**The Greatness of God** Charles Frank Thompson, 2016-02-08 With each passing day our world seems to drift further and further away from the God of the Bible divine creation and Christian belief This societal shift toward postmodernism and secularism is not a new development however the expanding and intensifying revolt against the biblical God and Christianity traces its roots back to the modern philosophies of the Enlightenment and Romanticism which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism The Greatness of God How God Is the Foundation of All Reality Truth Love Goodness Beauty and Purpose stands as an intellectual counterweight to the prevailing winds of a secular postmodern world Author Charles Frank Thompson argues that the consequences of this rejection of God and divine creation have not been benign He traces the modern revolution in detail and describes its deleterious consequences including the loss of the ultimate basis for universal truth knowledge meaning and purpose In The Greatness of God Thompson explores a wide range of topics including Christian theology metaphysical philosophy and an analysis of modern thought and art He examines the rich history of Christian poetry prose and art and takes a look at recent scientific discoveries that help us understand Christian teachings about God s creation He concludes with an exploration of the millennium the eternal kingdom of God and the spiritual state of America and Europe today

100 Years of Middle East Conflict - Honorable Peace Gottfried

Hutter,2019-02-23 Only mutual compassion can bring reconciliation and lasting peace to the Middle East This conflict is about far more than just land The honor of Muslims was grossly violated when Israel was implanted next to one of the holiest sites of Islam al Haram ash Sharif in Jerusalem which in turn occupies the site of the former Jewish Temple For thirteen hundred years Jews had been able to live mostly in peace in the Muslim world because they subordinated themselves under the rule of Islam They could even attain high positions serving Caliphs With a State of their own this was no longer an option Under such changed conditions how could there be an honorable peace Only if Muslims recollect Surat 5 48 in the holy Koran which commands a competition in virtue among the religions of the book Jews can contribute by showing awareness of how shocking their sudden takeover of part of the land must have felt for the community of all Muslims and concurrently by pleading for understanding of the deadly threat that left Jewish survivors no choice when in 1947 the UN declared the partition of Palestine Even more important the very name Israel itself sprang up in the solution of an archetypal biblical conflict between brothers one pregnant with meaning for today Christians too have their share They must contribute by helping restore one of the most fundamental values of all three religions descending from Abraham namely peace *Keys to the Apocalypse* F. T. Chisholm,2007-06 He s no genius F T Chisholm insists in the opening chapter of this book yet in 1987 after hearing his pastor warn that God was taking the American economy and stock market for a dive before it actually happened he thought he heard echoes in Bible prophecy Planes had been falling out of the sky and the shuttle disaster had recently occurred Were America s wings being plucked Daniel s prophecy seemed to say so In four years his analysis was dramatically born out in the cooperation of the US and former Soviet Union a venture we are still completing today He maintains that the principle key to unlocking Bible prophecy is never found in great overbearing complexity but in a simple willingness to acknowledge what God is saying to us The reader will find that this is indeed the focus of his book being able to make simple use of prophetic keys Not only is that original eagle s wings interpretation found here but another gold mine as well unveiled in what he calls the 31 2 clocks a powerful link to Daniel s seventy weeks prophecy centering around the return of the nation of Israel to her land These clocks then open the way to a serious warning given by Jesus in His parable of the ten virgins Open this book prayerfully as you discover the danger and hope past midnight when making use of these keys to the apocalypse Chisholm and his wife live in upstate New York where he continues research and writing prayerfully exposing critical keys to America s destiny with their consequence in current fads and trends The time has come to share these vital truths with the body of Christ at large There is not a moment to lose **Effective Discipling in Muslim Communities** Don Little,2015-07-14 Muslims who come to Christ face momentous spiritual psychological and social obstacles that drive many to abandon their faith Missiologist Don Little draws on New Testament principles historical practices and interviews with seasoned disciplers ministering in Muslim countries to effectively disciple believers from Muslim backgrounds **In the Name of Education** Jonas E. Alexis,2007 Alexis convincingly examines the crisis in

education from a Christian perspective Social Issues     Antichrist Joel Richardson,2006 A highly acclaimed and fascinating examination of Islamic and biblical end time prophecies Discover the startling similarities between the biblical Antichrist and Islam s Messiah figure known as Imam al Mahdi A must read for anyone interested in Islam Bible prophecy or the underlying spiritual factors behind many of today s current events     Fundamentalism in the Modern World Vol 2 Ulrika Martensson,Jennifer Bailey,Priscilla Ringrose,Asbjorn Dyrendal,2011-06-30 How does religious fundamentalism operate in modern global society This two volume series analyses the dynamics of fundamentalism and its relationship to the modern state the public sphere and globalisation This second volume explores the links between fundamentalism and communication the rise of fundamentalism as a mass media phenomenon fundamentalist communication in the public sphere national cultural identities and the rise of a global society Expert scholars in the field address specific contemporary and past fundamentalist movements that have emerged from within mainstream Islam Christianity Baha ism Hinduism Judaism and Buddhism This is an important study of an increasingly significant and virulent aspect of modern society and will be essential reading in the fields of Religion Politics Communications and Media Studies     *Journey Into the Mind of an Islamic Terrorist* Mark A. Gabriel,2005 Raised as a devout Muslim but holding a Ph D in Christian education Gabriel uses his unique background to share real life stories of Christians living in Muslim countries lists the top ten terrorists explains the value of religious education for Muslim children and discusses why the history of Islam has been a bloodbath     *The Pro-Israel Lobby in Europe* Elvira King,2016-03-02 The activities of pro Israel pressure groups and lobbyists in the US are well known But the pro Israel lobby in Europe is less prominent in both academic and media accounts In a unique account Elvira King identifies the pro Israeli groups which attempt to influence policy makers and implementers in the EU specifically examining Christian Zionist groups Through a detailed study of the European Coalition for Israel ECI the only Christian Zionist lobby in Brussels Elvira King analyses whether and how a religious group can and can fail to influence decision makers in the EU By exploring the context of European relations with Israel as well as the mechanisms through which pressure groups are able to influence EU wide policies King offers an analysis which demonstrates how the EU can be a site where religion and politics meet rather than just being a secular institution It therefore contains vital primary research for both those interested in the pro Israel lobby as well as those examining the role of religion in politics more generally     Two Nations Under God Tom Doyle,2008-08-01 Why should you care about Israel With the war in Iraq possible engagement in Iran and an imminent presidential election U S foreign policy in the Middle East and the issue of solidarity with Israel remain important In *Two Nations Under God* American missionary Tom Doyle presents even greater reasons why the U S should show concern for Israel Part one *Why Should America Care* is a biblical and historical primer on Israel with fascinating insights into connections between American and Middle East culture Part two *Sorting Out the Middle East Maze* presents more facts about Islam and the spiritual roots behind the Middle East conflicts Part three *Maximizing the Moment* is a call to action and

prayer for the American church regarding the future of Israel Best of all readers will learn throughout that despite the headlines there is plenty of good news coming from the Middle East Doyle reports on the increasing number of Muslims converting to Christianity profiles local disciples and church planters and provides helpful timelines comparison charts photographs and more to keep every detail concerning Israel in perspective Endorsements Chaos Carnage Confusion For many that's the modern Middle East But Tom Doyle gets it Better yet he can really explain it With a pastor's heart he clearly and concisely describes why God loves the Jews of Israel and her Muslim neighbors and why we should too What's more Tom reveals how powerfully God is moving in the modern Middle East and how we can join Him Two Nations under God is a must read fascinating insightful and deeply thought provoking Get one for yourself and another for your pastor Joel C Rosenberg New York Times best selling author of Epicenter Why the Current Rumbblings in the Middle East Will Change Your Future

*The Coming Oil Storm* Ron Rhodes, 2010-07-01 Ron Rhodes a leading scholar on biblical prophecy reveals how looming tensions over oil factor into end time global alignments and how they may lead to a dramatic shift in the balance of power in the world Much of the world's oil is in the custody of unstable and sometimes hostile regimes Nations around the world are positioning themselves to protect their shrinking piece of the pie of dwindling oil reserves Global tensions continue to rise In *The Coming Oil Storm* Rhodes documents the role of Islam as the religion in control of most of the world's oil reserves and shows convincingly that once Muslims are in possession of the two swords of oil and nuclear weapons they will feel empowered to act as they wish Oil could even play a role in the path to Armageddon *The Coming Oil Storm* is an essential guide for understanding the state of the world today and what's yet to come
