Keep Your Gear Running Electronics For Musicians:

Assistant Engineer Handbook Sarah Jones, 2010-05-18 Sarah Jones presents a comprehensive guide to being an effective and creative assistant studio engineer. However, this book is unique. Rather than offering pages and pages of technical jargon, Jones discusses ways to approach the industry itself, including how to network and achieve the best internship. Knowing exactly what will be required of you and what to expect from your role. The standards of knowledge and technical education you may require. Pragmatic ways to approach difficult sessions. Preparing for interviews. Effective strategies and career management. The book is packed with useful contacts, organisations, and support. A host of interviews and anecdotes from established industry figures offer help and advice, giving you the best opportunity to beat the competition and land the engineering job you deserve.

From Score to Screen: Sequencers, Scores, & Second Thoughts the New Film Scoring Process Sonny Kompanek, 2011-08-01 Scoring for film has changed dramatically over the past 20 years. With the advent of MIDI sequencers and low cost recording gear, just about any composer anywhere can score a film. Well known composer Sonny Kompanek teaches this new film scoring process at the prestigious New York University, and now he shares his secrets with the pages of *From Score to Screen*. Learn about the cast of professionals you'll work with as a film composer. Find out how to meet people in the business network and create a promotional demo. Learn how to compose themes and battle writers' block. And know how to make a director happy with your work. With this book, you'll gain practical knowledge that you can put into action immediately. This is the only book that discusses the new film scoring process which utilises the latest technology.

Keep Your Gear Running Patrick L. McKeen, 2004 When a musician wants to sit down and play, it's incredibly frustrating to find an intermittent guitar cable, a blown speaker, a bum microphone, or fried headphones. This book explains electronics to musicians, deejays, and sound engineers in an easy-to-understand way.

Electronic Musician, 2001
Make Music with Pro Tools Avid Technology, 2023-08-07 *Make Music with Pro Tools* introduces users to the power of Pro Tools software and marks the first steps toward developing core skills in audio production. The book covers the basic principles you'll need to complete a Pro Tools project from initial setup to final output, and it is designed for those who are new to professional audio production as well as for experienced users who are unfamiliar with Pro Tools software. This book is laid out to mirror the creative process of audio production from set up to the recording process, editing, and mixing, and then creating the final files. Interspersed within each chapter are short hands-on tutorial exercises which give users a chance to explore the concepts and techniques being discussed and hear the results. For those interested in gaining official Avid certification, this book is also a valuable introduction for further learning and through the Avid Learning Series curriculum.
