grandson of Mahatma Gandhi provides a deeply insightful and comprehensive picture of the community in the subcontinent today **Hindutva** Narendra Mohan,2022-04-25 Hindutva is such a geo cultural concept that has respect place and feeling of coexistence for everybody This synchronicity oriented cultural consciousness has made it quite liberal tolerant and flexible The situation deteriorated when cultures of external invaders taking advantage of the liberality of this overtolerant culture and started cutting very roots of the same Too much permissiveness of Hindutva was treated as their cowardice and every possible effort was made to destroy all its basic elements Even today various kinds of conspiracies are being hatched with similar aim Forbearance has turned the supporters and followers of Hindutva i e Indianness indifferent impotent and fatalistic The common good oriented philosophy of self righteousness did not imply that on the level of this world and behaviour we forget our duty towards ourselves and not be alert to self defence The policy of abandonment in the face of invaders has nothing to do with the philosophy and principle of coexistence and tolerance Every time Hindutva failed to fight the invading enemies they had to not only suffer humiliation but also live under their subjugation Hindutva is so devoted to pursuit of truth that it does not compromise on any account For Hindutva existence of this world is not the real truth rather it is an illusion in other words whatever is there in reality is a form of an eternal and true non dual Brahman From this book

philosophy religious thought and political theory Dallmayr neither accepts the clash of cultures dichotomy nor denies the reality of cultural tensions Instead operating from the standpoint of philosophical hermeneutics he embraces cultural difference as a necessary condition and opportunity for mutual cross cultural dialogue and learning In part 1 Relationality and Difference Dallmayr explores the emergence of diverse loyalties and attachments in different social and cultural contexts The assumption is not that different commitments are necessarily synchronized or naturally compatible but rather that they are held together precisely by their difference and potential antagonism Part 2 Engagement through Dialogue and Interaction dwells on the major means of mediating between the alternatives of radical separation and radical sameness dialogue and hermeneutical interpretation of understanding In this respect the emphasis shifts to leading philosophers of dialogue such as Hans Georg Gadamer Bernhard Waldenfels and Maurice Merleau Ponty In a world where the absolutizing of the ego encourages selfish egotism that can lead to aggressive warmongering Horizons of Difference shows how the categories of difference and relationality can be used to build a genuine and peaceful democracy based on dialogue and interaction instead of radical autonomy and elitism
