Reading Still Matters Catherine Sheldrick Ross, Lynne (E.F.) McKechnie, Paulette M.

Rothbauer, 2018-03-01. Drawing on scholarly research findings, this book presents a cogent case that librarians can use to work towards prioritization of reading in libraries and in schools. Reading is more important than it has ever been. Recent research on reading, such as PEW reports and Scholastic's Kids and Family Reading Report, proves that fact. This new edition of *Reading Matters* provides powerful evidence that can be used to justify the establishment, maintenance and growth of pleasure reading collections, both fiction and nonfiction, and of readers advisory services. The authors assert that reading should be woven into the majority of library activities: reference collection building, provision of leisure materials, readers advisory services, storytelling and story time programs, adult literacy programs and more. This edition also addresses emergent areas of interest such as e-reading, e-writing and e-publishing, multiple literacies, visual texts, the ascendancy of young adult fiction and fan fiction. A new chapter addresses special communities of YA readers. The book will help library administrators and personnel convey the importance of reading to grant funding agencies, stakeholders and the public at large. LIS faculty who wish to establish and maintain courses in readers advisory will find it of particular interest.
