XIXe siècle: A-Z. 1805-76 Pierre Larousse,1866 *Dalvey 7* Patrick Bingham-Hall,Ko Shiou Hee,2020-08 It is by no
coincidence that another collaborative project is spear headed by K2LD Having organized a group of five architects to
venture into China in 2004 and successfully master planned and completed the Lien Villa Collective at Holland Park
Singapore in 2009 Ko Shiou Hee was asked to look at a similar concept for the Dalvey Estate property and to select and lead
a group of architects in the making a unique architecture expression and yet functional outcome suitable for contemporary
living and fit for rental It was learning from Games Theory that Ko Sheou Hee succeeded in persuading his clients to adopt
this sharing strategy both in the Lien Collective and the Dalvey Seven group The selected architects must all adhere to the
rules of the game and work on the same fees and briefs All have to consider each other s placements and planning to
maximize the benefit for all parties as a whole and eventually benefit the client As architects each firm and their practicing
architects has been educated to work with social economic and environmental sensitivity The world that architects operate in
is driven by developers and stakeholders who maximize their gain through development strategies but leave little chance to
be true to the architectural profession It is perhaps even more pressing for architects to address this issue of true
collaborative spirit in this increasingly distortive egocentric world Through this Dalvey 7 project there is hope in the idea
outlined in Game theory to perpetuate and flourish in our profession to encourage sharing and collaboration Perhaps more
form of Joint venture in various scales like big firm small firm local firm foreign firm developer architect venture design built
