Keith Richards: The Unauthorised Biography Victor Bockris, 2013-01-18 Victor Bockris's much admired biography of Keith Richards has been constantly revised since its original publication now with an additional 12 000 words for a new edition of the Omnibus Press paperback that brings the story up to the present day First published in eight countries in 1992 at that time Keith Richards had stood in the shadow of Mick Jagger for thirty years Then as a result of Victor Bockris biography Richards was put in the spotlight and emerged as the power behind the throne the creator the backbone and the soul of the Rolling Stones Here are the true facts behind Richards battles with his demons the women the drugs and the love hate relationship with Jagger His struggle with heroin and his status as the rock star most likely to die in the 1970s His scarcely believable rebirth as a family man in the 1980s Illuminated with revealing quotes and thoughtful insights into the man behind the band that goes on forever [The Encyclopedia of Popular Music](#) Colin Larkin, 2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day [Keith Richards](#) Victor Bockris, 2003-06-19 In 1992 Victor Bockris's celebrated biography was the first to recognize Richards's pivotal role in the Stones legend Now that book on rock's most incredible survivor has been expanded to accommodate ten more years of his storied life **The Stone Age** Lesley-Ann Jones, 2022-08-02 An acclaimed rock and roll journalist evokes the legacy of The Rolling Stones iconic granitic commercially unstoppable as a collective and fascinating contradictory and occasionally disturbing as individuals As Lesley Ann Jones writes the Rolling Stones are still roaming the globe like rusty tanks without a war to go to Jumping jacking flashing posturing these septuagenarian caricatures with faces that might have been microwaved but coming on like eternal thirty year olds On 12th July 1962 the Rolling Stones performed their first ever gig at London's Marquee jazz club Down the line a gig was added a spark was lit and their destiny was sealed No going back These five white British kids set out to play the music of black America They honed a style that bled bluesy undertones into dark insinuations of women sex and drugs Denounced as corruptors of youth and messengers of the devil they created some of the most thrilling music ever recorded Now their sound and attitude seem louder and more influential than ever Elvis is dead and the Beatles are over but Jagger and Richards bestride the world The Stones may be gathering moss but on they roll Yet how did the ultimate anti establishment misfits become the global brand we know today Who were the casualties and what are the forgotten legacies Can the artist ever be truly divisible from the art Lesley Ann Jones's new history tracks this contradictory disturbing granitic and unstoppable band through hope glory and exile into the juggernaut years and beyond into rock's ongoing reckoning where the Stones seem more at odds than ever with the values and heritage against which they have always rebelled Good bad and often ugly here are the Rolling Stones as never seen before *Spacemen 3 And The Birth Of Spiritualized* Erik Morse, 2009-12-15 Spacemen 3 are the greatest rock band of which you've never heard This briefly surveys the backgrounds of songwriters Pete Dinklage and Jason Pierce during their childhood years

and adolescent collaborations from which would forge cult icons Spacemen 3 It recounts the highs and lows of a backwater band whose history is littered with excess heroin addiction and ambition Author Erik Morse also paints a history of the British indie rock scene of the mid 80s from its post punk roots to the earliest days of acid house and Spacemen 3 s role in reinventing psychedelia for a new generation including bands like The Jesus and Mary Chain Primal Scream and My Bloody Valentine Includes interviews from several major players in and around Spacemen 3 who recount the now legendary concerts road tours and behind the scenes myths surrounding the recording of the underground classics Perfect Prescription and Playing with Fire It uncovers the yet untold stories of greed and ambition that came from business impresarios to major labels and the inevitable collapse of the band at the end of the 80s Morse looks at the earliest days of offspring bands Spectrum and Spiritualized founded by Kember and Pierce following the dissolution of Spacemen 3 Contains discography of Spacemen 3 as well as early releases from Spectrum and Spiritualized as well as rare bootlegs and live recordings 50
