Rulers, Religion, and Riches Jared Rubin, 2017-02-16 For centuries following the spread of Islam the Middle East was far ahead of Europe Yet the modern economy was born in Europe Why was it not born in the Middle East In this book Jared Rubin examines the role that Islam played in this reversal of fortunes It argues that the religion itself is not to blame the importance of religious legitimacy in Middle Eastern politics was the primary culprit Muslim religious authorities were given an important seat at the political bargaining table which they used to block important advancements such as the printing press and lending at interest In Europe however the Church played a weaker role in legitimizing rule especially where Protestantism spread indeed the Reformation was successful due to the spread of printing which was blocked in the Middle East It was precisely in those Protestant nations especially England and the Dutch Republic where the modern economy was born

Following Foucault Howard Richards, 2018-02-28 This book e offers prospective readers the opportunity to assess the respective merits of a poststructuralist archaeological genealogical approach Foucault's and that of a neo pragmatist hyper Popperian problem solving critical realist Howard Richards who values the fact that Foucault was sensitive to the need to defend and empower subjugated knowledges e Bert Olivier University of the Free State

Ludwig Wittgenstein: The later Wittgenstein : from Philosophical investigations to On certainty Stuart Shanker, David Kilfoyle, 2002 Wittgenstein scholarship has continued to grow at a pace few could have anticipated a testament both to the fertility of his thought and to the thriving state of contemporary philosophy In response to this ever growing interest in the field we are delighted to announce the publication of a second series of critical assessments on Wittgenstein emphasising both the breadth and depth of contemporary Wittgenstein research As well as papers on the nature and method of Wittgenstein's philosophy this second

collection also relates to a broader range of topics including psychology politics art music and culture Forms of Life and Following Rules D.K. Barry, 2021-12-06 This study defends a version of epistemological relativism taking as its point of departure some key arguments from the later work of Ludwig Wittgenstein especially those concerning rule following and forms of life An opposition is established between the dominant form of epistemological realism that which relies upon truth conditions and theories in which knowledge and truth are fundamentally dependent upon context It is argued in Part One that Wittgenstein proves the necessity for a contextual understanding of knowledge Part Two develops a clearer idea of that context using Thomas Kuhn s concept of paradigm It is argued that this concept has been largely misunderstood even by Kuhn but that it can be developed to be remarkably consistent with Wittgenstein s arguments All those philosophers historians sociologists and others who wish finally to understand the complex issues involved in debates about epistemological relativism will find this book invaluable
