Is Jesus Coming Soon A Catholic Perspective On The Second Coming:

Is Jesus Coming Soon? Ralph Martin, 1997 Is Jesus Coming Soon provides a Catholic perspective on a subject generating increasing interest in today's world. Based on Catholic scriptural and theological studies, Martin's work is nonetheless easily accessible to all. **Apocalyptic Fever** Richard G. Kyle, 2012-08-01 How will the world end? Domsday ideas in Western history have been both persistent and adaptable, peaking at various times including in modern America. Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event. The views expressed in these polls have been reinforced by the market process. Whether through purchasing paperbacks or watching television programs, millions of Americans have expressed an interest in end-time events. Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world. Why do Americans love doomsday? In **Apocalyptic Fever**, Richard Kyle attempts to answer this question, showing how dispensational premillennialism has been the driving force behind doomsday ideas. Yet while several chapters are devoted to this topic, this book covers much more. It surveys end-time views in modern America from a wide range of perspectives: dispensationalism, Catholicism, science, fringe religions, the occult, fiction, the year 2000, Islam, politics, the Mayan calendar, and more. **The Oxford Handbook of Eschatology** Jerry L. Walls, Professor of Philosophy of Religion, Asbury Theological Seminary, 2007-10-31 Eschatology is the study of the last things: death, judgment, the afterlife, and the end of the world. Through centuries of Christian thought, from the early Church fathers through the Middle Ages and the Reformation, these issues were of the utmost importance. In other religions too, eschatological concerns were central. After the Enlightenment, though, many religious thinkers began to downplay the importance of eschatology, which in light of rationalism came to be seen as something of an embarrassment. The twentieth century, however, saw the rise of phenomena that placed eschatology back at the forefront of religious thought. From the rapid expansion of fundamentalist forms of Christianity with their focus on the end times to the proliferation of apocalyptic new religious movements to the recent and very public debates about suicide, martyrdom, and paradise in Islam, interest in eschatology is once again on the rise. In addition to its popular resurgence in recent years, some of the world's most important theologians have returned eschatology to its former position of prominence. **The Oxford Handbook of Eschatology** will provide an important critical survey of this diverse body of thought and practice from a variety of perspectives: biblical, historical, theological, philosophical, and cultural. This volume will be the primary resource for students, scholars, and others interested in questions of our ultimate existence. **Introducing Christian Theologies II** Victor I. Ezigbo, 2016-08-25 Should Christianity's theological face remain largely European and North American in the twenty-first century in the wake of the expansion of Christianity in sub-Saharan Africa, Asia, and Latin America? The question about the theological face of Christianity cannot be ignored. For too long, African, Asian, and Latin American theologians have been left out of mainstream theological discussions. Few standard textbooks on Christian theology acknowledge the unique contributions theologians

from these continents have made to global Christianity **Introducing Christian Theologies Voices from Global Christian Communities** is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with the voices of Christian communities from around the globe **Introducing Christian Theologies** explores the works of key theologians from across the globe highlighting their unique contributions to Christian theology and doctrine **The Book of Revelation** Susan Fournier Mathews, 2009 A user friendly guide to reading and understanding the last and enigmatic book of the New Testament ideally suited for parish adult bible study groups and college level inquiry

Introducing Christian Theologies, Volume Two Victor I. Ezigbo, 2015-12-31 Should Christianity's theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa Asia and Latin America The question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity **Introducing Christian Theologies Voices from Global Christian Communities** is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with voices of Christian communities from across the globe **Introducing Christian Theologies** explores the works of key theologians from around the world highlighting their unique contributions to Christian theology and doctrine **The Fulfillment of All Desire** Ralph Martin, 2006 Winner Honorable Mention from the Catholic Press Association Ralph Martin drawing upon the teaching of seven acknowledged Spiritual Doctors of the Church presents an indepth study of the journey to God This book provides encouragement and direction for the pilgrim who desires to know love and serve our Lord Whether the reader is beginning the spiritual journey or has been traveling the road for many years he will find a treasure of wisdom in **The Fulfillment of All Desire** It is destined to be a modern classic on the spiritual life **An Environmental Ethic for the End of the World** Scott C. Powell, 2019-06-13 Is there a place for religious texts in today's global environmental conversation Some have claimed over the centuries that the Bible has given humans license to devastate the world of nature Can those same texts be a source of ecological healing This book investigates Romans 8 19 22 Paul's enigmatic passage about creation groaning out in travail which comes at the conclusion of his long Christological discourse His inclusion of nature in the Christ event is both unprecedented and has baffled scholars for centuries Could Genesis provide the explanation Four relationships shape the creation stories Prior to the fall of Adam and Eve human beings are said to live in harmony with God with themselves with one another and with the world of nature As humans disobey God each of these relationships unravels climaxing with the cursing of nature itself Is this paradigm in the background of Paul's Christology Read this way Paul's midrash on the story of creation in light of the Christ event provides deep insight into the biblical role of humans and their instrumentality in bringing both harm and healing to the world of nature New Covenant , 1997 Catholicism &

Orthodox Christianity Stephen F. Brown, Khaled Anatolios, 2009 Catholicism and Orthodox Christianity Third Edition traces Catholicism and Orthodox Christianity from their roots in early Christian churches to the way these religions are observed today. Recounted here is the historical passage of the Catholic and Orthodox faiths from the original teachings of Jesus Christ to the early separation of the Eastern and Western Churches to recent attempts at reconciliation. The central doctrines of Catholicism and Orthodox Christianity are explored as background to such current issues as the child abuse scandals of the Roman Catholic Church in the United States and the many tensions over abortion and gay marriage that exist in American society. The philosophy of Pope Benedict XVI, ecumenism and interreligious dialogue and the role of lay communities are also highlighted. Coverage includes the origins, history, beliefs and practices of Catholicism and Orthodox Christianity. Doctrinal disagreements between the Catholic and Orthodox Christian churches and the dialogue between the two churches. Catholic and Orthodox communities in the United States, challenges facing Catholicism and Orthodox Christianity including ecumenism and interreligious dialogue, lay movements, poverty and social activism, issues surrounding the churches' views on homosexuality and abortion, the declining number of priests and abuse scandals, and Pope Benedict XVI. *End-time Prophecies of the Bible* David Haggith, 1999 For the first time in one volume *End Time Prophecies of the Bible* collects all of the passages pertaining to the end times. Arranged topically by their apparent chronology, the prophecies are presented in historic context, inspiring a renewed appreciation for the human and spiritual dramas that unfold throughout the Scriptures. BOOK JACKET Title Summary field provided by Blackwell North America Inc. All Rights Reserved **Encyclopedia of Fundamentalism: Volume 3 of Religion & Society** Brenda Brasher, 2001-10-19 The Encyclopedia of Fundamentalism is the third volume of the acclaimed Religion Society series. The Encyclopedia of Fundamentalism follows a broad definition of fundamentalism and covers fundamentalism across time and place, although the emphasis remains on its primary manifestation, Protestant fundamentalism in the United States. It draws upon the work of historians, sociologists, religious scholars, anthropologists, political scientists and others. **Companion On The Journey** Joseph A. Slattery, 2011 Daniel / Revelation for Beginners Mike Mazzalongo, 2014-03-12 This series explains in simple terms the relationship between these two books of the Bible. Each book will be reviewed to better understand the meaning of the symbolic language used in both and the message that the writers were communicating to their readers as well as a modern application for today's Christian. *The End Is Not Yet* John W. de Gruchy, Ashley John Moyse, 2017-10-15 The title of this book comes from Matthew's gospel: "You will hear of wars and rumors of wars; see that you are not alarmed for this must take place, but the end is not yet." 24:6-8 This locates *The End Is Not Yet* within popular religious rhetoric about the end time and more sophisticated theological discourse on eschatology or Christian hope for a better world premised on faith in God. But is such faith still justified? And if so, how are we to describe and embody it in the life of the world? Leaves of Healing, 1928 **The Catholic Church and the World Religions** Gavin D'Costa, 2011-04-28 There is no single standard textbook that outlines the official Roman Catholic
