Isaïc da Costa

Isral Anders Dan Elders:

Israel en de volken Isaïc da Costa,1873 *Library of Congress Catalogs* Library of Congress,1976 **Matthew within Judaism** Anders Runesson,Daniel M. Gurtner,2020-07-17 In this collection of essays leading New Testament scholars reassess the reciprocal relationship between Matthew and Second Temple Judaism Some contributions focus on the relationship of the Matthean Jesus to torah temple and synagogue while others explore theological issues of Jewish and gentile ethnicity and universalism within and behind the text Library of Congress Catalog Library of Congress,1970 A cumulative list of works represented by Library of Congress printed cards **Maanblad voor leer en leven des jodendoms** ,1911 **Swedish Dissertations and Their Subjects, 1600-1820 (Volume Two)** Mattias Kärrholm,2024-09-09 This book challenges previous notions of early modern dissertations as unimaginative academic exercises It argues for their continuous importance in the scholarly and scientific discourse and describes the richness and diversity of their subjects and themes The book contains a complete catalogue of the almost twenty thousand Swedish dissertations defended in Uppsala Lund and bo between 1600 and 1820 The catalogue includes longer comments about and descriptions of a few thousand of these dissertations and also provides an analysis of how different subjects have evolved over time **Bedreiging of verrijking?** ,1992 Twaalf artikelen over het joods christelijke gesprek in Engeland Nederland Duitsland Hongarije en Isra l **Kernmomenten-Der Antieke Beschaving En Haar Moderne Beleving** Boricus Antonius van Proosdij,1947 Kernmomenten der antieke beschaving en haar moderne beleving Proosdij,2024-09-09 **Nederlandsch letterkundig nieuwsblad** ,1971 Divine Wrath and Salvation in Matthew Anders Runesson,2016-10-01 Judgment and the wrath of God are prominent themes in Matthew s Gospel Because judgment is announced not only on the hypocritical but also on those who reject God s messengers and because this rejection is implicitly connected with the destruction of Jerusalem the Gospel has often been read in terms of God s rejection of Israel with catastrophic results Anders Runesson sets out to show through careful study of Matthew s composition and comparison with contemporary Jewish literature that the theme of divine judgment plays very different and distinct roles regarding diverse groups of Jews including Jesus disciples and non Jews in this Gospel Runesson examines various assumptions regarding the criteria of judgment in each case and finds that Matthew does not support some of the most popular slogans in Christian theology The results and implications for our historical understanding of Christian origins and our theological estimation of Matthew s place in that story will be of vital interest to scholars and students for years to come **Bijbelstudiën** W G Brill,2024-08-05 Gereformeerde dogmatiek. Derde deel Herman Bavinck,2023-07-10 In Gereformeerde dogmatiek Derde deel presenteert Herman Bavinck een diepgaande en systematische verkenning van de christelijke theologie vanuit een gereformeerd perspectief Dit deel richt zich voornamelijk op de specifieke onderwerpen binnen de dogmatiek zoals de leer van de verlossing de rol van de Heilige Geest en de ecclesiologie Bavinck s literaire stijl is zowel toegankelijk als intellectueel

uitdagend met een heldere structuur en grondige argumentatie die het volledige spectrum van gereformeerd denken omvat Zijn werk kan worden geplaatst binnen de bredere context van de moderne theologie aan het begin van de 20e eeuw waarin de discussie over dogma en geloof centraal stond in zowel protestantse als katholieke kringen Herman Bavinck 1854 1921 was een invloedrijke Nederlandse theoloog en een belangrijk figuur binnen de gereformeerde traditie Zijn scholing aan de Universiteit van Amsterdam en zijn tijd in verschillende kerken hebben bijgedragen aan zijn diepgaande kennis van de Bijbel en theologische vragen Bavinck's inzet voor een systematische benadering van de theologie was een antwoord op de opkomende moderniteit en de uitdagingen die deze met zich meebracht voor het traditionele geloof Zijn state of the art denken belicht zowel de continuïteit als de ontwikkeling binnen het gereformeerd theologisch denken Dit boek is een essentiële aanwinst voor elke geïnteresseerde in de gereformeerde theologie en is van bijzonder belang voor studenten en onderzoekers Bavinck's werk biedt niet alleen een duidelijke uiteenzetting van dogmatische kwesties maar ook een uitnodiging om de moderne implicaties van deze traditie te overdenken Lezers zullen de combinatie van historische diepgang en actuele relevantie waarderen wat dit werk tot een onmisbaar referentiekader in de studie van de theologie maakt

Holman Old Testament Commentary - 1, 2

Samuel Stephen J. Andrews,Robert D. Bergen,2009-06-01 No other reference series gets to the heart of the Old Testament as efficiently as the Holman Old Testament Commentary When a reader's time allows the series offers a detailed interpretation based on the popular New International Version text When time is short it delivers an essential understanding of the Old Testament with unsurpassed clarity and convenience 1 2 Samuel is the final volume in the 32 book Old and New Testament series and insightfully magnifies the grace of God that is greater than all our sin through the story of David who despite his failings would become a man after God's own heart and the model for all future kings **Personal Agency at**

the Swedish Age of Greatness 1560-1720 Petri Karonen,Marko Hakanen,2017-12-08 Internationally the case of early modern Sweden is noteworthy because the state building process transformed a locally dispersed and sparsely populated area into a strongly centralized absolute monarchy and European empire at the beginning of the 17th century This anthology provides fresh insights into the state building process in Sweden During this transitional period many far reaching administrative reforms were carried out and the Swedish state developed into a prime example of the early modern powerstate The contributors approach Sweden's rise to greatness from the point of view of personal agency In early modern studies agency has long remained in the shadow of the study of structures and institutions This novel approach enables us to expose the difficulties setbacks and false steps that the administration had to deal with State building was a more diversified

and personalized process than has previously been assumed Numerous individuals were also crucially important actors in the process and that development itself was not straightforward progression at the macro level but was intertwined with lower level actors Each chapter in this volume employs partially different methods depending on the source material and subject This means that both qualitative and quantitative material is combined different ways of making sense of it i e research traditions are brought together and a multi method design is used in analyzing source material One of the central methods is the systematic use of previous biographical research We want to give the individuals and their actions under discussion a background that reflects the contemporary structures of individual life cycles With the existing biographical research it is possible to create a comprehensive set of data that provides the general outlines of individual lives or the career tracks of various estates or social groups and even to construct collective biographies of certain groups
