Colorado Dunbar Hardy,2009-05-19 Paddling Colorado describes thirty four trips in a remarkable variety of settings from downtown Denver to the remote canyons of the Dolores River **Paddling Southern Wisconsin** Mike Svob,2012-01-26

Paddling Southern Wisconsin will guide you down some of the state s most alluring rivers immersing you in its shifting landscape and infinite beauty Slow Travel and Tourism Janet Dickinson,Les Lumsdon,2010-09-23 It is widely recognized that travel and tourism can have a high environmental impact and make a major contribution to climate change It is therefore vital that ways to reduce these impacts are developed and implemented Slow travel provides such a concept drawing on ideas from the slow food movement with a concern for locality ecology and quality of life The aim of this book is to define slow travel and to discuss how some underlining values are likely to pervade new forms of sustainable development It also aims to provide insights into the travel experience these are explored in several chapters which bring new knowledge about sustainable transport tourism from across the world In order to do this the book explores the concept of slow travel and sets out its core ingredients comparing it with related frameworks such as low carbon tourism and sustainable tourism development The authors explain slow travel as holiday travel where air and car transport is rejected in favour of more environmentally benign forms of overland transport which generally take much longer and become incorporated as part of the holiday experience The book critically examines the key trends in tourism transport and recent climate change debates setting out the main issues facing tourism planners It reviews the potential for new consumption patterns as well as current business models that facilitate hyper mobility This provides a cutting edge critique of the upstream drivers to unsustainable tourism Finally the authors illustrate their approach through a series of case studies from around the world featuring travel by train bus cycling and walking Examples are drawn from Europe Asia Australia and the Americas Cases include the

Eurostar train as an alternative to air travel walking in the Appalachian Trail US the Euro Velo network of long distance cycling routes canoe tours on the Gudena River in Denmark sea kayaking in British Columbia Canada and the Oz Bus Europe to Australia

We Love Nature! Stacy Tornio, Ken Keffer, 2024-10-08 Share in the discovery of nature with your child and preserve his or her sense of wonder in this keepsake journal filled with activities and ideas for children ages two to eight As simple as stargazing as challenging as a wilderness hike as wild as a snowy sled ride as creative as making a nature collage discover and rediscover nature with these 52 family activities A child's discovery of the outdoors is filled with awe wonder and delight In this interactive journal parents and kids have opportunities to spark curiosity about nature and are given space to record their discoveries Part keepsake journal part activity book *We Love Nature* offers a year's worth of fresh fun ways to explore nature that lead to profound memories Lay back look up and invent stories from the shapes in the clouds Play in the mud until you're covered head to toe Sing campfire songs and put on a show by the fire Dance in the rain Predict the weather and then track your accuracy Discover the night sky with an astronomy calendar Hang up a birdhouse to see which birds you attract to nest

Ski, 1977
