
 rituals including processions animal sacrifice and choral dance and afterlife beliefs as they were expressed through hero
 worship and mystery cults Eighteen in depth essays illustrate the theoretical discussion with primary sources and include
 case studies of key cult inscriptions from Kyrene Kos and Miletos This volume features maps tables and over twenty images
 to support and expand on the text and will provide conceptual tools for understanding the actions and beliefs that constitute
 a religion Additionally Larson offers the first detailed discussion of cognition and memory in the transmission of Greek
 religious beliefs and rituals as well as a glossary of terms and a bibliographical essay on the cognitive science of religion
Understanding Greek Religion is an essential resource for both undergraduate and postgraduate students of Greek culture
 and ancient Mediterranean religions *Understanding the Existence of God* John S. Weekes,Dr John S Weekes,2010-06
Understanding the Existence of God is the third in the trilogy of *Understanding* books by Dr John Weekes The first in the
 series was *Understanding the Doctrine of the Trinity* 1998 followed by *Understanding Forgiveness* 2002 With the *Existence*
 of God the trilogy is complete and it is the hope that these three books will do much to shed light on the often dark corridors
 of doubt controversy and misunderstanding with regard to God s Existence The Trinity is one of those areas of theology
 which has driven deep and lasting division within the heart of the body of Christ It is a field that defies enlightenment save by
 those in whose heart and over whose understanding the Holy Spirit reigns for the things of the Spirit must be spiritually
 discerned Forgiveness on the other hand is at the very heart of pure religion since it is that which illuminates Christians as
 truly the children of God In *Understanding the existence of God* the author has drawn on many reservoirs and lifted water
 from many streams but the ultimate authority for his thesis is God s infallible word The method used is in essence adversarial
 and critical written in a simple everyday matter of fact common sense style In so far as the case for God has been put it is
 submitted that it has been established with absolute certainty supported not only by words spoken with the very breath of
 God Himself but by a cloud of impeccable and unimpeachable witnesses
