Brown, 2009-08-04 The Prophetic Tradition The Challenge of Islam is an enlightening set of lectures given by Norman O Brown during the 1980s exploring a wide ranging array of topics concerning Islam Brown reveals the overlooked relationship between Islam and early Christianity exploring Islam s relation to and revision of the Christian tradition the literary innovation of the Qu ran the nature of revolutionary and political Islam and the vision of a world civilization Throughout these lectures which are remarkably pertinent today Brown seeks to educate the reader on misunderstood areas of Islam including

the split between the Sunni and Shi'ite sects and Islam's exemplification of the broad themes of art and imagination in human life. The author's world historical perspective of religion and tradition gives readers a crucial alternative to the divisive clash of civilizations view that paints Islam as at odds with the West. He exposes the unifying strands between Islam and early Judeo-Christian doctrine showing that Islam is in fact a genuine part of Western tradition and more importantly part of a global tradition that embraces us all.

The Quran, Epic and Apocalypse Todd Lawson, 2017-10-05 How do people understand the Quran to be divine revelation? What is it about the text that inspires such devotion and commitment in the reader/believer? Grounding his approach in the universal power of story and myth, he embarks upon a fascinating inquiry into the unique power of one of the most loved, widely read and recited books in the world.

Cultures of Eschatology Veronika Wieser, Vincent Eltschinger, Johann Heiss, 2020-07-20 In all religions in the medieval West as in the East, ideas about the past, the present and the future were shaped by expectations related to the End. The volumes *Cultures of Eschatology* explore the many ways apocalyptic thought and visions of the end intersected with the development of pre-modern religious/political communities with social changes and with the emergence of new intellectual and literary traditions. The two volumes present a wide variety of case studies from the early Christian communities of Antiquity through the times of the Islamic invasion and the Crusades and up to modern receptions from the Latin West to the Byzantine Empire from South Yemen to the Hidden Lands of Tibetan Buddhism. Examining apocalypticism, messianism and eschatology in medieval Christian, Islamic, Hindu and Buddhist communities, the contributions paint a multi-faceted picture of End-Time scenarios and provide their readers with a broad array of source material from different historical contexts. The first volume, *Empires and Scriptural Authorities*, examines the formation of literary and visual apocalyptic traditions and the role they played as vehicles for defining a community's religious and political enemies. The second volume, *Time, Death and Afterlife*, focuses on key topics of eschatology: death, judgment, afterlife and the perception of time and its end. It also analyses modern readings and interpretations of eschatological concepts.

The Revolutionary Guards in Iranian Politics Bayram Sinkaya, 2015-06-19 The Islamic Revolutionary Guards Corps IRGC has been dubbed the kingmaker in recent studies of Iranian politics precipitating heated debates surrounding the potential militarization of the Iranian regime and giving rise to paradoxical understandings of the IRGC whether as a military institution entering politics or a political institution with a military history Revolutionary Guards in Iranian Politics offers a way out of this paradox by showing that the IRGC is not a recently politicized institution but has instead been highly politicized since its inception It identifies the ways in which the IRGC relates to national political dynamics examines the factors contributing to this relationship and its implications on Iranian politics from the revolution up to the present day The book examines the three decades following the revolution uncovering the reasons behind the rise of the Revolutionary Guards and tracking the organization's evolving relationship with politics Establishing a theoretical framework from revolution and civil military relations theories this book provides new perspectives on the relationship between the IRGC and Iranian politics This book would be of interest to students and scholars of Middle East Studies and Iranian Studies in particular Iranian Politics

The Daēva Cult in the Gāthās Amir Ahmadi, 2015-04-10 Addressing the question of the origins of the Zoroastrian religion this book argues that the intransigent opposition to the cult of the da was the ancient Indo Iranian gods is the root of the development of the two central doctrines of Zoroastrianism cosmic dualism and eschatology fate of the soul after death and its passage to the other world The da va cult as it appears in the G th s the oldest part of the Zoroastrian sacred text the Avesta had eschatological pretensions The poet of the G th s condemns these as deception The book critically examines various theories put forward since the 19th century to account for the condemnation of the da vas It then turns to the relevant G thic passages and analyzes them in detail in order to give a picture of the cult and the reasons for its repudiation Finally it examines materials from other sources especially the Greek accounts of Iranian ritual lore mainly in the context of the mystery cults Classical Greek writers consistently associate the nocturnal ceremony of the magi with the mysteries as belonging to the same religious cultural category This shows that Iranian religious lore included a nocturnal rite that aimed at ensuring the soul's journey to the beyond and a desirable afterlife Challenging the prevalent scholarship of the Greek interpretation of Iranian religious lore and proposing a new analysis of the formation of the Hellenistic concept of magic this book is an important resource for students and scholars of History Religion and Iranian Studies

The Sih-Rozag in Zoroastrianism Enrico Raffaelli, 2014-01-10 Focusing on the Avestan and Pahlavi versions of the S h r zag a text worshipping Zoroastrian divine entities this book explores the spiritual principles and physical realities associated with them Introducing the book is an overview of the structural linguistic and historico religious elements of the Avestan S h r zag This overview as well as reconstructing its approximate chronology helps in understanding the original

ritual function of the text and its relationship to the other Avestan texts The book then studies the translation of the text in the Middle Persian language Pahlavi which was produced several centuries after its initial composition when Avestan was no longer understood by the majority of the Zoroastrian community Addressing the lacuna in literature examining an erstwhile neglected Zoroastrian text The Sih Rozag in Zoroastrianism includes a detailed commentary and an English translation of both the Avestan and Pahlavi version of the S h r zag and will be of interest to researchers and scholars of Iranian Studies Religion and History Literary Subterfuge and Contemporary Persian Fiction Mohammad Khorrami,2014-09-25 The main focus of Literary Subterfuge and Contemporary Persian Fiction is to identify components and elements which define Persian modernist fiction placing an emphasis on literary concepts and devices which provide the dynamics of the evolutionary trajectory of this modernism The question of who writes Iran refers to a contested area which goes beyond the discipline of literary criticism Non literary discourses have made every effort to impose their committed readings on literary texts they have even managed to exert influence on the process of literary creation In this process inevitably many works or segments of them and many concepts which do not lend themselves to such readings have been ignored at the same time many of them have been appropriated by these discourses Yet components and elements of Persian literary tradition have persistently engaged in this discursive confrontation mainly by insisting on literature s relative autonomy so that at least concepts such as conformity and subterfuge essential in terms of defining modern and modernist Persian fiction could be defined in a literary manner Proffering an alternative in terms of literary historiography this book supports a methodological approach that considers literary narratives which occur in the margins of dominant discourses and indeed promote non discursivity as the main writers of Persian modernist fiction It is an essential resource for scholars and researchers interested in Persian and comparative literature as well as Middle Eastern Studies more broadly **Iranian Music and Popular Entertainment** GJ Breyley,Sasan Fatemi,2015-11-19 The word motreb finds its roots in the Arabic verb taraba meaning to make happy Originally denoting all musicians in Iran motrebi came to be associated pejoratively with the cheerful vulgarity of the lowbrow entertainer In Iranian Music and Popular Entertainment GJ Breyley and Sasan Fatemi examine the historically overlooked motrebi milieu with its marginalized characters from luti to gardan koloft and mashti as well as the tenacity of motreb who continued their careers against all odds They then turn to losanjelesi the most pervasive form of Iranian popular music that developed as motrebi declined and related musical forms in Iran and its diasporic popular cultural centre Los Angeles For the first time in English the book makes available musical transcriptions analysis and lyrics that illustrate the complexities of this history As it presents the findings of the authors years of ethnographic work with the history s protagonists from senior motreb to pop rock stars the book reveals parallels between the decline of motrebi and the rise of modernity In the twentieth century the fate of Tehran s motrebi music was shaped by the social and urban polarization that ensued from the modern market economy and losanjelesi would be similarly affected by transnational relations revolution

war and migration Through its detailed and informed examination of Iranian popular music this study reveals much about the values and anxieties of Iranian society and is a valuable resource for students and scholars of Iranian society and history
