Islam (Collins Need to Know?) Ruqaiyyah Waris Maqsood, 2012-11-22 Understand the religion behind the headlines
Why Ask Questions About Islam?: Answers Christians Need to Understand Gordon Kainer, 2016-07-11 Across the world Islam appears in eye catching headlines We may be aware of what is happening but often we don't understand why Most Christians have unanswered questions about Islam don't we Do Muslims and Christians worship the same God Does it matter whether one is a Muslim or a Christian How does Islam view love sin salvation and forgiveness Is a Muslim's view of Jesus different than a Christian's What does Bible prophecy say about Islam How best should a Christian witness to a Muslim This book answers over 100 questions Christians ask about Islam and in so doing reveals Islam's greatest need a saving faith in the gospel of Jesus Christ It is the author's hope that this book provides you with a highly informative perspective as Islam is thoughtfully studied and evaluated within the framework of a biblical worldview **Islam** Robert Crotty, Terence Lovat, 2016-06-30 Terrorism is the threat of the age or so we are told and inevitably associated with it is the word Islam The notion of the Muslim terrorist has become a colloquialism in Western media Interestingly in all the history books about the Second World War the phrase Christian fascist is rarely seen in spite of the fact that skewed Christian theologies were used liberally by the Nazis to further their hatred This points to a blind spot in Western understanding about the ways in which religious and non religious ideology can be mutilated to serve hateful ends We think we see it in Islam but we can't see it in ourselves This book is dedicated to uncovering the many understandings of Islam we lack and the many misunderstandings we need to overcome **Islamic Cultures, Islamic Contexts** Asad Q. Withdrawing Under Fire Joshua L. Gleis, 2011-04-30 The post 9 11 world has witnessed a rebirth of irregular and asymmetrical warfare which in turn has led to an increase in conflicts between conventional armies and non state armed groups In their haste to respond to the threat from insurgencies nations often fail to plan effectively not only for combat operations but also for withdrawal which is inevitable win or lose In order to answer the question of how to withdraw from engagement with an insurgency Gleis examines how insurgencies are conducted and what if anything is unique about an Islamist insurgency He then proposes ways to combat these groups successfully and to disentangle one s military forces from the war once strategic objectives have been met or once it is clear that they cannot be Because this type of warfare is dynamic and ever changing this book is not meant to suggest a set of cookie cutter solutions for how to withdraw from insurgencies Rather the author analyzes six counterinsurgency operations that have taken place in the past with the intention of gleaning from them as many lessons as possible to better prepare for future withdrawals The literature on how wars end has failed to explore irregular warfare This much needed reexamination serves as an indispensable starting point

Turning Point Humera T. Ahsanullah, 2013-01-16 It is the desire in a person that

makes one seek the truth And it is the silent whispers of the heart that stirs those desires to take the courageous path Like the whispers of my heart to have my independent thinking to examine everything Like the yearning in me to find out why I exist and what really is the concept of God This led me to embark on my journey of discovery I was ready to take on the challenge Like me every one of us desires to know the answers to the meaning of their lives and beliefs Few gather the courage to walk this road Fear of what they might discover at the Turning Point of the road grips them fear of losing the comfort zone they possess shatters them and fear of being alone in the end terrifies them So they shun their desire for truth and subdue their courage for questioning and challenging What Turning Point has to offer is only for those who are ready to meet their fears take the challenge and find the answers If our Creator is the truth our puny challenges and questions can do no harm to its existence Are you ready

Religion and Broken Solidarities Atalia Omer,Joshua Lupo,2022-12-15 The contributors to this original volume provide a new and nuanced approach to studying how discourses of religion shape public domains in sites of political contestation and broken solidarities Our public discourse is saturated with intractable debates about religion race gender and nationalism Examples range from Muslim women and headscarves to Palestine Israel and to global anti Black racism along with other pertinent issues We need fresh thinking to navigate the questions that these debates raise for social justice and solidarity across lines of difference In Religion and Broken Solidarities the contributors provide powerful reflections and wisdom to guide how we can approach these questions with deep ethical commitments intersectional sensibilities and intellectual rigor Religion and Broken Solidarities traces the role of religious discourse in unrealized moments of solidarity between marginalized groups who ostensibly share similar aims Religion the contributors contend cannot be separated from national racial gendered and other ways of belonging These modes of belonging make it difficult for different minoritized groups to see how their struggles might benefit from engagement with one another The four chapters which interpret historical and contemporary events with a sharp and critical lens examine accusations of antisemitism and anti Muslim racism in the Women s March in Washington DC the failure of feminists in Iran and Turkey to realize a common cause because of nationalist discourse concerning religiosity and secularity Black Catholics seeking to overcome the problems of modernity in the West and the disjunction between the Palestinian and Mizrahi cause in Palestine Israel Together these analyses show that overcoming constraints to solidarity requires alternative imaginaries to that of the modern nation state Contributors Atalia Omer Joshua Lupo Perin E Grel Julianne Hammer Ruth Carmi Brenna Moore and Melani McAlister
