around climbers Krakauer skillfully avoids getting too wrapped up in technical terms and esoteric knowledge his narrative voice is well developed He has an elegant writing style that carries the reader like a raft floating along a deep river A skilled wordsmith he likes long and sometimes complex sentences yet he puts them together so skillfully you rarely lose the point What makes the stories so accessible to climbers and non climbers alike is Krakauers ability to place the human element at the front and center of each tale

MEET THE AUTHOR Anita Tsuchiya is el presidente y peon of Sabaku Inc a marketing services company that provides writing editing research analysis and consulting for a diverse assortment of clientele The loves of her life are split into two seasons during the fall winter she pursues a degree in Japanese language and spends spring summer joyfully immersed in the sights sounds and smells of minor league baseball A retired speed freak and super jock her current life is moderately active She grew up in the Bay Area of California and her almae matres include San Leandro High and U C Davis In fact she remembers what San Jose looked like before Silicon Valley Now happily settled in Salt Lake City Utah she shares her home with a pair of mixed mutt bundles of canine goodness named Molly and Linus

EXCERPT FROM THE BOOK Krakauers strength as a writer lies in his ability to personalize the many characters who populate the sport of climbing He gives us folks we can relate to on a human scale even if we dont quite understand their odd fixation with danger Thanks to his skillful portraiture it doesnt take long to start wondering whatever happened to those outrageous Burgess twins Has Richard Fisher come out of hiding from the gullies of Arizona Did Adrian the Romanian finally make it to the top of Mt McKinley and more importantly did he make it back down in one piece The Burgess boys managed to survive their youthful indulgences They even wrote a book about their adventures climbing and otherwise And theyve lost none of their cheekiness as they point out in the acknowledgement We especially thank those who held regular jobs so that civilization as we know it didnt fall apart while we went climbing Buy a copy to keep reading

On Mount Hood Jon Bell, 2011-05-03 *On Mount Hood* is a contemporary first person narrative biography of Oregon's greatest mountain featuring stories full of adventure and tragedy, history and geology, people and places, trivia and lore. The mountain itself helps create the notorious Oregon rains and deep alpine snows and paved the way for snowboarding in the mid 1980s. Its forests provide some of the purest drinking water in the world and its snowy peak captures the attention of the nation almost every time it wreaks fatal havoc on climbers seeking the summit. *On Mount Hood* builds a compelling story of a legendary mountain and its impact on the people who live in its shadow and includes interviews with a forest activist, a volcanologist and a para rescue jumper. Jon Bell has been writing from his home base in Oregon since the late 1990s. His work has appeared in *Backpacker*, *The Oregonian*, *The Rowing News*, *Oregon Coast* and many other publications. He lives in Lake Oswego, OR.

Out There The Editors of *Outside Magazine*, 2018-04-01 Longtime readers have come to understand that *Outside*'s true gift is in chronicling misadventure. That's the common thread among the stories found in *Out There*: those memorable tales that begin with the promise that even if no one's life is necessarily hanging in the balance, something may go horribly awry at any moment and that documenting this misfortune will inevitably yield rich comedic material or a surprisingly poignant moment. Or sometimes both. *Out There* chronicles fringe athletes, fitness freaks and others obsessed by ill-advised dreams. It takes us to far-flung places no sane person would want to go. What ties this collection together are the incredible voices of legendary *Outside* contributors such as David Quammen, Tim Cahill, Susan Orlean, Wells Tower, Christopher Solomon, Patrick Symmes, Taffy Brodesser-Akner, Nick Paumgarten and many others who turn their subjects into literary gold and have helped to keep *Outside* in business for more than forty years.

Alone on the Wall Alex Honnold, 2018-10-02 Including two new chapters on Alex Honnold's free solo ascent of the iconic 3,000 foot El Capitan in Yosemite National Park. On June 3rd, 2017, Alex Honnold became the first person to free solo Yosemite's El Capitan, to scale the wall without rope, a partner or any protective gear, completing what was described as the greatest feat of pure rock climbing in the history of the sport. *National Geographic* and one of the great athletic feats of any kind ever. *New York Times*: Already one of the most famous adventure athletes in the world, Honnold has now been hailed as the greatest climber of all time. *Vertical magazine*: *Alone on the Wall* recounts the most astonishing achievements of Honnold's extraordinary life and career, brimming with lessons on living fearlessly, taking risks and maintaining focus even in the face of extreme danger. Now Honnold tells for the first time, and in his own words, the story of his 3 hours and 56 minutes on the sheer face of El Cap, which *Outside* called the moon landing of free soloing, a generation-defining climb. Bad ass and beyond words, one of the pinnacle sporting moments of all time.
